The Gazette earnestly calls for help from citizens—The total vote of Washington county on governor was 1307. On president in 1876 the total vote was 1 117—The water power of Oregon alone, excluding Washington, is fully equal to that of all the western states—Oregon and Washington have shipped more fruit than any section in the world with the same population—Letters from the upper part of the Willamette valley inform us that rain is needed. The wonderful success of the telephone is all owing to the fact that you can attach one end of it to the mule's ear and swear at him in seven languages without running the risk of getting kicked—*Philadelphia Chronicle.*

There are twenty-eight canneries on the Columbia river, most of them below the mouth of the Willamette, working from 80 to 600 men, in the aggregate nearly 7,000.

Two Irishmen in crossing a field came in contact with a donkey who was making "day hideous" with his unearthly braying.
