NUMBER 5

SILETZ

H. C. Seymour, state club leader lectured last Friday at the Grange Hall on the boys and girls club work. The teachers and pupils were out in a body and a good many of the citizens were present. The lecture was very interesting and was illustrated by stereopticon slides, showing what the boys and girls had accomplished in the state by their club work. The boys and girls not only get the information on these subject taught in the public schools and the home but they get this knowledge supplemented by teachers from the O. A. C. This is a great help. County Agent Cooter furnished the views and also gave an interesting talk. Mr. Cooter said that there would be a free moving picture show at Siletz in the Grange Hall, on March 28th, at 2 o'clock, p. m. Every body invited and everything will be done to have a pleasant entertainment.

A committee of three was appointed by the president to pass on these jokes. The committee consisted of Mary Alice Bensell, Lavelle King and Otto Tangleman. The jokes took a wide range and some of them were very funny. The first prize was awarded to Prof. Deeg and the booby prize went to Mrs. M. S. Collins. The club meetings are well attended and it is doing a good work in cooperation with the school.

The birds are singing, the flowers have commenced to bloom and the buds coming forth as though Spring is near at hand. I don't think Siletz has ever been so free from sickness as this year. We have no deaths this winter and the undertaker's face is as long as the moral law.

Major Shepard and his stenographer have gone to Grand Ronde to do some work and from there they will go to the Warm Springs Agency, where considerable inheritance and heirship awaits them. Superintendent Chalcraft has also gone to Grand Ronde on official business. He will be gone a week or more.

Roy Butterfield came up today and will take his mother home. She is an invalid and needs a good deal of care and Roy thinks no one can do that quite as well as he himself.

Prof. Brown of the O. A. C. addressed an enthusiastic meeting of berry growers in the Chamber of Commerce rooms last Tuesday evening.

The berry industry is one of the best paying businesses today. Valley growers are getting from \$200 to \$600 per acre for their logan berries. The berries average from four to six tons per acre, and sold last year at 5c. per lb. During the war they sold as high as 15 cents per pound.

Local Growers are contracting their berries to be shipped to Salem in barrels this season, but as soon as the acreage will justify a cannery or juice plant will be established here.
