A liberal number of premiums are offered, and a large attendance of competitors is expected.

RETURNED.—W. C. Myer returned this week from the Willamette valley, where he has been spending the summer with his fine stock. No man is doing more for the stock interests of Oregon, and he well deserves the success he has won. He brought with him White Prince and Pride of Perche.

The Yreka *Journal*, under the management of Robert Nixon, has long since been acknowledged as the leading paper of Northern California, and it well deserves a liberal patronage in Southern Oregon. W. H. ATKINSON, Cl'm'n Building Com.

We have received from Chief Dunbar, a neatly printed pamphlet, containing the report of the 14th annual session of the Grand Lodge of the I. O. G. T., held at Portland on the 18th, 19th and 20th of June 1878. It contains among much other interesting matter, a very graceful compliment to the press of Oregon.

INSTALLATION.—At the last meeting of Klamath Lodge, No. 191, I. O. G. T., the following officers were installed for the ensuing quarter, by R. P. Flynn, Lodge Deputy: H. Wending, W. C. T.; C. F. Schiller, W. V. T.; F. Miller, W. S.; W. C. Smith, W. A. S.; J. Bayan, W. F. S.; M. H. Lorah, W. Treas.; J. Ervin, W. Chap.; T. Rogers, W. M.; I. Freeborn, W. D. M.; C. Woodward, W. I. G.; P. Reese, W. O. G.; J. Kane, W. L. H. S.; P. Casey, W. R. H. S. and J. H. Sambower, P. W. C. T.

FOR THE MOUNTAINS.—If the denizens of Jenny creek miss any valuables from their premises this week, we trust they will regard it as simply a coincidence that a party of four young Ashlanders are out in that section on a hunt. W. W. Watson, H. T. Chitwood, J. M. Wagner and J. S. Eubanks jr. are their names. Their outfit was elaborate and precludes the possibility of their being forced to forage extensively for provisions until their return. They may pick up watermelons if they find any lying around loose.

The most interesting occurrence in town this week, was the arrival in our streets of Mr. W. C. Myer, driving his two Shetland ponies, Bobby Burns and Molly, attached to a fine White Chapel Dexter wagon. Molly was accompanied by her foal, two months old, being the smallest specimen of "horse" on the coast. This diminutive team, was dressed in a splendid set of silver mounted harness, made to their special order. That was the first time they had ever been driven in harness, but they moved off as though they had served a life time at the business. Mr. Myer has another span, which he will break shortly, and proposes to visit our town soon "four in hand."

FINE WAGON.—Mr. L. McCall has had constructed a six horse wagon for freighting, which surpasses anything in the line on the road. W. W. Kenton executed the wood work, all of the best quality of Eastern timber. The ironing was done by J. S. Eubanks and in point of mechanical skill it surpasses any job we have seen. The wagon, when completed, weighed twenty-five hundred pounds, at least fifteen hundred pounds of which is iron. Mr. Eubanks has established the reputation of a first class mechanic in every branch of blacksmithing but in ironing wagons and carriages he has few equals any where. During the past year he has turned out a number of two horse carriages which would be creditable to any manufacturing establishment on the coast.

RICH STRIKE.—The Yreka papers report a rich strike in Daggett's mine on the Klamath. The *Union* says: After making due allowance for all exaggeration, we have no doubt it is the richest strike ever made in Northern California. The streak or chimney is about twelve inches wide and as to how far it runs, no idea can be formed yet. A Mr. Wilson, of San Francisco, who has been surveying the Black Bear Mine, was in town this week on his way to San Francisco, and he informed us that he had visited the mine, and that it was certainly the richest thing he ever saw. In Daggett's office, he saw specimens alone there, that were worth fully \$20,000. The amount of money in sight cannot be estimated. This strike will put new life into that section and will materially add to the prosperity of the whole country, for Mr. Daggett's success will induce others to emulate his energy and perseverance in prospecting their mines. We learn also that a streak or chimney of rich rock has been struck in the lower level of Black Bear Mine, which will pay at least \$30 to the ton, and that mine which it was reported had slacked down in the quality of the rock, is now claimed by parties in authority and who ought to know, to be as good as it ever was. This is very encouraging for the quartz interests of our country.

INSTALLATION.—At a meeting of Linkville Lodge, No. 309, I. O. G. T., the following officers were installed: Samuel Parker, W. C. T.; Miss Bertha Moore, W. R. S.; Miss Mollie Brooks, W. L. S.; Estilla Moore, W. V. T.; Geo. Harris, W. S.; W. D. Corpe, W. A. S.; Mary Corpe, W. F. S.; M. E. Lewis, W. T.; W. Pearson, W. M.; Eta Moore, W. D. M.; Viola Lewis, W. I. G.; Benjamin Lewis, W. O. G.; W. S. Moore, W. C. and Chas Moore, P. W. C. T.

New LODGE of A. F. and A. M.—Mr. H. C. Hill, D. D. G. M. of the District of Southern Oregon, returned last week from Lake View, where he had been for the purpose of instituting a new Lodge of masons. Mr. Hill furnishes us with the following report: He arrived at Lake View Aug. 3d, 1878, and convened a Lodge of masons, held an election of officers, instituted, Lake View Lodge, No. 71, installed the officers and they proceeded to work in the first degree. The names of the officers are as follows: Geo. Conan, W. M.; Wm. Denny, S. W.; A. Tenbrook, J. W.; C. B. Watson, Sec.; Geo. Penland, Treas.; J. B. Phelps, Tyler; J. A. Evans, S. D.; S. Ballard, J. D.; R. Reding and C. E. Randall, Stewards. The time of meeting of this Lodge is on Saturdays, preceding the full moon each month. Mr. Hill desires to express his thanks for the kind reception he met from the brethren of Lake county.

NECK TIE FESTIVAL.
A festival and neck tie party will be given by the ladies connected with the Presbyterian Church, on Wednesday evening, August 21st. The festival will be given in the new church building. Ample arrangements will be made to render this one of the most enjoyable entertainments of the season. The exercises will consist of music, both vocal and instrumental, speaking, etc. A splendid supper will be served under the supervision of competent committees. Hon. J. M. McCall has been appointed general manager. J. D. Fountain will officiate as door keeper and treasurer for the evening. Messrs. Chitwood, Inlow and Bann are constituted a committee to see that the church is properly lighted. Ladies are expected to supply the neck ties in accordance with the rule governing such festival gatherings. Mrs. Tozer will have charge of the ties prior to their distribution and will receive the same, any time before, or on the evening of the festival. A general invitation is extended to all to attend, and those who can do so, are kindly requested to bring their baskets filled with such articles as they deem suitable to assist in supplying the table. The proceeds are to be for the benefit of the church. An admission fee of 25 cts. will be charged at the door; children half price.

Josephine County Items.
The last wool clip of Josephine county will amount to 25,000 pounds. Gov. Briggs has 4,500 pounds of fine combing wool on hand, from his own clips. J. F. Kellogg, late of Willow Springs, is building a new blacksmith shop at Wilderville. A digger squirrel was killed at Wilderville, recently, and 1,225 grains of wheat extracted from its chops. The masons of Kerbyville are repairing the lower part of their building, for the use of the courts, for which they tax the county only four dollars a month.

Katie Wilder will celebrate her 18th birthday, on the 27th inst., at her father's house in Wilderville, by giving a party for the entertainment of her friends and acquaintances. Kerbyville has a watchmaker, one of the old '90ers, and a very good workman too, we presume. One day last week a man with a loaded pack horse entered the town. He was originally from those provinces which alternate between France and Germany, and consequently might be called a sort of a hy-bred German. He had "truck" for sale, to prevent lamps from exploding. Being of a bibulous disposition he indulged in sundry drinks of lager. Our watchmaker who sympathized somewhat in that direction, joined him. Becoming interested in each other, a game of poker was agreed to. To this the saloon keeper objected, and they straight way departed, bought a deck of cards and agreed to set down by the jail and play a real old fashioned cheating game; the one who could cheat the most, to be the "best feller." Things went smoothly for a while, but ere long ominous words of discontent arose on the air. The non-explosive man had gobbled a half dollar too much, according to the watch tinker's count. The former drew a knife, the latter a stone. A combat ensued. Knife cried out, I am dying! Stone replied, you don't need that half dollar then! Knife tossed out half dollar. Stone started for it, and knife in close pursuit. SEQUEL.—Watch tinker out on the neck, shoulder and hand, "other feller" departed early next morning with two black eyes and a badly bruised face.

It is about time the authorities lock up a monster in human form, in this place, or send him to the asylum, if he is crazy, as the indications are that he is. Every few days, the town is regaled by a fresh tale of his demeritizations, and the cries of his family can be heard all around the neighborhood where he lives.

Dr. Robinson met with quite a serious accident recently, at Dr. Danforth's. He went to take a horse from the stables for the purpose of visiting a patient, when he received a severe kick in the breast, which knocked him down. DON'T FORGET IT!

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as the saying is, you may safely conclude that you have the *Dyspepsia or Liver Complaint*. The liver is very apt to become torpid this season of the year, as poisons arising from stagnant water, or decaying vegetation, are more numerous, and are, through inhalations, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above-mentioned symptoms are sure to follow, and if not heeded, may end in more terrible diseases and death. White's *Prairie Flower* proves itself the Great Liver Panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by CHITWOOD & ATKINSON. (No59ff)
