All Sorts.

The honeymoon is not pleasant when you reach the last quarter—of a dollar.

"You never saw my hands as dirty as that," said a petulant mother to her little girl. "No, but your mother did," was the reply.

An Irishman complained to his physician that he stuffed him so much with drugs that he was sick a long time after he got well.

"Now, waiter, what's to pay?" "What have you had, sir?" "Three fish." "Only brought up two, sir." "I had three—two trout, and one smelt."

"Times are vewy hawd—in fact perfectly awful," said an exquisite the other morning; "I had to wedoocoe my cigaw bill to forty dallaws a month."

"No man can do any thing against his will," said a metaphysician. "Faith," said Pat, "I had a brother went to prison against his will; faith, he did."

"Ma," said a small boy, approaching his mother and exhibiting unmistakable symptoms of a severe pain in the bowels, "do you think green apples grow in heaven?"

"Don't you think," said a husband in a mild form of rebuke to his wife, "that women are possessed by the devil?" "Yes," was the answer, "as soon as they get married."

"The prisoner at the bar seems to have a very smooth face," said a spectator to a jailer. "Yes," replied the jailer, "he was ironed before he was brought in."

The "pull-back" is very old. Hesiod, upward of twenty-eight hundred years ago, wrote:

"Let no fair woman tempt thy sliding mind, With garments gathered in a knot behind."

New Mexico is to be admitted into the Union under the name of Montezuma. A more appropriate name, considering the prevailing weakness of the inhabitants, would be "Threecard-montezuma."

A teacher asked a very wearied class why the nunck went on his way rejoicing after his talk with Philip. The prompt and significant answer of a bright boy was:—"Please, sir, because Philip had done a teachin' him?"

"The sun is all very well," said an Irishman, "but the moon is worth two of it; for the moon affords us light in the night-time when we want it; whereas the sun is with us in the day-time when we have no occasion for it."

She was a young lady from New York, and he asked her if she would partake of an ice-cream, and she gently answered, "If it's good, square confectioner's cream, I'm there, but if it's church-fair or strawberry-festival slush, count me out."

"Is it not time that you paid me that five dollars?" said the farmer to his neighbor. "Taint due," was the reply. "But," said the farmer, "you promised it when you got back from New York." "Well, I haint been," was the reply.

"Steam is a great thing," remarked a traveller in a railroad car to his vis-a-vis. "So it is," was the reply; "I owe my fortune to it." "Mon-sieur is manager of a company?" "No." "An engineer, perhaps?" "No, I have lost a number of relatives by railroad accidents."

A little six-year-old boy went into the country visiting. He had a bowl of bread and milk. He tasted it and then hesitated a moment, when his mother asked him if he didn't like it, to which he replied, smacking his lips, "Yes, ma'am. I was only wishing our milkman would keep a cow."

A good story is told of Spurgeon. His habit is to shut himself up on Saturdays. One Saturday a man called and insisted on seeing him. "Tell him," said the visitor, "that a servant of the Lord wishes to see him." The message was delivered, and the following returned: "Tell him that I am engaged with his Master."

TELEGRAPHIC NEWS.

(From the Daily Oregonian.)

CHICAGO, Oct. 6.—A Denver special says: The election returns are not all in yet, but enough are in to make it positively sure that we have elected the entire Republican ticket, State, district and county, by 1,200 to 2,000 majority. Judge J. C. Bedford goes to Congress and John L. Boutt is Governor. We know we have a large majority in both Houses of the Legislature, giving us two U. S. Senators and three electors for Hayes and Wheeler. We have overcome the Democratic majority of 2,200 at the last election for Representatives.

DENVER, Oct. 6.—Returns are just received from Elbert County, which gives a Republican majority of 70, being Republican gain of 223 over the year 1874. Grant County gives a Republican majority of 45. Assuming all that has been claimed by the Democratic State Committee to be correct, the net Republican majority in the State will be 1,200. The Legislature will certainly be two-thirds Republican and probably three-fourths. All special reports designed to confuse or throw discredit upon these dispatches are sent out for mischievous purposes. A list of official figures will soon be sent. The party who has been flooding the country with sensational buncombe about the Colorado election applied for the privilege to the Associated Press to carry out his base purpose.

ELIZABETH, N. J., Oct. 6.—Two other victims of the Connecticut Farms, Union County, leadstool poisoning, died this morning—Miss Louise Crane and George Melville, the boy who gathered them. This makes three persons dead, Miss Emma Baker having died yesterday.

SAN FRANCISCO, Oct. 6.—Only one case of smallpox reported this morning and seven yesterday. No deaths yesterday or to-day.

NEW YORK, Oct. 6.—Hugh McShane, late an employe on the steamer Charleston, from Charleston, has died in Brooklyn of yellow fever.

VIRGINIA CITY, Oct. 6.—Last night Fanny Kane, a woman of the town, lighted a cigarette and dropped the match on her dress. Her clothes ignited and she was horribly burned. She lingered in horrible agony until 12 o'clock last night and died.

YREKA, Oct. 6.—A young man named John Gordon was shot and killed early this morning in his cabin near Lafayette Mill, Scott's Valley. Two young men, who are suspected, have left here, crossing the ridge toward Klamath River, evidently intending to go into Oregon via Siskiyou Mountains. The cause of the shooting is said to be in revenge of an old grudge, and it is supposed Gordon was assassinated.

SAN FRANCISCO, Oct. 5.—E. Payson Knapp, formerly a solicitor and collector on the Daily Post, and subsequently in the same capacity on the Daily Stock Reporter, suicided to-day at his lodgings by shooting himself through the head. He left a note stating that his action was prompted by pecuniary difficulties.

John Conlin, a miner at Columbia, was caved on in his claim to-day and killed.

RENO, Oct. 5.—About 3 o'clock this morning the bakery of Jacob Graff, on Commercial Row, was discovered to be on fire. About 4 o'clock the fire raged furiously, and Commercial Row, from the corner of Virginia street to the brick building of Jamison & Prescott, was a roaring mass of flames, and it seemed as though a larger portion of the town would be swept away; but there was not a breath of wind and the fire was got under control. The wooden buildings of Graff, Eblar and Hall were the only ones totally destroyed. A man named Boder, employed by Mr. Graff, was burned. His charred remains were dug out of the debris this afternoon.

WASHINGTON, Oct. 6.—The President to-day signed the commission of Thos. W. Prosch as postmaster at Seattle, W. T.

VICTORIA, Oct. 6.—The Government has appointed Mr. Clamiton, one of the teachers at the Victoria public school, to be superintendent of education for the mainland east of the Cascades.

VICTORIA, Oct. 6th.—A fire yesterday morning destroyed six shanties off Figgard and Government Streets, which had been occupied by Indians, some of whom died of smallpox, since which time they have been unoccupied. The Pacific Telegraph Hotel was in danger from the fire at one time, but was saved.

H. M. S. Anethyst arrived from San Francisco Thursday afternoon.

SAN FRANCISCO, Oct. 6.—About four o'clock this afternoon Rudolph Berch committed suicide in a water closet in the yard of his residence, No. 13 Oak Street, by shooting himself through the head. The deceased, until recently, held the position of bookkeeper in the importing house of McCain & McClure, California Street, but for some months has been idle with consumption. He exhausted his means and was re-

duced to despair. He was a German, aged 46 years, and leaves a wife and family.

Grange's this evening celebrated the Feast of Pomona in grand style. The display on fruit on the tables was said to be the finest ever seen in California. The Grange is reported to have taken some decided action on the question of wheat and freights, but decline to make known at present the nature of their conclusions on the score of policy and interest.

A slight shock of earthquake was felt at 9:20 this evening. The vibrations were from north to south.

WANEVLY, Oct. 6.—A fire here last night caused a loss of \$30,000.

VICTORIA, Oct. 6.—A man named George Baldes was found dead in a chancy on the corner of Douglas and Herald streets, Wednesday evening. A post mortem examination shows he died of heart disease. He came to this place in 1858 from Guaymas, Mexico, and was about 60 years of age.

PHILADELPHIA, Oct. 6.—Awards for Oregon: A. K. Dufur, Lane County, wool; Hampton Kelly, East Portland, preserved fruits; Alden Fruit Drying Co., Oregon City, preserved fruits; Wm. Plummer, Portland, preserved fruits (State of Oregon, grains, grasses, cereals, fruits and vegetables).

THE UNDERSIGNED WOULD respectfully inform their friends and the public generally that they have purchased the above establishment, which will be henceforth conducted under their constant personal supervision, and they guarantee satisfaction to all who may favor them with their patronage. Also agents for the

Howe Sewing Machine

This celebrated machine, which is acknowledged by every one to be the best machine known, and which has met with more extensive sales than any other on record, is now being introduced in Ashland. The Howe is peculiarly adapted to any kind of work—from a ruffle to a boot or shoe. Is simple in construction, easily run, and for strength and durability is unsurpassed. Parties desiring to see one of these machines can do so, by calling on them at their office.
