FROM WARNER .- E. H. Loftus returned last Friday from Warner valley, and reports his stock interests in that section as in a satisfactory condition. His boys were specially favored in the matter of rations during the winter, not being compelled to subsist on the slim fare that prevailed upon many ranches. Fat swans, geese and ducks swarmed in the valley, and Mr. Loftus says the boys shot 1,000 ducks, saving the feathers to make beds with.

WAGON ROAD. - The Del Norte Record fact that on last Saturday a party from the people of Smith River after the party return and make their report to decide whether it will be advisable to make a survey. Should they report a favorable route the people of the valley intend to take immediate steps in the matter. It is not at all likely that Smith River will ever be a shipping point, and as Monday, Eve., July 5th 1880. The celebration of Independence day in Ashland to morrow will be rather irregular and informal. Instead of the usual oration and attendant exercises in the inorning, it is expected that the speaker's stand will be occupied from 10 to 12 o'clock by a number of speakers, who will eulogize the "Proud bird of Freedom' in off-hand speeches. The dinner will doubtless be the most regular part of the whole programme of exercises, and will unquestionably be disposed of in the old-fashioned way. After dinner there will be a parade of "plug uglies," burlesque stump speaking, etc. At halfpast four a novel amusement will be introduced, in the shape of a half-hour, goas-vou-please pedestrian contest upon a track prepared for the purpose on the picnic grounds, a prize to be given to the contestant making the greatest distance.
