DANCE AT HOUCE'S HALL. - There will be a social dancing party at Houck's Hall this (Friday) evening, to which a cordial invitation is extended to the public. The this year. music will be furnished by Niles' Band, of Cottonwood, which has a wide reputation for excellent playing, and the supper will be given by Mr. Houck, of the Ashland House. Everybody go!-a grand time is assured. The price of tickets, in- per head. cluding supper, is \$200; tickets for dancing, without supper, \$100.

ALFORD-NEIL -At the residence J. R. Tozer, in Ashland, on Sunday morning last, Mr. Russell A. Alford was married to Miss Jennie Neil, Rev. L L. School House. Rogers officiating. The ceremony was performed in the presence of a very few friends, and after dinner the wedding district last Saturday. party drove down the valley to the residence of the groom's parents, on Wagner creek. Both the bride and groom are well known throughout the valley, and hosts of warm friends wish them happiness and prosperity. We understand they will not go to housekeeping until next fall.

FROM THE AGENCY.-Rev. L. M. Nickerson, Agent at the Klamath Indian Reservation, made a trip to the valley this week and reports that the Indians have lost about half their horses, and that about diff the cattle on the reservation were lost. Some improvements are be ing made in the school buildings, an addition being built to the school house, so that two teachers may be employed in separate apartments. The Indians are sending more of their children to school every year. They are improving rapidly in many ways, the most commendable being the willingness of the men to work.

NEW OFFICERS, C. of H .- The following officers of Volunteer Council No. 2. at Ashland, were installed May 10th, by Dr Coon, assisted by J. E. Niles, G. Several members of the order were present from Yreka, Little Shasta and Henley, also from Reville Council No. 7.

DIDN'T ARBITRATE. -Two parties to a chose arbitrators, and appointed a meet- however. ing at F. W. Bashford's office last Saturday afternoon. MessreyJno. Walker and M. H. Drake were the high tribunal, and were at their places at the appointed time. Some witnesses also came in, and one of the principals in the suit put in a very transitory appearance. The arbitrators waited, the counsel and the justice, who was fixing up some papers, settled themselves in an attitude of expectancy, but the suitors came not. The court made a very pretty tableau, bu even tableaux become wearisome if the characters have to pose too long. At last the justice asked the arbitrators what it was all about. They said he "couldn't prove it by them." And then they concluded to look around for the belligerents. They had gone off somewhere, and ports the roads bad. it is supposed settled the business bethat it was their duty to put up the ci- rooms in the country.

THE HARBOR OF REFUGE. - Telegraph. The minori- Ashland last Monday for Woodland, Calty recommended Trinicad, California, as sfornia, expecting to spend the harvest the best location, but as the law of last year confined the power of absolute se lection upon a majority of the Board, and Cavalry, who has furnished us items approprieted \$150,000 for commencing from the Fort heretofore, has been dis the work, the present majority determination is final, unless Congress shall explicitly decide otherwise. Port Orford is about twenty miles north of the mouth of Rogue river, and if there is a, feasible route for a railroad from the mouth of the river to the harbor, the people of this valley may congratulate themselves of immeasurable depth, more than "the upon an excellent prospect for the open- oldest hhabitant" ever saw there being of such a market for their products fore. as they are proving for. As to what kind of a route exists, however, we are sadly in want of accurate knowledge. It W. There are two classes of swamp lands in Oregon, viz: (1) lands unsurveyed on K. Anderson, issue the following call: March 12, 1860, and (2), lands surveyed prior to that date. The decision of Mr. Schurz refers entirely to lands of the first class, and settles the question that the state selection of this class of lands was made within the time limited by law. His decision on this point, however, is simply a confirmation of the ruling of his predecessor under whom a large amount of swamp lands of this class day May 25th, at 10 o'clock A. The case went up from Columbia County and was decided against the state by the Commissioner of the General Land Office, on the ground that theselection had not been made within the time limited by law. What may be the ruling of Secretary Schurz upon that point remains to be seen. But whatever may be his decision, it is a matter of little or no interest to Southern Oregon, as there are no swamp lands of the second class in this section of the state. We have a large amount of swamp lands of the first class in this region, particularly in Lake County, and, as the question of selection, in respect to these lands, is now settled in favor of the state claim, we are content.
