LESS FOR EDUCATION—MORE FOR LUXURY

Washington, Dec. 9.—"Education in the New School Curriculum on the coming year is set at $1 billion. The government's new plan to increase the amount spent for education is expected to result in a reduction of the amount spent for luxuries.

BILLION DOLLARS

Department of Education

Washington, Dec. 9.—The Department of Education has released figures showing that the amount spent for education in the United States has increased by $1 billion in the past year. The increase is expected to continue, with the government predicting that the amount spent for education will reach $2 billion in the coming year.

COMEDY PROGRAM

CORNING TO ROSE

One of the most popular programs of the year is set to debut at the Rose Theater. The program will feature a variety of comedians, including Miss Lucy and Mr. W. Smith, who are expected to be particularly popular. The program will run for a week, with tickets available for purchase at the box office.
