CHRISTMAS BARGAINS!

Christmas Dinner, the national feast of the English, is also celebrated here by many persons who have neither the time nor the energy to plan a fine meal, and to play a few games of Christmas cards, such as the one described below. The cards are printed in various colors and are sold at from $1 to $2.50 per box. The set consists of 96 cards and is complete with instructions for playing the game. This set is ideal for Christmas entertainment and makes a excellent gift for friends, relatives, or business associates.

MYTHS OF CHRISTMAS SEASON

Among the many legends that make the Christmas season so special, the story of Santa Claus and the reindeer is perhaps the most familiar. According to this legend, a wealthy man named St. Nicholas would travel through the countryside on Christmas Eve, giving gifts to the poor and needy. This tradition has been passed down through generations and has become an integral part of the Christmas season.
