TOLEDO BUSINESS MEN'S LEAGUE HAS ROUSING MEETING

Officers Elected for Ensuing Term; Every Member Pledges Aid to All Projects for Civic Betterment.

It is not very often that you can gather 30 men together in a room that is not even comfortably warm and discuss dry matters of business for three hours.

But that's what happened at the first regular meeting of the Toledo Business Men's League last Tuesday evening.

The League, which was organized less than a month ago, now numbers 49 members. It is the first time an association composed of strictly business men has been formed in Toledo, and judging from the enthusiasm and interest manifested so far it bids fair to become a very potent factor not only in business matters but the general affairs of the city as well.

The objects of the League are many. First, of course is to preserve the credit status of the various business houses of Toledo.

A great part of business being done on a credit basis it is essential that this portion be made as safe and profitable as possible, and eliminate the undesirable contingent—the "bad debts."

As in Unity there is strength, so the members of the League hope to benefit in their buying power, getting the lowest prices as well as establishing and maintaining a higher standard and quality of merchandise.

Among other matters taken up at the meeting were the necessity of proper building restrictions for Toledo, and police protection and night watch. A unanimous vote was taken that the League, as a body and as individual members give their support to the city council, and endeavor to stimulate the interest of Toledoites in civic affairs.

At the meeting Tuesday it was unanimously decided to retain the present officers in their respective positions for the ensuing year. They are as follows: E. L. Scott, manager of the Lincoln County Progressive Store, president; A. M. Gildersleeve, manager of the Gildersleeve Grocery, vice-president; R. A. Arnold, proprietor of Arnold's Fashion Shop, treasurer; C. K. Cosno, insurance man, secretary, and Dr. E. H. Hall and R. S. VanCleve, proprietor of the White Corner Grocery Store, with the above named officers constitute the board of governors. Regular meetings are had the 2nd Tuesday of each month.

JERSEY GOLF CLUB HOLD LAST MEETING OF YEAR SATURDAY

All Members of Club Urged to Be Present; Program for Coming Year to Be Outlined.

Next Saturday at one o'clock in the county agent's office the members of the Lincoln County Jersey club will meet for their last time this year. Very probably there will be a full program and it is hoped that a full turnout of all of the 21 members will be had as this will give the new county agent, J. H. Beck an opportunity to meet the several members.

There may be election of officers for the new year and undoubtedly a program for the activities of the club during the coming year will be gone over. This will be the second year of the club's activities under the leadership of L. A. Hulbert and good things are bound to be accomplished.

According to Superintendent Victor Shawe hot soup is now being served to pupils at the grade and high schools who are compelled, because of living a considerable distance, to bring their lunches. The purpose of this meeting is to submit to the members the question of amending section 4 and 5 of article II of the by-laws, providing the manner of nominating and electing directors. It is proposed to simplify this procedure by doing away with the primary nominating feature which has proved to be impractical.

This is also the meeting for the holding of the annual election of officers. Other important matters will be taken up and discussed.

The presence of every member is desired.

This notice is given by order of the board of directors.

PETER FREDERICK,
Secretary.

SILETZ BRIDGE IS ORDERED CLOSED BY COUNTY COMMISSION

River Rises to Dangerous Point Due to Recent Heavy Rains; Contractors Take Out False Work; Limit Loads on Siletz Road.

Due to the high waters in the Siletz river, caused by the recent heavy rains, the county court has ordered the false bridge between here and Siletz, constructed by the contractor as a temporary means of crossing the river until steel could be had for the erection of a permanent structure, closed until the danger of its washing out has passed. The contractors have not only closed the bridge to traffic but have taken out the bridge entirely. This act was deemed necessary due to the fact that it would likely have washed out.

Must Use Swinging Bridge. It had been hoped that the steel bridge would be completed before the winter weather set in but this was impossible, according to the claims of the contractors, due to the impossibility to get the steel. This claim, however is disputed by some. As it is now Siletz will be another winter without a bridge and will be compelled to use the swinging bridge for the transportation of mails and all produce purchased through Toledo. The swinging bridge is only a "foot" bridge. Court Limits Loads.

The county court also intends to keep the road between here and Siletz in passable condition all winter and has limited the amount of weight that can be hauled by a truck or wagon. A wagon or truck with tires up to three inches in width can carry a load of up to one ton; a wagon or truck with larger tires can haul as much as 3000 pounds.

Indorse Budget. At the public meeting of freeholders with the county court Friday to discuss the merits of the budget, recently published in these columns, the meeting went on record as indorsing the budget as printed. Definite action however cannot be had until the state levy has been applied. An advance of 6 per cent will be had in county taxes.

According to a late report from Siletz actual work has begun to reconstruct a temporary bridge. This is being built with a much larger span underneath and will take care of the high water. The people of Siletz are volunteering the work, according to the report.

YEAR AGO TODAY MILL MEN ANNOUNCED PLAN TO RECONSTRUCT MILL

According to the minutes kept by Secretary Frederick of the Chamber of Commerce, it is just one year ago today, Thursday, December 14, that C. D. Johnson, president of the Pacific Spruce corporation, F. W. Stevens, general manager of the mill and W. S. Scritnamier called a public meeting in the Chamber of Commerce rooms and announced their intentions of constructing the big mill here. The result of their activities can only be estimated at this time. It is a fact however that they have almost completed the construction of one of the finest lumber mills in the west.

MR. STORK HERE AGAIN. The home of Mr. and Mrs. Clarence Brach, living in the Olalla Valley near Toledo, was gladdened Wednesday morning, Dec. 13, by the arrival of a fine 8 1/2 pound baby boy. The baby to the report both mother and babe are getting along nicely.

LINCOLN COUNTY PEOPLE TO ENJOY LYCEUM NUMBERS

Four Numbers, With Renowned Artists, to Appear Here at Theatre; Proceeds Donated to Schools.

Through the efforts of Mr. H. G. Wolf, of the Liberty theatre, arrangements have been made to give a Lyceum course of entertainments this winter. The entertainments are four in number and comprise some of the best talent in the country. The first is a musical number—the Ralston Frosh trio—a well balanced program of modern and old time music and song. The next number is Dr. Lee Fitzpatrick, humorous philosopher and lecturer, who has gained a wonderful reputation as an entertainer. Then comes Francis Joyner with his remarkable character readings and impersonations, and finally the Parnella who don't believe that folks ought to go around with long faces advertising their troubles in the world. They try to make the world "a better place to live in," and from all reports they succeed in their object.

Mr. Wolf has kindly donated the use of his theatre for these entertainments and all proceeds will be given to the Toledo high school. The boys and girls are now forming teams for the ticket selling campaign and the winners will be presented with valuable prizes.

Tickets will be on sale in a few days and when the boys and girls come around to see you don't forget that you will not only get full value for your money in entertainment but that you are helping the Toledo schools as well. The first number will be on Dec. 26. Complete details of it will be printed in next week's paper.

HARD TIME DANCE PROVES POPULAR HERE

The Toledo American Legion boys were guests to a "hard looking" bunch last Saturday evening when they staged a hard time dance in their spacious hall here. The crowd was estimated to be one of the largest that ever attended a dance in this section and the boys are grateful for the liberal patronage of the general public. According to many Toledo people who had the pleasure of attending the affair was a big success. Prizes were awarded for the most ragged lady and gentleman and the best sustained characters. Miss Lena Tschudi was declared the "most ragged" lady on the floor while E. E. Rissinger of Newport won the prize as the most ragged gentleman; Mrs. Ruth Nya took the lady's prize as the best sustained lady character, while Joe Mahler was the best sustained gentleman character.

The Toledo orchestra furnished the music and, when it comes to putting "pep" into a crowd, they are reported to be artists.

San Francisco, Dec. 6.—The Southern Pacific company has authorized construction of freight and passenger train cars representing an investment of \$12,000,000 to be delivered in 1923 for use on the company's pacific system lines. Wm. Sproule, president of the company, announced today. The new equipment is to be of the finest type. It will include 4,525 freight train cars and 141 passenger train cars, these are in addition to the 5000 standard refrigerator cars and 300 refrigerators equipped for passenger train service representing an investment of \$15,000,000 that have just been ordered by the Pacific Fruit Express company in which the Southern Pacific has a half interest and the Union Pacific a half interest.

They are in line with the Southern Pacific company's established policy of providing our customers with the best equipment obtainable."

Included in the new freight train equipment announced are 2500 box cars, 500 stock cars, 950 gondola cars, 500 logging cars and 75 cabooses. With the completion of these and the 5500 ordered for next year the Pacific Fruit express will have more than 27,500 cars for handling fruit and vegetables from the Pacific coast in 1923. The Western Pacific will release Pacific Fruit Express cars supplying some 2000 of its own instead thus giving a total of 30,000 cars where now 20,000 serve or an increase of one-third.
