

THE ASHLAND TIDINGS.

FRIDAY, JUNE 21, 1878.

LOCAL INTELLIGENCE.

The Fourth at Ashland promises big things. Rev. H. W. Stratton called on us this week.

The district school at Jacksonville closed on last Friday.

The smoky season has already set in, being unusually early.

Several correspondents crowded out this week. They will appear next.

That restaurant, so prolific in items, has been purchased by the Rev. J. H. Mayfield.

WM. CULLEN BRYANT and Prof. Henry, two of America's greatest men, died recently.

Women who read newspapers are always good natured, and full of common sense.

For \$2,000, Dr. Danforth takes care of the county poor for the ensuing fiscal year.

Hon. S. D. Vandike was in town this week, and reports excellent hay crops in his vicinity.

Capt. D. J. Ferrer paid our town a visit last week. He returned to the land of juniper last Monday.

Read the report of the Annual Pioneer meeting, and other original matter on the outside this week.

The O. & C. Stage Co. started on fast time last Tuesday. We get the news quite fresh now from each way.

A large number of cattle and sheep are driven through town almost daily, on their way to the Lake country.

Lieut. Hoyle passed through town last week on route to Walla Walla, where he has been ordered for duty.

Prof. Skidmore started for Roseburg on Monday, to superintend the construction of a store for A. Marks.

Mrs. W. W. Fowler of Oakland, Cal., one of the pioneers of Southern Oregon, is visiting friends near Ashland.

Our P. M. Deputy Marshal, etc. will get the brand of cats on his forehead, if he fails with people's sticks much more.

The Tidings has the largest circulation of any paper in Southern Oregon, and therefore the best advertising medium.

Handy & Roberts are still doing a rousing business at Bopanza, notwithstanding the crowding out of their 'ad' last week.

The Election.—All the counties in the State have been heard from. Thayer is elected Governor, by some 60 majority.

Gen. Tolman accompanied by his family, started for Portland on last Monday, to take charge of the Surveyor General's office.

Lost.—A lady's breast pin, engraved with the initials O. I. C. The finder will be suitably rewarded by leaving it at the Tidings office.

J. B. White passed through Ashland last week, on a visit of business and pleasure to his old home in this valley. His lady preceded him several days.

Rev. H. W. Stratton of Portland, the Superintendent of Missions for the Synod of the Columbia, will preach in the Academy next Sabbath evening.

Returned.—W. A. McPherson, who has been driving the pen in Portland, during the late political campaign, returned to his home in Ashland on last Tuesday.

We see amongst us once more the genial face of Prof. J. Q. Willits, late knight of the ferule, at Jacksonville. He is now fixed to make his permanent home here.

The chairman of the committee on general arrangements for the celebration, desires the various committees to meet at Helman's Hall, on next Thursday at ten o'clock.

It seems to us that Mr. Kentnor expressed but little confidence in the people by putting up his new sign. It must be a dotard that could not tell a wagon shop, without its being labeled.

The Ashland Livery Stable is not dead or its proprietor shut up. It's 'ad' was only crowded out last week by a press of news matter. Go get a buggy and treat your Tersis Ann to a ride.

Our New Bridge.—Charley Adams, who has the contract for building the granite abutments for the new bridge, to span Ashland creek on Main street, is doing some substantial work. The bridge is to be twenty-four feet wide, and have a double track.

Account of the late stage robbery, by one of the "robbees" next week.

That strange looking machinery attached to a grindstone, in front of Reeser's store, is a patent sickle-grinder. It does its work to perfection.

HEAVY RAIN.—On last Wednesday, about 4 o'clock, our town was visited by a shower of rain which came down in torrents for about twenty minutes.

M. Bann and Billy Zimmerman, while out riding on last Sunday, upset the buggy out. Bann went to the wagon shop, and the buggy has been humping around with a lame back all week.

RICH QUARTZ.—While in Jacksonville recently, we examined some very rich quartz, taken from the Green Bro's ledge. Their ledge is five feet thick, and literally filled with free gold, and is worth near \$600. Who says our mines are worked out?

PROF. LEEKE, the amateur sheepist, was in from his flock near Pelican Bay this week. He denies, with blushes on his face, certain matrimonial echoes that have been floating over the breeze lately.

The Faber and Packard Organs are celebrated for the strength, and melody of their tones. Messrs. Levison & Arrington, agents for these instruments, are now in our vicinity ready to procure orders.

RETURNED.—Father Ull and Brother Atkinson returned from Portland this week, where they have been attending the Grand Lodge of A. F. and A. M. lately held at that place. They report an enjoyable trip.

The new frame of the Ashland Flouring Mill has been raised. It completely overshadows the old building. It stands one story higher than the old building, and will be when completed, a credit to its proprietors.

Mr. Brown, of the firm of Brown & Barrington, butchers, started for Lost River and Fort Klamath, this week, to buy cattle and make other preparations for entering on their contract for furnishing beef for the Garrison.

Mrs. Rea, who has been on a visit to her father's, Mr. J. S. Eubanks, for several weeks past, left for her home at San Diego, California, on last Wednesday. She is accompanied by her little brother Edgar, late of the Tidings office.

Beats are reported to be very numerous near Cottonwood, says the Yreka Journal, evidently coming down from the Siskiyou mountains. They have killed over twenty head of fine cattle in the neighborhood of Cottonwood this spring.

YOUNG BRIN.—A party of Indians last week, brought in a young bear and tied it up in Marsh's new building, to the infinite delight of the boys, but to the great annoyance of the cub. The bear was bought for \$2.50 and the boy's fun spoiled.

Our old friend Jerry Numan, who was on the stage at the time of the robbery, enjoyed the extreme suspense of seeing the bandits push back his satchel, containing \$4,000 while searching for valuables in the front boot, and froze on to a package of beef.

Those who think that advertisements are not read, ought to have been in this week, and heard the forty or fifty inquiries about Mrs. Schumpf's millinery store; all because her "ad" was crowded out last week to make room for the latest election news.

Weather Report. From observations taken at sunrise: June 14, 55, clear; 15, 51, cloudy; 16, 53, clear; 17, 49, clear; 18, 52, clear; 19, 58, clear—P. M. rain; 20, 60, clear. The figures after the dates indicate the temperature above zero. H. C. HILL.

SHERMAN, HYDE & Co., of San Francisco, have sent us a fine serio-comic song called "The Fidgety Wife," by Von Rochow. This is the best song we have seen for Concerts or Entertainments, and will surely bring down the house every time. The price marked is 50c.

The excursion party consisting of Rev. J. B. Donaldson, H. McBride, G. F. Billings and Willie Meyer returned early this week. They visited Linkville, Fort Klamath and peeped down the giddy abyss of Crater Lake. They made their way to it over many feet of snow. They are probably the only persons who ever visited that wonderful place so early in the season.

The Military express runs from Linkville, via Klamath Agency, and back three times a week, making the return trip on Sunday. We have been informed that Mr. Rook, the Indian agent, from conscientious motives refuses to receive or give out the Agency mail on Sunday. Therefore the plans of Government to furnish tri-weekly mail each way is thwarted. We do believe that Government should relieve Mr. Rook from a position that requires either a violation of duty or conscience.

INDIAN TRESPASS.—A large number of Indians from the Klamath Reservation, are camped at Dead Indian. They are destroying the grass, driving off the game and making themselves disagreeable generally. We hear of no agent at this new reservation. Uncle Sam should see to it.

W. W. KENTNOR is up to all kinds of snuff. He cannot only putty a knot hole in an axle-bush, and do other expert wagon work, but now he comes out with a brood of full-blooded Brahma chickens, which may be seen at his residence by all who desire to gaze on blue blooded stock.

QUIT A SCAD.—While in Jacksonville recently, we were shown by Herman Holms, a nugget of gold and quartz, picked up in his claim on Foots creek recently, which weighed 5 pounds. It contains about three pounds of solid gold, and is worth near \$600. Who says our mines are worked out?

We commend the closing sentence of an editorial article in the Oregonian of the 17th, on the Indian war. It reads as follows:

Right here let us not forget to say that when this outbreak is suppressed, there should be a proper amount of judicious hanging. The country is tired of this business.

Our young friend, N. A. Jacobs, has, after a sojourn of more than a year in the land of lakes, returned to his home in Ashland. It was in the Tidings office that New learned to handle the "sick and rule" so dextrously, and we are pleased to learn that he has "fared well" at his trade during his absence.

WELL, WELL!—Hon. Matthew Fountain, Representative elect entered our sanctum on last Monday, and completely demoralized the Tidings corpse from imp to editor—before proceeding farther, I will say that he has our forgiveness—He presented us with a bucket of strawberries. The largest measured 5 1/2 inches in circumference.

The MICROPHONE is the name of a new instrument of the telephone order, recently discovered by Prof. Hughes. As its name indicates, it magnifies sounds, otherwise beyond the reach of the human ear, so they can be heard at a distance of one hundred miles. The footsteps of a fly on the plate of the instrument have been heard at that distance.

Rev. Messrs. Stratton & Donaldson will hold services at Phoenix, this evening, and to-morrow afternoon, (Saturday) preparatory to communion services at 4 o'clock on Sabbath next. Friends from this end of the valley are invited to attend.

The corner stone of the Presbyterian church will be laid next Monday evening, at 7 o'clock, with appropriate ceremonies. Rev. Mr. Stratton will deliver the address on the occasion.

A Card of Thanks. EL, THE SAC.—The undersigned, wishes to return to the good people of Ashland, his sincere thanks for the very liberal collection given for the support of the Pastor of the Jacksonville charge, M. E. Church, on last Sabbath, during the quarterly meeting services at Ashland. The public collection amounted to twenty-nine dollars and twenty cents. Besides, the Ashland people have paid their proportion of the Pastor's salary, in full, amounting to \$258.

Well done for Ashland. It is to be hoped that this special example will stimulate other portions of the work to do likewise. J. S. McCall, P. E.

From New Pine Creek. June 12, 1878. Weather tropical. Wool going to market. Thunder showers last week. They are still dipping—the new converts and other scabby members of the flock. The work of the sheep-roacher is done for this season. The election passed off quietly. The Democrats scooped the Republicans of Lake, "high and dry." An agent for the Reno nursery, was among us last week, taking orders for fruit trees and shrubbery. On the 21 inst., Mr. W. L. Roy was made one with Miss Mattie Martindale. There is promise of ample harvest in Lakeland, if the grasshopper does not nip them in the bud. Land buyers are becoming numerous, among whom is Mr. James Applegate, late of Ashland. PRODIGAL. Majorities. The following is the official majorities of Lake county. We will give a table of the entire vote next week: WHITEAKER 106; THAYER 176; REAME 89; BROWN 103; NOLTNER 91; STITES 91; NEIL 186. COUNTY TICKET. For Representative, Brobeck 35; For County Commissioner, Rand 111; Bales 4; For Sheriff Hanks 18; County Clerk, Hutton 49; For Treasurer, McCullen 112; School Superintendent, Steele 133; Assessor, Foster 47.

Jacksonville Items.

EL. THINGS.—The June term of the Circuit Court, slowly ground its grist during the last week. The usual number of cases heretofore continued, were again postponed. The jury have been discharged, and a few days will again wind up their judicial timepiece for this term.

A sage prophet predicted the stage would be robbed several days previous to the occurrence of that event. He said a certain party were seen in the Siskiyou mountains, and whenever they visit this section, look out. People think many such transactions are written down in their category, which will be revealed some where in the "book of time."

The Highwaymen were traced from the scene where the stage was intercepted, to Wagner Gap, and are supposed to be now in the vicinity of this valley, apparently innocent as sheep.

A dispatch was received here by Mr. Tom Reams last night from Gov. Chadwick, to the effect that the Buncees and other Indians were concentrating at Steens mountain, about 300 miles east from here, and advising that a courier should be expressed immediately to warn the people of that vicinity of the pending danger. Our citizens immediately went down into their pockets, and made up a purse to defray the expenses, and Lony Land, who resides near Lake Lake, in Lake county, being in town, promptly set out on the vital mission. Mr. Brown, who went on a similar errand to Lost River, at the outbreak of the Modoc war, is not present. The Jacksonville county minutemen, are ready for any call from the Governor in an emergency.

The Rath Rebekah Lodge, No. 4, has rather slim attendance at present, principally owing to the advent of several young Odd Fellows into our city. We expect them to be permanent residents.

Major J. T. Glenn is making his annual visit among us. He looks well and hearty yet. He is satisfied with his home on the Bay, but has a void in his heart only filled by his return to the scenes of early experience and prosperity, in our midst.

A man got influenced by *spiritus frumenti* recently, from the effect of which he had the lock jaw. It was difficult for the doctors to unlock him, but finally succeeded.

Since Dr. Jackson has been among us, he has pulled upwards of 10,000 teeth, (he has a good start of a bone yard,) and looked down many a throat. I suppose the term will apply to him, "down in the mouth."

Langley & Watkins cleaned up about \$1,200 in dust recently, in the old Reed claim on Jackson creek. They drove out a new wagon yesterday, manufactured by Fish Brothers, G. Karawski has several more for sale; also a new set of harness, purchased from Mr. Judge. The prosperity of the miners insures business.

We welcome Mr. Sutton's return as chief in the editorial sanctum, while we shall also miss the genial productions, and kindly greeting of Capt. Applegate.

Amongst the ills of life, we are again patronized by the festive flies. When they beset a person and swarm around, you may rest assured, one of two things is the cause—they are either sweet or stale.

Bishop Morris of the Episcopal church, is expected here the last of this month. Three more young ladies were baptized by Dr. Williams, according to these rites this morning.

Mr. Holt is again preparing to burn a large kaolin brick, to put into his new hotel, which raises to proportion slowly.

The game of Governor is like unto seasawing; now it's up then it's down up. The next Legislature will decide. KENNEDY.

Programme for the Fourth day of July, 1878, at Bopanza, Lake county, Oregon: Prayer, by the Chaplain. PROCESSION. Reading of the Declaration of Independence by C. H. D. ar. Oration, by Capt. O. C. Applegate. DINNER. Music, by the Regt. & West Troupe. Grand Ball, Music by Kugel & West. Supper at the Bopanza Hotel. Everyone is invited to attend, and no pains will be spared to make the occasion all that could be desired. 52c2
