CHITWOOD

A large number turned out for the literary program Saturday night. All the numbers were well rendered and the program was excellent in every way. All here appreciate the work of Mrs. Elgin who has done so much to get the literary society started. The next program will be given Saturday evening, May 27th. It will be short and snappy.

Miss Emma Wilson went over to Siletz last Monday morning.

Miss Lydia Schlichter returned from a visit with friends in Salem, Tuesday.

SILETZ

The Community club at its last meeting Friday evening, May 12th, elected the following officers for the ensuing year: President Mrs. Maurice Anderson, vice-president, Otto Tangeman, secretary, Mary Alice Benseil, treasurer, Agnes Winkle, janitor, Harry Downing. The next meeting will be the first Friday after the public school commences in September. The Community club is an auxiliary to the public school. The Club now numbers about forty active members. This society is a useful thing in any community. All questions of interest and importance to the school or community are taken up and discussed at these meetings. The members learn parliamentary rules, learn how to speak in public without embarrassment and how to conduct public meetings. For the lack of this training and knowledge public meetings in most communities are very poorly conducted affairs. This knowledge you get in a well conducted Community club at very small cost.

Dr. Danford, district superintendent visited Siletz on the 10th of May in the interest of the Home mission of the Methodist Episcopal Church. He conducted the affairs of the mission in a most businesslike way and was well satisfied with the condition of the affairs of the church with the minister's salary and all other expenses paid up to date. A well conducted Sunday school and all church activities in a splendid condition. The minister in charge, Rev. C. W. Pogue, is asking, and is quite sure he will get \$5,000 to construct a community building just on the east side of the church building. In this building will be a library room, electric lights and a cooking and dining rooms and a radio phone, which will be up to date and a great blessing to the Indian Mission of Siletz. The church is taking great interest in the welfare and prosperity of the Indians of Siletz as well as an interest in all of the Indians of the United States. The Indians are now increasing instead of decreasing as formerly, especially the mixed bloods.

Darwin Watts was convicted in the U. S. courts last week for having a still in his possession and some moon shine that he had made himself. Judge Wolverton sentenced Watts to serve four months in jail and a \$100 fine. The conviction was secured by the vigilance of Supt. E. L. Chalcraft and Deputy Sheriff Jess Daniels. If a person violates the law and is punished for it he should not complain.

Siletz was visited by a number of commercial men headed by Thomas Colman and a delegation of citizens from Toledo and Newport. Among the Newport visitors were E. J. Abbey, Lester Martin and Joseph Patterson, large dairies, and Chas. L. Baker, canon, newspaper correspondent for the dailies on the Republican ticket for sheriff, Ira Wade, Ted McElwain and W. R. Tindall also a candidate for sheriff on the Republican ticket from Toledo. These two gentlemen—Tindall and Baker—are making a canvass among the people in their candidacy.

The Primary election will soon be here and these candidates will soon know their fates. Deputy Sheriff McElwain is distributing the ballot boxes this week.

SOUTHSIDE

School closed on Friday, May 12th. Irene Clark and Ingvold Strand had not missed a day or been late once during the eight months term. As some of the pupils were taking the state examination it was not possible to have a program on the last day so it was decided to hold a picnic on Wednesday, May 17.

A much larger attendance than usual was noted at the Sunday school last Sunday, many of the parents being present. We hope they will continue in the good work. A number of the young people from Toledo were also present. Come again. Miss Vida Back presented the school with sup-

plies enough to last for three months for which the school expressed its sincere thanks, Miss Rounds said was much appreciated.

Thomas Butler has been making quite an extensive trip through the Big and Little Elk country in the interest of the bridges of Lincoln county. He reports a favorable and encouraging trip. Though an old man, Mr. Butler is one of the most progressive men in our community. He is an indefatigable worker, not only for the interests of his own community, but for the welfare of the entire county.

At the regular meeting of the Southside Improvement Club held May 6th, committees reported that in almost every section of the county the sentiment was growing in favor of bridges and other county improvements.

Lincoln County has too long remained in the background, and the people are waking up to the fact that if they wish to enjoy prosperity to any extent and open up the county to settlement, they must have good roads and county officers who will work for the interests of the WHOLE county and not just certain sections.

The natural resources of this county have not begun to be developed, especially on the south side of the Yaquina. Lumbering and dairy interests have begun to operate, but comparatively speaking, almost nothing has been done in the fruit line; yet there is no better place in the state of Oregon for fruit and nuts than this section. John Stiger's strawberries and Thomas Butler's English walnuts are proof of the fact. Besides there are small patches of all kinds of berries which are doing remarkably well. Now let us work together to build up the county.

The 1925 fair will bring many people from the east who will make homes in Oregon. In looking for those homes they will naturally follow roads. If our roads are not good and there are no bridges they will of course pass us by.

Wm. Gilson and Harry Clark of Southside accompanied by representatives from Toledo and Siletz made a trip to Newport last week. The object of the trip being to foster a more friendly and co-operative feeling between the different sections of the county. The people of Newport met them in the same spirit and much is hoped for as the result of the meeting.

A plan is on foot to get all the clubs and organizations of the county to unite and in that way much more can be accomplished for the general good than where each one endeavors to work out its own salvation. It has been suggested that at some time during the summer a County Picnic be held at some central place in the county—a sort of get-together meeting—where people from all over the county can air their views and tell their needs, then decide upon the best course of action for the good of the entire county; and at the same time have a real, old fashioned enjoyable picnic.
