

RED CROSS PUTS UP \$9,739,872

Year's Budget Stresses Relief
and Services at Home
and Overseas.

MILLIONS FOR VETERAN AID

Over \$3,000,000 Allotted to the
Disabled—Foreign Work
Lessens.

Washington.—Expenditures totaling \$9,739,872.47 for carrying through its program of services and relief during the fiscal year in the United States and overseas are authorized in the budget of the American Red Cross, effective July 1, 1922. This total is \$2,735,975 less than the expenditures for the last fiscal year, when disbursements reached \$12,475,847.09. It is announced at National Headquarters in a statement emphasizing the necessity of continued support of the organization by enrollment during the annual Roll Call, November 11-November 30 inclusive. This total for the budget is exclusive of the large financial operations of the 8,300 active Red Cross Chapters, which, it is estimated, will more than double the total.

War Veterans Have First Call
First call on Red Cross funds is for the disabled ex-service men, of whom 27,487 were receiving treatment from the Government on June 1 last. This work for veterans and their families in a wide variety of service that the Government is not authorized to render and for which it has neither funds nor facilities has the call on \$3,030,692.90 during the current year, or about \$300,000 more than was expended last year for soldier service. Adding the funds disbursed in this humanitarian work of physical reconstruction following the World War by the Chapters throughout the country will approximate a total for the current year approaching \$10,000,000. This work, in the opinion of the Surgeon General's office, will not reach its peak before 1926.

Through its Chapters the American Red Cross is equipped to find the individual ex-service man, help him in his problems and difficulties, provide immediately for his necessities, and open the way for him to the Government compensation and aid to which he is entitled. The extension of this work to the families of such men proves to them that the Red Cross has lost none of its sympathy nor will to service manifested in wartime. Similarly the service goes out to the men still in the Army and Navy, 11,087 of whom were under treatment in Government hospitals on June 1, 1922.

Greater Domestic Program
This year—after five years of constructive effort during the war and after the armistice—brings with it a greater responsibility for domestic service to the American Red Cross. The budget for foreign operations, however, totals \$3,404,000, but of this amount \$1,834,000 is for medical relief and hospital supplies for Russia, which is a part of the gift made by the American Red Cross in 1921 to the Russian famine relief work of the American Relief Administration program. The child health service in Europe continues, moreover, and \$654,600 is appropriated for this work undertaken in 1920. Other items in the stringently diminished foreign program include \$200,000 to support the League of Red Cross Societies, \$22,000 for nurses' training schools instituted by the Red Cross abroad, and \$600,000 for liquidation of the general Red Cross foreign relief program.

Prepared for Emergencies
For disaster relief the Red Cross has set aside \$750,000, and for emergencies in Chapter work \$500,000 to be available for domestic, insular and foreign demands. This is more than \$300,000 above last year's expenditures. For service and assistance to the 3,300 Chapters and their branches \$1,203,000 is provided by the National organization.

Other budget items of importance in the domestic program include \$200,000 for assistance to other organizations and education institutions for training Red Cross nurses and workers; \$100,000 for Roll Call assistance furnished to Chapters; \$100,000 for unforeseen contingencies.

Of the total budget less than \$500,000 is allotted for management in the National organization. No cash estimate, of course, is possible to weigh the value of the service by volunteers in the Chapters.

OREGON WEEKLY INDUSTRIAL REVIEW

State elections are but a few days away. Whether we will have tax reduction or increasing tax burdens, rests largely with the voter. It is safe to say that western taxes generally could easily be raised another 20 per cent if the people should cast favorable votes for the many tax raising schemes on the ballots. "Will it raise tax," should be the consideration before voting for any measure. Don't kick about your tax bill if you now vote for tax raising schemes or new forms of taxation.

Hood River—Work starts on new creamery.
Toledo—Standard Oil Co., to erect \$25,000 service station here.

Hood River—\$65,000 bond issue authorized for construction Deer flat irrigation project.

Lebanon—cannery has 10,000, case pack with value of \$200,000.

Astoria—Project launched to increase city water reserve by enlarging dam at cost of \$75,000.

Portland—Odd Fellows constructing \$40,000 home for girls.

St. Helens—Dike to be built to drain 5300 acres.

Astoria to get a new 8-story hotel.
Portland to increase cost of building permits from 50 cents to \$1 each.

Russellville to build brick school.
Moro to build concrete septic tank.

Wheeler—Dairymen co-operating in building \$10,000 cheese factory at Mohler.

Springfield reports 3199 car shipments leaving in September. Greatest in history.

New sawmill to be built at Nehalem with capacity of 20,000 feet.

Eugene—New school to be built in North valley.

Talent—Sawmill and box factory to be erected.

Grants Pass—Beaver Portland Cement company to build second plant here of double present capacity.

Bend—Work starts on \$65,000 Lone Pine irrigation district contract embracing 2500 acres.

California-Oregon Power company completes line from Springfield to Prospect.

Parkrose-Bandon section Roosevelt highway to be graded at cost of \$74,000.

Parkrose to construct \$48,000 water system.

"The Line Is Busy"

When the telephone operator tells you "the line is busy," this fact has been made known to her by an electric signal. With the thousands of calls in daily telephone traffic, if the operator, to secure this information, were compelled to listen on the line of the party called, prompt service would be out of the question.

This delay is eliminated by an electric device which in the fraction of a second automatically indicates that the line called for is in use.

When "busy" reports are repeated on successive calls for the same number, it is generally due to an immoderate use of the called line. The length of a telephone conversation is obviously beyond the control of the telephone operator. Have confidence in her when she makes the report "the line is busy."

And Telegraph Company

Taxes and the Governor

When a candidate for the high office of governor bases his candidacy on certain claims and promises as to what he will do if elected, the public is entitled to have his claims analyzed and examined.

In this campaign, Walter Pierce has gone about the country melodramatically tearing tax bills in two by way of illustrating what he will do to taxes if elected.

The voter, then, should analyze the tax matter to the extent of becoming informed as to just what part the governor plays in imposing or reducing taxes.

In the first place, the voter should know that the total levy in Oregon for 1922 is \$40,473,906.

This is a reduction of over \$1,800,000 from last year, so that it will be seen the high cost of government following the war is already receding.

Of this 1922 levy of 40 million, over 31 million was for county, city and school district purposes, over which the governor could have no possible control whatever.

Of the remaining 9 million for state purposes, only 3 1/2 million are taxes over which the legislature has any discretion, and of this amount, only 2 1/2 million are for the actual expenses of state government and might, therefore, in even the remotest degree, be charged to the methods employed by the governor in administering the state's affairs.

In passing, it should be noted that this state levy is an increase of 41 per cent, since 1916, and not several hundred per cent, as stated on various occasions by the democratic candidate. It should also be noted that less than half of this 41 per cent occurred during Mr. Olcott's administration. This ability to keep down the cost of the state government to so small an increase, when living expenses in the ordinary home in the same period increased over 100 per cent, is a most creditable showing.

MR. PIERCE'S TAX RECORD

It is proper at this point to examine Mr. Pierce's own record on taxes and see if past actions as a legislator square with his words.

Of the \$9,376,289 of state taxes for 1922, which include the millage taxes, MR. PIERCE SPECIFICALLY HAS APPROVED OF \$8,564,039, or 92 per cent. He had no chance at most of the other 8 per cent.

Of the 1922 state taxes, Pierce introduced bills accounting for \$1,429,126, or 15 per cent. In addition to this, he voted for tax bills introduced by others to the amount of \$6,114,

109, and he has given his public approval on numberless occasions of measures passed since, he was returned from the legislature causing taxes amounting to \$1,020,804, making a total of state taxes approved by Pierce of \$8,584,088, or 92 per cent of the total 1922. There is no telling how much of the remainder he might have approved if he had had a chance, and it may be significant that the state taxes have decreased over 11 per cent since Mr. Pierce was retired from the State Senate.

Mr. Pierce has always been a consistent tax booster. He voted against only three per cent of all the appropriations of the 1918 session of the legislature and voted for all the appropriations of the 1920 special session.

In 1917 Mr. Pierce introduced a bill to exempt money, notes, mortgages and accounts from taxation. Yet he poses as being anxious to take the burden off real estate!

He voted for submission of \$400,000 bond issue to build a new penitentiary.

Mr. Olcott, at no TAX expense and with prison labor, has fixed up the old penitentiary in excellent shape for another 25 years.

Mr. Pierce voted against accepting road machinery from the government. That machinery now amounts in value to \$1,800,000.

GOVERNOR OLCOTT'S RECORD

The above are but a few of the extravagances of Pierce. Mr. Olcott, on the other hand, has conducted the business of the state in an economical, sane and business-like manner. He has saved the state thousands of dollars because of his level-headedness and his intimate knowledge of state affairs. He built a new Boys' Industrial School Building by diversion of a millage fund, and therefore, without a single cent additional tax. He has insisted upon development of the various state farms connected with the state institutions until the present year shows the unprecedented income from this source of \$401,511. He is no talker, no politician, no idle promiser and is not seeking reelection under false pretenses nor catering to prejudice, but is going to the people on his own splendid record, confident that if he can but get that record and Mr. Pierce's record before the voters of Oregon that he will be vindicated on election day, Tuesday, Nov. 7th.

Vote for Olcott for GOVERNOR

REPUBLICAN STATE CENTRAL COMMITTEE
WALTER L. TOOZE, Chairman. C. E. INGALLS, Secretary.
