

THE ASHLAND TIDINGS

FRIDAY, JUNE 18, 1888

THE STATE ELECTION.

The returns of the recent state election indicate that the status of the next legislature will be about as follows: the Senate will have 16 Republicans to 14 Democrats, and the House 37 Republicans to 22 Democrats, the chances being that the Republicans will have a majority of 25 on joint ballot.

In Multnomah county George's majority over Whiteaker was 1,155, average Republican over Democratic candidates for Supreme Judges 1,187. Two Republican Senators and 7 Republican Representatives elected.

In Lane Whiteaker's majority is 35. One Democratic Senator, two Democratic Representatives and two Republican Representatives elected.

In Marion George's majority is 662; Republican Supreme Judges' 710. Republican Senator and Representative elected.

In Polk two Republican and one Democratic Representative and Democratic joint Senator for Benton and Polk are elected.

In Benton Whiteaker's majority is 156. For Supreme Judges, Burnett, Peun and Watson ahead. One Republican Senator and two Republican Representatives elected.

In Clackamas George's majority is 252, Republican Supreme Judges' about the same.

In Clatsop George's majority is 43, Supreme Judges' 60. Republican Representative elected.

In Columbia Whiteaker's majority is 19, Democratic Supreme Judges' 15.

In Coos Whiteaker's majority is 57, Republican Representative and Joint Representative elected.

In Curry Democratic state ticket has 35 majority. Democratic Joint Senator for Coos and Curry is elected.

In Grant Republican state ticket has about 80 majority.

In Linn Whiteaker's majority is 190. Average majority of Democratic Supreme Judges 82. Republicans elect Senator and two Representatives. On county ticket, Republican Sheriff, Superintendent and one Commissioner.

In Umatilla Whiteaker's majority is 148. Democratic Supreme Judges' about the same.

In Washington the Republican state ticket has a majority of 340.

In Yamhill George's majority is 154. Republican Supreme Judges' 146.

Bands of cattle, sheep and horses are being driven to the Lake country in great numbers, and the ranges will probably be pretty well occupied during the season, but had the past winter been a favorable one the country would probably have been rather over-crowded with stock, and the pasturage would have been cropped and trodden to such an extent as to injure it for years to come.

So, to philosophize over the losses of the winter, we may regard them as really of future benefit to the country. It is difficult to lose the sense of severe present loss in the view of future advantage, especially to those who may have been financially crippled by the blow, but to consider the Lake country in the aggregate of its prospects, prosperity and capital, it is safe to say it will be the better for the recent severe winter.

Every such experience must have a tendency to settle definitely the exact status, resources and capability of the country, and the sooner this is reached, the better it will be, for not until then can a solid, enduring growth of prosperity be counted upon. The people will understand now better than they did before last winter just what the risks are in wintering stock without preparation for some emergency. This will cause some ranchers to do more work, and may give some a distaste for the business, but it will result in placing the stock interests upon a surer basis, where it will be impossible for them to suffer as much again from an unfavorable season as they have suffered.

Kearney is not a woman suffragist, neither is Mrs. Kearney, as the following press dispatch of the 12th, from Chicago, indicates: "In the Greenback Convention yesterday a woman suffragist made an appeal for that party to assist them in getting a ballot. This brought Kearney to his feet, and in one of his usual speeches he proceeded to denounce the woman shriekers, and wound up by declaring that before he left home his wife told him that if he favored giving women the right to vote, instead of receiving him with a kiss she would meet him with a hat-iron."

The New York World is now

booming Judge Field for the Presidential nomination.

Lyman Trumbull has received the Democratic nomination for Governor of Illinois.

The belief appears to be growing that Seymour will be nominated, if he is willing to accept.

The Chicago Journal says the ticket necessary to carry New York against Garfield and Arthur is Seymour and Thurman.

Ex-Senator Jas. A. Bayard, father of the present Senator, Thos. F. Bayard, died at his home in Wilmington, Del., on the 13th inst.

G. E. Kearns has been sentenced at Santa Rosa, Cal., to a year's imprisonment in the penitentiary for voting twice on the new state constitution.

It is estimated that twelve or fifteen thousand more votes were cast in the state this month than in 1878. Basing an estimate of the population upon this it is calculated at nearly 2,000,000.

The National Greenback-Labor party convention nominated Jas. B. Weaver, of Iowa, for President and B. J. Chambers, of Texas, for Vice President. Ben Butler received 95 votes for the Presidential nomination on the first ballot.

A collision occurred between two passenger steamers in Long Island Sound last Friday, which resulted in the loss of about fifty lives. One of the steamers carried 300 passengers, and when the collision occurred caught fire, and the wildest panic prevailed.

In a recent talk General Hancock declared that in his opinion no one could ever be elected to the office of President who favors the old state-rights theory, or who would countenance any movement to do away with the Fourteenth and Fifteenth Amendments of the Constitution.

Brick Pomeroy writes a letter to the Irish World, explaining that the "Democrat" suspended in consequence of the rascality of his partner. He says the Tablet, a new Greenback paper, published in Chicago, will be sent to the subscribers of the Democrat for the time for which they have paid.

In the future Pomeroy will be a regular weekly contributor to the Tablet.

The Secretary of the Treasury has forwarded to the Senate a statement of the expenses incurred by the United States in the war of the rebellion, also the specific amount paid on the principal of the public debt thereby incurred. The statement of the expenses growing out of the war, from July 1, 1861, to June 30, 1879, inclusive of the amounts in gross of the expenditures, were \$6,796,792,508; ordinary expenditures, \$609,549,123; specific expenditures of the war, \$6,187,243,385.

Official Vote of Jackson County.

Following is the vote received by the various candidates in Jackson county.

The Lakeview Examiner, trusting to luck, no doubt, announced in its issue of the 10th that the entire Democratic state ticket was elected by a large majority. Telegraphic communication hasn't reached Lake county yet.

CASCADE STOCK FARM.

Season of 1880.

ALAMONT,

Dark bay stallion, foaled 1875. Bred by Col. R. West, Georgetown, Kentucky. (Vol. III, p. 38, Wallace's Trotting Register). Sired by "the great sire of trotters."

ALMONT,

Son of Alexander's Abdallah, sire of Goldsmith Maid, record 2:14; dam by Brown Chief, son of Manbrino Chief, sire of Lady Thorne, record 2:18; g. d. by Imp. Hooton, sire of the dam of Lulu, record 2:15; g. d. by Bertrand, the great four-mile-race-horse; g. g. d. by Imp. Buzzard, sire of the dam of Woodpecker, sire of the famous Grey Eagle. Almont will at the proper time be given a record which will ensure a large demand for his colts. (Almont is the property of Gen. W. T. Withers, Lexington, Ken.)

WILBURN,

Bay stallion, foaled 1877; bred by Gen. Wm. T. Withers, Lexington, Ky. (Vol. 3, p. 666, Wallace's Register). Sired by Alamo, sire of Abdallah, sire of Nancy Witherspoon, five-year-old, record 2:22; and ten with technical records of 2:30 or better. (No other horse of his age has more than four.) He also sired Allie West, sire of Jewett, that has the fastest three-year-old record (2:23) ever made. Alamo's dam by Alexander's Abdallah (see above). Wilburn's dam by Melbourne Jr., sire of Jim Irving, record 2:23; g. d. by Alhoit, (his dam by Imp. Hooton) son of Alexander's Abdallah; g. g. d. by Beignoli, (record 2:24), son of Manbrino Chief, sire of Lady Thorne, record 2:18; and Woodford Manbrino, record 2:21; g. g. d. by Pilot Jr., sire of John Morgan, record 2:24, and dam of Nutwood, record 2:18; g. g. d. by Ole Bull, (sire of Chicago 2:24), son of Ole Pilot. Wilburn is very large, highly finished and compactly built.

Both are perfectly sound and free from blood, and were purchased for me in my own breeding stud; but will be allowed to serve a limited number of mares during the season of 1880, at Cascade Stock Farm, three miles east of Linkville, Ogn., at \$75 the season, with privilege of returning such mares as do not prove in foal. Excellent and safe pasture free during the season.

For particulars and free pamphlet-history of the trotting horse, address, JAY BEACH, Linkville, Ogn.

SOCIETIES.

Ashland Lodge No. 189, I. O. G. T. Meets at the new lodge room, Masonic Hall, every Friday evening at 8 o'clock. M. Brothers and sisters in good standing are cordially invited to attend. The Temple meets every first and third Wednesday in each month.

T. O. ANDREWS, W. G. T. J. M. WARRER, Secretary.

ASHLAND COLLEGE and NORMAL SCHOOL

Ashland, Jackson County, Oregon.

FACULTY

REV. LOWELL L. ROGERS, A. M., President.—Professor of Natural Science, Mental and Moral Philosophy.

REV. LADRU ROYAL, A. M.,—Professor of Latin and Greek Languages and Literature.

MRS. A. A. ROGERS, P. H. D.—Teacher of Education, Principal of Preparatory Department.

MISS ELBA M. SCOTT,—Teacher of Piano, Organ and Vocal Culture.

MISS KATE THORNTON, ASSISTANT TEACHER.

Books, Journals, Business Arithmetic, English Composition and other branches specially prepared for business life will receive unusual attention. The best training and instruction afforded those preparing to teach. Higher Mathematics taught practically and thoroughly.

Courses of Study. 1.—Classical, requiring six years, including preparatory studies. Graduates receive the degrees of A. B. and A. M. 2.—Scientific, requiring three years. Degree conferred, B. S. 3.—Normal, Commercial and Musical, occupying three years each. Diplomas given certifying to attainments of graduates.

Expenses. TUITION.—\$6 a month, \$15 a quarter, \$40 a year. One scholar three years, or three, in same family, one year, \$100; Instrumental Music or Voice Culture \$5 a month. Vocal music in class \$3 a quarter. Board \$3.50 a week. Rooms or Cottages for self-boarding \$2 to \$5 a month. Tuition in all cases payable in advance in cash or acceptable notes.

College Calendar. Fall Term commences September 1st, 1880. Winter Term commences November 24th, 1880. Spring Term commences March 1st, 1881.

PROMINENT FEATURES AND ITEMS OF INTEREST. 1.—The College will be chartered; and the Normal or Training school for teachers will be made, it is hoped by special enactment, an adjunct of the Public School system, and diplomas made equivalent to first-grade certificates. 2.—Ashland has no saloons. The sale of intoxicating liquors is prohibited by the city authorities, who are sustained by a strong public sentiment. 3.—The school is under the supervision of the Methodist Episcopal Church. The Bible will be reverently read and studied; the worship of God encouraged, but the institution will be sectarian in no objectionable sense. 4.—Patrons living at a distance can arrange through the President for board and rooms. 5.—The Musical Department is mentioned as specially worthy of confidence and patronage.

Address all communications to 5-1-11 Ashland College and Normal School,

CALL AND EXAMINE OUR STOCK! Beef Cattle, Hides and Wool Taken in Exchange for Goods THATCHER & WORDEN.

A RARE OPPORTUNITY

To Improve the Stock of this Section of the Country,

IS GIVEN AT PRESENT IN PRESENTING THE CELEBRATED CHAMPION STALLION

COMMODORE MAMBRINO

To the breeders of Jackson and surrounding counties, at the moderate fee of \$20 For the Season

OF eight weeks from time of beginning extending to July 18th, 1880, making headquarters at Maj. Barron's, and two days of each week (Fridays and Saturdays) at Mr. J. S. Herrin's place, adjoining Ashland, known as the Applegate farm.

The following is a limited outline of pedigree and description of the horse: COMMODORE MAMBRINO that was bred by Mr. Jonathan Owen, of Paris, Bourbon county, Ky.; foaled June 7th, 1873. He was sired by Dr. Herr's "Madrino Patchen," a full brother to "Lady Thorne"—the fastest trotter and Queen of the Trotting Turf in her day—having met the famous "Goldsmith Maid" in six engagements, defeating her in each and every race, without the "Maid" being able to win a single heat. (In proof see Turf History.) COMMODORE'S first dam was got by Downing's "Bay Messenger," he by "Harpington," by Eschbor's "Hambletonian," by "Imported Messenger." Second dam by "Bertrand," by "Sir Archy," by "Imported Diomed." Third dam, a fine mare said to be thoroughbred, (which she was without any reasonable doubt) being owned by the late John Hutcherat, who bred the dam of COMMODORE MAMBRINO, and in fact his breeding for generations (upon his dam's side) was directed by the excellent judgment of that intelligent gentleman, the honored owner of the famous "Bertrand."

—Description.—COMMODORE MAMBRINO is a rich, dark bay in color, with slight white on each hind heel, measuring over 16 hands in height, standard measure (string measure making him about 16) hands high; weight, when fat or in high flesh (Jan. 1, 1880), 1,372 lbs. In moderate condition, as at present, 1,250 pounds. We will not attempt further to give a description of such a model of perfection in beauty and power, but hope that the breeders of this section will give him sufficient attention for a personal investigation, for which purpose we ever take pleasure in showing him. And it should not be ignored or forgotten that size with elegance of form are indispensably necessary in producing horses for any purpose at the present time for which we can obtain remunerative prices in our markets—the lack of which cannot be made up by a boasted lineage, or the speed of a gait. The public demand a horse of substance, style and finish, (not a pony, even though he should be "on stilts.") To select the proper Stallions to breed to is a question of grave consideration to the breeder, and one which depends so much upon the qualities of the dam (or mare to be bred) that it is hard for any one to advise, without knowing the facts upon both sides of the question, as well as the object desired. To say that a horse will get colts for specific purposes, out of any and all kinds of mares, is simply repugnant to my opinion, to produce the horse of general use (or "horse of all work"), we must not look too much to gigantic proportions, and especially when such dimensions are composed of (or consist in) an over amount of flesh, or fat, produced by feeding; not breeding; however, high form, with good bone and muscular development, is among the principal requisites for a stallion in use, but they should be natural, and without too much flesh made to show the points of power in the animal. And, remember, that to know the blood and manner of breeding in the sire, is of first importance to those who would improve the standard of their horses.

We come to the farmers and breeders with a first-class animal, as the given account of the facts and investigation will plainly show, for the purpose of improving the standard of our common stock, as well as the horse for turf purposes. In order to be consistent in the first proposition, we keep the horse at a very low figure, so as to be within the reach of all who may desire such improvement—not demanding a hundred dollars or two in gold coin, for his services, as is usual for such a stallion. However this horse will not stand at such a reduced figure the following season, as this is but a fraction of what is generally demanded for the services of an animal of his class. Any well-bred and finely-bred mares that have failed to produce during a space of three years, and are found to be sound and healthy (by an examination of the same) will be bred on shares or to insure for \$37.50 payable when mare is known to be in foal. The season fee will be due within or by the expiration of the season. But cash will not be required in cases wherein it is inconvenient to make such payment; as approved note giving ample time, or produce so far as needed will answer the purpose. As reference to this horse's qualities as a breeder, I will refer you to the premium list of the Sonoma and Marin District Agricultural Society of California, during the years '78 and '79, where his stock has been shown with advantage; as to his success, as a sire I will furnish a list from the season books of his patrons at above stated place to any gentleman wishing to make investigation. Good pasturage at either stand for the present season, at reasonable rates. To the patrons of the Stallion herein set forth, we furnish Breeding Certificates, (given up expressly for the purpose, in printed form), giving the blood-tracing of the horse, with other facts, as day and dates of such transactions in the stud. When properly filled out, signed and delivered to the breeder, he has something of a valid nature to show the origin of the stock he is rearing, which will be of great advantage to him when he wishes to sell or dispose of the same, as a document in proof of the animal's breeding worth, and much speculation and question of doubt so commonly raised by designing purchasers and speculators, when a good animal of real worth is put upon the market for sale. By this useful arrangement, a ten-year old boy could take his well bred horse to any market (attended by intelligent purchasers) and sell the animal for its value.

Respectfully, J. A. MERRICK, Importer and Agent.

George T. Baldwin MILLINERY, LINKVILLE, LAKE CO., OREGON.

MISSES L. V. AND M. H. ANDERSON, ASHLAND, OREGON. ELEGANT SUMMER HATS, TRIMMED AND UNTRIMMED.
