Boring for Coal .- Four years ago, says the Crescent City Courier, a company was formed to search for coal in -its greatest beauty, but once gone, no Del Norte county, and some work was cessation of the prospecting. The work is now to be resumed, though by a differprospecting by means of an artesian well boring apparatus, which is now on its ness of the kidney and bladder, no mat- way from the east. They will sink the ing of a shaft. Upon the success of those engaged in this search depends much more than at the first blush appears. The erection of smelting works would be assured the early opening up of our iron and copper resources, which may otherwise remain undeveloped for many years.

Notice to Masons .- A special communication of Ashland Lodge, No. 23, F. & A. M., will be held in Masonic Hall Monday evening, March 22d. Work in the third degree. Masons in good standing invited to attend. By or-
