

October.  
The people swing the purple vine,  
The yellow maples flame before,  
The golden-rod aspires a stem  
Hard by our cottage door;  
October glows on every creek,  
October shines in every eye,  
While up the hill and down the dale  
Her crimson banners fly.  
—Dora Reed Goodale.

Smoke all about and the sky serene.  
What about our hook and ladder company?  
Frost has come and the ague deserted  
Bear creek.  
Several new students arrived at the  
Academy this week.

C. K. Klum, is out on a rusticiating  
trip in the mountains.  
Eastern Oregonians have the mumps  
among them "mighty" bad.  
John Chandler is getting fearfully in  
earnest. Look under "New to-day."

The residence of John K. Holman,  
is near completion. Look out wag.  
If one of our millers does sell wag-  
ons, can it be said that he is a Wagner.  
W. C. Myer left with his assorted  
ized stock for the State Fair this week.

Ed. Baick formerly a resident of this  
valley, is among us again on a short  
visit.  
Three more dwelling houses in  
course of construction on Oregon  
street.  
It is rumored that new placer mines  
have been discovered some where near  
Phoenix.

Marshall Helms of Jacksonville was  
one of the stage passengers to the Siski-  
you Fair.  
We learn that Mr. J. S. Herrin has  
disposed of his stock of goods to J. D.  
Fountain.

L. M. Nickerson has been appointed  
by the President, Agent for the Klamath  
Reservation.  
Last Tuesday night was the first frost  
of the season, and a right sharp  
one it was too.

Fountain at the Post Office Store has  
opened a lot of new goods this week—  
"Oh what hats."  
The *Sentinel* has it that \$450,000 has  
been refused, for the Sterling Com-  
pany's mining claims.

If four bits make a half dollar, how  
many dollars are there in a barrel of  
broken lamp chimneys.  
Rosa Fobanks is attending the  
dances of the telegraph office during  
the absence of Mr. Klum.

Nothing new under the sun has  
been discovered. It was a patch on  
the seat of a boys trousers.  
We tried a bottle of Dr. Chittwood's  
Double Extract of Jamaica Ginger this  
week and pronounced it A 1.

B. P. Reeser is "getting his back  
up." If you don't believe it read his  
polemical in an other column.  
The Tidings publishes more matter  
than any other paper in Southern Ore-  
gon, and has the largest circulation.

Herif Bybee, Joe Clough and "Car-  
l" Webb raided through our town  
this week on their way to the Siskiyou  
Fair.  
Abrams & Lovens have let the con-  
tract for digging three miles of the  
Grand ditch on Applegate, to Mr.  
Boody.

The breaking of a cog in one of the  
wheels of the Wooden Factory  
delayed one or two days this  
week.  
The old original Eber Emery was in  
town several days this week. He seems  
to be of the progress his old town is  
making.

C. J. White and his brother, Colonel  
F. White, of Rock Point, called on us  
this week. The latter is attending the  
Academy.  
The assessment roll shows Jack-  
sonville precinct \$35,000, Phoenix, \$22,000,  
Ashland \$25,000 ahead of last years.

B. Shattuck, an old pioneer of  
this country, is over from Cottonwood  
during his winter's supply of flour,  
peas, etc.  
Our mountain friend, John Howell,  
is in from Pioneer the fore part  
of his week, and reports things prosper-  
ing in that vicinity.

Mrs. L. J. White, accompanied by  
her father, Mr. P. M. Ganyard, passed  
through town this week for Michigan,  
in a visit to their relations.  
Surveyor General Tolman, was in  
town this week, but didn't seem to  
inquire in any metropolitan airs. He  
was on his way to attend the Siskiyou  
Fair.

The *La Grande Gazette* says: "One  
has no idea of the damage done Uma-  
illa county by the late war. It will  
take a set-back in some parts of the  
county nearly five years.  
A huge storm made its appearance in  
our streets this week. It was said to  
be a still storm, but we noticed that it  
kept moving on with a view of making  
its home in Jacksonville.

Read what Chittwood & Atkinson  
have been doing this week—They've  
parted, and have a word for those ow-  
ling their lads from—Come, pay up and  
get a cigar—it's Dock's treat.  
Ashland peak has donned its winter  
garb, and has begun storing up the  
condensed water with which it will  
generally furnish our town next sum-  
mer.  
Besides our regular historical chap-  
erons and fine selection of choice mis-  
cellany on the outside this week, will  
find an interesting original reminis-  
ces of the late rebellion.

We were pleased to see our old friend  
Welborn Beeson in our office again  
this week after his long and severe ill-  
ness. He is recovering his original  
strength very rapidly.

Dr. Wm. L. Cavig started for Sile-  
m, on the 24th inst., to visit his son  
Geo. Cavig (Senator from Douglas  
Co.), who is at present lying very low  
with Typhoid fever.

We received a pleasant call from Dr.  
J. W. Robinson, of Jacksonville, on  
Wednesday. The Dr. is quite a young  
man, and a thorough physician, and is  
fast winning a front rank among the  
physicians of this county.

The old bridge at Rock Point is  
being thoroughly overhauled; new  
benches are being placed under it and  
other repairs made that will render it  
safe until next Summer, when we ex-  
pect to have a new one.

R. M. A. Miller delivered a lecture  
before the A. M. Society of William-  
ette University on Friday evening  
last, on the subject of "The Mammoth  
Cave of Southern Oregon," which is  
said to be very interesting.

Silas J. Kilgore started for San  
Francisco on last Tuesday to purchase  
a stock of goods for the Winter. In  
the meantime Mrs. Hargaline will be  
disposing of goods at very cheap rates  
to make room for the new stock.

Mr. Albert G. Rockfellow some  
time ago sent an agent to the Califor-  
nia State Fair with one of his patent  
guns, which elicited much praise.  
Now, he has one at the Siskiyou coun-  
ty Fair and we expect to hear a good  
report from it.

Thousands of acres of the most fer-  
tile lands along the banks of Skippam  
creek, Clatsop county, are about to be  
reclaimed from the tides by means of  
diking. Several hundred acres have  
already been so reclaimed, and the land  
is making excellent pasturage.

Thursday evening, says the  
*Yreka Journal*, a violent thunder storm  
prevailed in this section, during which  
a good shower of rain fell. The wind  
also blew firely, and shook down fruit  
from trees in great quantity, besides  
blowing down dilapidated fences.

NEARLY A FIRE.—On last Friday  
about 9 o'clock, P. M. a load of fire,  
was heard in our streets, which created  
no little excitement. It originated  
from the burning of a window curtain  
at the Ashland Restaurant. No dam-  
age except the loss of the curtain.

The expressive countenance of our  
old time friend, B. F. Dowell, lighted  
our attention on last Tuesday. He has  
an eye to day as a member of the his-  
torical committee of the S. of P. of S.  
O. Among his files are letters and  
documents of great historical value.

One day very early in the week, a  
mix'd party of young bloods from  
town and country, undertook a little  
game of bluff just outside the incorpo-  
ration. We understand, however, that  
when one side held a good hand, the oth-  
er wouldn't call, and a draw game was  
the result.

The wonder is what goes with all  
the wagons brought to this town by  
the three agencies here, B. F. Reeser  
furnishes the Whites, J. M.  
McCall & Co. the Fish Bros and  
Wagner, Anderson & Co. the Bain, to  
say nothing of the number put up by  
our local mechanics.

George Chase, the invincible whipsit,  
on last Sunday, while crossing the Siski-  
you mountains, broke the tongue out  
of his stage, but by a little dexterity,  
grounded the rear wheel, and stopped  
the vehicle. After an hour or two de-  
lay, he succeeded in extemporizing re-  
pairs, and put whip.

On last week we made a pleasant  
acquaintance with Mr. James Camp,  
of Etna Mills, in Scotts Valley, and Mr.  
A. W. Goodale of Scotts Bar. Mr.  
Goodale has a farm in Scotts valley  
and is now engaged in the butcher  
business. They bought some 350 head  
of hogs in this valley to drive out.

We are pleased to note the improve-  
ment in the *Sentinel* this week. It is  
printed with new type and enlarged to  
a 28 column paper. The *Sentinel* is  
the pioneer paper of Southern Oregon  
and is now in its 231 year. We congrat-  
ulate the proprietor on his success and  
hope his patrons may increase in pro-  
portion to his improvement.

Says the *Standard*: "It is rumored  
that the Chinese are about commencing  
a prosecution against Chief of  
Police Besser, on a charge of violating  
the cubic air ordinance. He has  
been imprisoning and keeping over  
night sixty Chinamen in a smaller  
space than the law allows. If they do  
it may go hard with the Chief."

DIDN'T MAKE IT.—On last Tuesday,  
at 3 o'clock P. M. David Cronmiller  
left Jacksonville for Yreka on a wagon,  
that he could make the round trip,  
riding the same horse, in eighteen  
hours, a distance of 120 miles. On ar-  
riving at the Mountain House, he  
found that his horse had already be-  
gan to weaken, and he very wisely put  
up for the night.

OUR NEW MINES.—It seems the im-  
pression has gone forth that the new  
mines, discovered on Ashland creek,  
have "pettered." This is a mistake.  
They cannot be worked at present, owing  
to the lack of water, but as soon as  
rain comes, and the ditches which have  
already commenced are completed, vig-  
orous operations will be commenced,  
with a certainty of good pay.

Post Master General K. Y. is just now  
doing Oregon. On last Monday, he  
took a spin to Roseburg. We presume  
he will propose Joe Lane's lane, for  
those big square bags of Pub. Docs  
that seek beneath its adhesive surface,  
in the good old days of "franking."

A little son of Joseph M. Kuo on Ap-  
pl gate, eight years old, lost one of his  
fingers last Friday by the explosion of  
a giant powder cap which he was hold-  
ing in his hand at the time. This is  
the second accident in this county in  
September with giant caps. C. C.  
Galle son, at Sam's valley, had his  
hand fearfully lacerated on the 13th  
with one of these dangerous toys.

WAS IT A TRAMP.—A little printer  
made his appearance at the *Courier*  
family residence, on Thursday last,  
says the Crescent City *Oracle* of the  
25th ult., and applied for a "sit." He  
said he was a workman, and that  
monopolists like Charles Stroud, Bro.  
Emery and others we might mention,  
would not give a workman a show.  
We, of course, gave him a "case." He  
weighs eight pounds, and is a regular  
Kearny to "holier."

WHERE HAS IT BEEN?—We have just  
received a spy communication from  
our correspondent at Kribyville dated  
the 18th ult. Most of the items are  
grey with age, but we will give his  
choice quotation from the poet as fol-  
lows:  
The melancholy days was come,  
Some rest was bite—and tender vice,  
The saddest of the year,—and  
Wailing winds—her grapes now  
Ripe for wine—and naked  
Woods—der pestly flea will soon be  
Done—and meadows brown and rear.

FESTIVAL AND FAIR.—The ladies of  
the Sewing Circle of the M. E. Church  
are preparing an unusually fine enter-  
tainment for the people of Ashland,  
Literary and musical exercises are on  
the programme, also an excellent sup-  
per. Many articles, both useful and  
ornamental will be sold at the bazaar.  
These articles are the handiwork of the  
Circle, and, like the supper, made up  
from donations of friends. By the  
way, if any of the friends feel like as-  
sisting the enterprise by donating pro-  
visions for the table, such help would  
be highly appreciated. Will all such  
good friends please report at the next  
meeting of the Circle, next Tuesday  
afternoon, at the house of Mrs. Dr.  
Royal. Tuesday evening Oct. 15th is  
the time, and the new Methodist  
Church the place. Be sure to go and  
help the ladies in the good work. Pro-  
grams next week. By order of the  
Circle.

That Mud Hole.  
Ed. Tidings—Some time ago, you  
called attention in your paper to the  
sidewalk nuisance just below the M. E.  
Church. Watch at the time I  
thought was very well timed. The  
nuisance, however, still remains, only  
getting worse as the wet weather com-  
es. Now I desire to make some in-  
quiry, with a view, if possible, to dis-  
cover some means of having that dis-  
agreeable suppressed.

1st. Who are responsible in case of  
an accident on the sidewalk?  
2d. Whose duty is it to look after  
the sidewalks?  
3d. Is it the duty of the town to  
build and repair sidewalks?  
Hoping you may be able to solve the  
problem I remain  
Yours Truly,  
Ashland, Sept. 29 Dows Town.

In answer to "Down Towns" ques-  
ries, we would say:  
1st. As Ashland is an incorporated  
town, and as its charter gives it exclu-  
sive jurisdiction over the sidewalks, it  
is evident that the town would be li-  
able for any damages that might occur  
from imperfect sidewalks. It is prob-  
able, however, that the people of the  
incorporation would have recourse on  
the officer whose duty it is to see to  
such matters.

2d. It is plain the duty of the Town  
Board, to see that the committee on  
sidewalks, appointed by them for that  
purpose, attend to their duties.  
3d. It is the duty of the property  
owners adjoining, to build and keep in  
repair all sidewalks. If they neglect  
or refuse to do so, after being notified,  
it then becomes the duty of the Board  
to cause the same to be built or re-  
paired, and proceed against the prop-  
erty in a civil action for reimburse-  
ment.

Jack-onville Items.  
Oct. 1st, 79.  
Ed. Tidings:—  
Our noble "band of brass" left us  
quite disconsolate on Sunday last,  
bound for a fair breeze at Yreka. They  
departed under a cloud in the rain, and  
derived the benefit of a good soaking  
outside. We cannot say about the oth-  
er side, but suppose that was soaked  
too. However, they are a set of jolly  
good fellows, and expect they will have  
a piece of time off of the top shelf.

A man went into Judge Day's or-  
chard the other day, and took there-  
from, a large quantity of apples. He  
had a right there.  
The soiree given by Prof. Scott, on  
Saturday night, was very pleasant and  
enjoyable. The Professor has rented  
the club room for the winter, and will  
organize a class in dancing.

Great excitement was manifested  
among our denizens on Saturday  
Shouting and laughing people came  
running out of all places. Down  
through the street, went a sorry yel-  
low dog, with a tin can keeping him  
close company.

Another Day has been added to this  
year, but hardly attributed to the  
celebrity.  
Webb & McDaniel have leased P. J.

Ryan's two story brick building on the  
south side of California street, for two  
years, with the privilege of fire. They  
intend fitting it up in first class order  
for a saloon with club room in upper  
story, they will be well patronized.  
Snash went a glass out of one of our  
new street lamps the other day, a stray  
stone was the cause.

Me the irrepresible, was seen  
perambulating our streets  
the other day, he was after two kinds  
of food, physical and intellectual. He  
may have drawn some of the latter  
from the *Fountain* head.

Will the Allen Fruit Preserving  
Company start the dryer this fall?  
When do pears cost much as but-  
ter? When they are butter pears.  
We were *Good* with a bucket full re-  
cently.

All the saw mills have been run to  
their utmost capacity and then cannot  
supply the demand for lumber.  
Let me give you a word of admoni-  
tion, do not sit there in your shirt-  
sleeves you will catch cold, yes, but  
how can a man sit in his shirt-sleeves  
The popular narrow gauge railroad  
move has reached Crescent City, and  
people all along the line are stirred up  
to their utmost capacity and then cannot  
supply the demand for lumber.

TELEGRAPHIC BREVETIES.  
Carl Schurz spoke at Cincinnati Satur-  
day.  
General Sherman arrived at San Francisco  
Friday.  
The Indian Commission is in session at  
St. Louis.  
Rain fell in various parts of California on  
the 28th and 29th.  
A damaging storm occurred at Lebanon,  
Indiana, last Friday.  
President Hayes will visit the Fair at  
Cincinnati October 24.  
New cases of yellow fever in New Orleans  
on the 29th, 261; deaths, 52.  
An unknown boy was killed by a freight  
train in Oregon on the 29th ult.  
General Sherman left Los Angeles at 4:35  
on the 29th for San Francisco.  
General Fremont was at Los Angeles on  
the 29th, on his way to Arizona.  
New cases of yellow fever at New Or-  
leans on the 27th, 129; deaths, 44.  
Two women were killed by a train Satur-  
day, on the Long Island Railway.  
Keefe, who cut his throat in San Francisco  
Wednesday, died Friday morning.  
The President arrived at Washington on  
the 29th, from his Western trip.  
News is received that the number of people  
arriving at starvation in Morocco.  
The well known German geographer  
August Heinrich Petermann, is dead.  
A serious outbreak has occurred on the  
borders of Persia and Afghanistan.  
Eighteen thousand Albanians are advanc-  
ing toward the Montenegrin frontier.  
Serious charges are made against Solicitor  
Rynor of the Treasury Department.  
Cables indicate extensive preparations  
by the Indian army for active service.  
The serious outlook in regard to the  
Afghanian affair continues to increase.  
Six hundred Normans arrived at New  
York on the 29th, on their way to Utah.  
A man said to answer the description of  
Tom Linton has been arrested at Merced.  
By recent surveys the Madeira river,  
in Brazil, is found to be navigable for 300  
miles.  
Great preparations are making for the  
reunions of the Army of Tennessee at Indian-  
apolis.  
Claimants against the Mexican Republic,  
are being received a percentage of their de-  
mands.  
Bombers to the number at 21,000, mostly  
Austrian, have entered Servian territory near  
Lomza.  
The loss by the fire at East St. Louis  
Thursday night of last week is estimated at  
\$150,000.  
The Supreme Court at Victoria has de-  
clared the Chinese tax bill unconstitutional  
and void.  
George Struz, a cattle thief, was killed  
on the 29th, in Summit county, Utah, by a  
Cavalist.  
A new Association is being formed at  
Washington, known as the United Labor  
Association.  
Julian Avery Keefe, a printer, cut his  
throat from ear to ear in San Francisco on  
the 29th ult.  
The posse comitatus clause in the army  
bill is causing much embarrassment at  
Washington.  
T. W. Kent was probably fatally injured  
at Marysville last week by being thrown  
from a baggy.  
A suggestion is ordered by Lord Dufferin  
that an international park be founded near  
Niagara falls.  
By the occupation of Swatnik, the Austri-  
ans have virtually completed the pacifi-  
cation of Bosnia.  
Hon. Ellis Spear, Commissioner of Pat-  
ents, has tendered his resignation to  
Secretary Schurz.  
Mrs. Sampson, widow of the late Post-  
master of Memphis has been appointed post-  
mistress of that city.  
An alarming outbreak of yellow fever is  
reported from Louisville, Kentucky, but the  
story is contradicted.  
Pachal Costo, a man, for the murder of his  
wife, has been sentenced at San Bernardino  
to imprisonment for life.  
A white man was fatally stabbed by a  
Chinaman Tuesday night of last week, at  
Bradford, Pennsylvania.  
Steps are being taken to reduce the time  
of emigrant and fast freight trains on the  
Union Pacific Railroad.  
The British ship, Jessie Osborne, ashore  
near the Healds, has been got off and towed  
into San Francisco harbor.  
New cases of yellow fever in New Orleans  
on the 29th, 100; deaths, 29. Total cases to  
date, 8,154; total deaths, 2,608.

Fetterman, Wyoming, was robbed and dis-  
mantled Friday and suppressed and as-  
saulted the military escort.  
Irregularities other than those published  
have been discovered in the affairs of the  
French Savings Bank at San Francisco, but  
have not yet been made public.

Let me give you a word of admoni-  
tion, do not sit there in your shirt-  
sleeves you will catch cold, yes, but  
how can a man sit in his shirt-sleeves  
The popular narrow gauge railroad  
move has reached Crescent City, and  
people all along the line are stirred up  
to their utmost capacity and then cannot  
supply the demand for lumber.

MELANCHOLY DEATH.—Mr. J. C.  
Flood, of Roseburg, Oreg., arrived in  
town last Friday, having been called  
here by telegraph dispatch from his  
wife at Strawberry valley, who was in  
company with their sick daughter,  
aged 15 years, on the way home, from  
an unsuccessful effort to gain medical  
relief at San Francisco. The lovely  
and accomplished young lady has been  
sick for some time with consumption,  
and all the doctors at San Francisco,  
said they could do nothing to save her,  
hence, she was taken homeward with a  
hope of being able to reach there to  
see her relatives and friends before  
death. At Strawberry valley, a heavy  
storm prevailed, and she was sinking  
fast, which compelled a delay. Mr.  
Flood reached his daughter's bedside  
last Friday, about twenty-four hours  
before she died. A coffin was procured  
in Yreka, and the remains after being  
properly enclosed, a team and wagon  
was chartered to take the remains to  
Roseburg. Mr. Flood and youngest  
daughter returned homeward Monday  
evening, while his son came
