

# FESTIVAL NOW ALL AMERICAN

Though Its Origin Was Pagan,  
Thanksgiving Is Peculiarly  
of This Country.

Pilgrim Fathers Gave Religious Character to Celebration Which for Centuries Had Been Occasion Only for Material Jollification.

People who do not chloroform their sense of fun before starting to read history have had many a chuckle over the Pilgrim and Puritan festival of Thanksgiving. These early settlers of New England were so militantly Christian that they could not bear any suggestion of an earlier creed. They objected to Christmas as "heathenish," because it contained—as it still contains—so many relics of pre-Christian days. Having done this, they turned round, seized on the most thoroughly pagan of all celebrations, that of the gathered harvest, and made it an institution that has grown and spread for three centuries, is the indelible drama drawn by a writer in an eastern magazine.

But the joke is not all on the Pilgrims. True, they went back to a festival which has been held ever since man began to plant and gather crops; but they made of it something peculiarly modern, Christian, and, at the last, American.

They gave a religious character to a celebration which for ages had been a purely material jollification, and made it a part of the community's public policy; an occasion for coming together in common aspirations, hopes and gratitude. All the changes and developments of the last 300 years have not been able to change the essential character of the Pilgrim Thanksgiving. How many inventions of today will last so long?

The first Thanksgiving feast, held in the fall of 1621, was not ordained by formal proclamation. The colony was too small to need such a notice. But the circumstances under which the celebration was held are told in Governor Bradford's history in a way well worthy of quotation:

"They (the colonists) began now to gather in the small harvest they had, and to fite up their houses and dwellings against winter, being all well recovered in health & strength, & had all things in good plenty; for as some were thus employed in affairs abroad, others were exercised in fishing, about cod, & bass, & other fish, of which they took good store, of which every family had their portion. . . . And now began to come in store of fowls, as winter approached, of which this place did abound when they came first, but afterwards decreased by degrees. And besides water fowls, there was great store of wild Turkeys, of which they took many, besides venison, &c. Besides they had about a peck a meal a week to a person, or now, since harvest, Indian corn to that proportion. Which made many afterwards write so largely of their plenty here to their friends in England, which were not fained, but true reports."

Excepting small boys, one can hardly imagine the folk of a modern community boasting about their plenty under the stimulus of a "peck a meal a week to a person," plus such game as could be trapped, or shot with flint-lock firearms. But such things depend mainly on the point of view, and that may not have improved so much in the last three centuries as we think. We of today know more of a thousand things than did Governor Bradford and his companions, but it is not so certain that we know more of the basic business of living.

"Excellent hearts had our fathers of old," and for steady, cheerful courage, the Pilgrim colonists never have been surpassed. Twelve years later, the colony had grown so much that a formal proclamation seemed necessary. The first one was issued on October 1, 1633, and the Thanksgiving celebration was held two weeks later, October 16. The custom soon spread throughout New England. Then, on October 3, 1789, the new President of the new nation, George Washington, called on the American people to assemble on Nov. 26 and give thanks, among other things,

"For the signal and manifold Mercies, and the favorable Interposition of His Providence in the course and conclusion of the late War . . . for the peaceful and rational manner in which we have been enabled to establish Constitutions and Governments for our safety and happiness; and for

It's toasted. This one extra process gives a delightful quality that can not be duplicated

Regularly the national one now being instituted."

Washington, it might be deduced from this alone, was a nationalist, with no leaning whatever toward state sovereignty, and with a perfect readiness to make his preferences manifest, in prayer as well as in any other way. An amusing instance of this frankness occurs later in the same proclamation, where he asks the people to pray heaven. "To protect and guide all Sovereigns and Nations (especially such as have shown kindness to us)."

An honored lineage, that of this best-beloved festival. It started in the days when the Neolithic dweller by the lakes of Switzerland finished bringing in his scanty harvest and settled down to a secure winter. It is close akin to the Dionysian feasts

of rural England. But it has a peculiarly American flavor and substance; and for this, one must thank the sturdy Pilgrims, whose iron courage was tempered by a fine humanity, and who probably smiled into their beards when, over their supper of small soup, they thanked God, "who had given them to suck of the abundance of the seas, and the treasures hid in the sands."

Humility Goes With Thanks. Thanksgiving is essentially a religious holiday. Like Christmas, it has lost something of its significance through the overemphasizing of its secular features.

The other holidays commemorate the birth or the deeds of great men or perpetuate the memory of great events. They speak to the mind in its happiest moods, telling over a record of glorious actions and repeating reasons for contentment and love of country. Thanksgiving day ought at least to suggest the virtue of humility.

Way to Spoil Good Cow.

If you want to spoil a good cow quickly, neglect to milk her at regular hours and stripping her clean at each milking. The cow wants you to like milk well enough to take his side.
