HOW FAR IS ALBANY

Not so far that the statements of its residents cannot be verified.

Rather an interesting case has been developed in Albany. Being so near by, it is well worth publishing here. The statement is sincere—the proof convincing:

T. A. Anderson, retired rancher, 342 E. Fourth St., Albany, Ore., says: "Doan's Kidney Pills have done me a lot of good and I am glad to recommend them. My kidneys were out of order and I had severe backache. When sharp pains across my kidneys. When I stooped a sharp catch in the small of my back bothered me and my kidneys did not act right. I used Doan's Kidney Pills for this trouble and they gave me relief by strengthening my kidneys and ridding me of the backaches."

A LETTER

Taft, Oregon,
Jan. 19, 1922

Lincoln Co. Leader,
Toledo, Oregon:—

A very queer thing it seems, that Taft Oregon can not undertake a thing but what Kernville, Oregon, does not get its little hammer out and go to knocking.

We have had a meeting at Taft in favor of a high school, along comes Kernville, now that we have gotten enthused about it, and wants a big school at their town, because some of the pupils on the river are obliged to come and go to school in boats—Kernville wishes all the pupils to do likewise.

What is wrong with the teachers on Lower Siletz? It is their place to be at school early enough to have a warm and comfortable building for the pupils to come into, in fact that is what they are paid for.

Now Kernville put your hammer away. Remember a knock is a boast.

HURRAH! For a high school at Taft.

Mrs. Bowser,
Taft, Oregon.

NEW MAP OUT

A folder map of Oregon has just been issued by the General Passenger Department, Southern Pacific Lines, Portland, Oregon.

It shows the rivers, mountains, highways, and principal railroads, including many logging roads.

It is of convenient size being folded to fit the pocket.

On the reverse side of the map is a general description of Oregon, its topography, climate and soil.

All the principal products and resources including particulars to irrigated State Lands, Homesteads, Water Power, and Highways are mentioned.

A considerable amount of statistical data is given, figures being compiled principally from the last census of the United States.

The purpose of this publication is to tell in a plain and straightforward way of the resources and opportunities in Oregon. Careful attention has been given to this, the figures and data being compiled from the most reliable sources of information.

Copies are to be had free on request to agents, and Representatives of Southern Pacific Lines.

UNEASY CONSCIENCE

"BOOST" S. P. FUND

Contributions to the "conscience fund" of the Southern Pacific Company ranging in amounts from 3 cents to \$75 during the period from 1917 to 1921, inclusive, amount to \$1,164.67.

The contributions come from both patrons and employees of the Company.

A Bakersfield, Calif., resident sent in \$15.30 to cover additional amount due the railroad as the result of his 13 year old boy riding from Fresno to Bakersfield on half fare tickets. An employee in Los Angeles refunded \$5.13 he received as a result of overcharges on expense account.

Three one cent stamps were received from a man who said he had contributed by a man who said he had thrown two barrel covers owned by the Company into the Marys River.

"When I was a boy," wrote a Klamath Falls, Ore., man, "I took a free ride from Galleto to Montague, Cal. I enclose 20 cents to cover the fare."

A number of men who had stolen rides on freight trains reimbursed the Company. Many contributors to the "conscience fund" said they were squaring their accounts with the Company because they had been converted through the efforts of religious workers.
