

**THE ASHLAND TIDINGS**

FRIDAY AUGUST 27, 1880.

**WEATHER REPORT.**

The following is the weather report furnished us by H. C. Hill, for the week ending August 26th. Thermometer recorded at 6 A. M. and 12 M.

| DATE | WEATHER | THERMTR |
|------|---------|---------|
| 19   | Clear   | 58 86   |
| 20   | "       | 60 88   |
| 21   | "       | 61 90   |
| 22   | "       | 60 85   |
| 23   | "       | 52 60   |
| 24   | "       | 40 66   |
| 25   | "       | 44 65   |

**WHEAT WANTED.**—Wagner, Anderson & Co., of the Ashland Mills, are now buying wheat, for which they are paying the highest cash market price. 2-4t.

**WILL BE SOLD.**—The residence and property of M. Baum, on Granite street, is offered for sale at a bargain. For particulars inquire of M. Baum at McColl, Atkinson & Co.'s store. 6-4t.

**HOUSEHOLD FURNITURE FOR SALE.**—Mrs M. Baum offers for sale the entire lot of household furnishing goods in her residence on Granite street, among which are many pieces of nice furniture. Call and examine it. 9-4t.

**SETTLEMENT WANTED.**—All those who are indebted to Wagner, Anderson & Co., are requested to make settlement as soon as possible by cash, wheat or note, as our old accounts to date must be balanced on our books. 11-3t. WAGNER, ANDERSON & CO.

**SHOCKING ACCIDENT.**—A man named Fallman, driving a reaper in a harvest field near Oregon City last Friday, met with a fearful fate. The team he was driving became frightened and ran away and, making a sudden lunge, threw him directly in front of the fast moving sickles, cutting off both legs as cleanly as if amputated by a surgeon. Assistance was promptly rendered, but the man died in a short time after the accident.

**DIED.**—Joseph Sears, of this place, who left here in the early summer to spend several months in the Sacramento valley, died at Woodland on the morning of the 10th inst., of dropsy of the heart, at the age of 56 years. He had been very ill with bilious fever, but was thought to be recovering, when the fatal attack came. The funeral was in the afternoon of the same day. His son James, who went with him from this place, has also been very sick, but was improving when last heard from. Mr. Sears leaves a wife and two children in Ashland.

**PIONEER REUNIONS.**—The fourth annual reunion of the Pioneer Society of Southern Oregon, will be held at the Court House enclosure in Jacksonville, on Thursday the 16th of September next. A cordial invitation is extended to all, whether members or not. Families are requested to furnish provisions for the occasion. Members who are delinquent for their yearly dues, are earnestly requested to pay the same to K. Kubli, Treasurer, to meet current expenses. Wm. Hoffman, Sec'y.

**FINE HORSES.**—J. A. Merrick, the horseman, was in town this week, having returned from a trip to California. His fine horse, "Commodore Mambrino," is at Maj. Barron's, and will be kept there during the fall and winter. His other horse, Bayswater, now in the Sacramento valley, will be taken north to the Willamette valley by water. Mr. Barron is interested in having Bayswater brought into Oregon, and is backing Mr. Merrick in the enterprise. Whether or not the horse will be brought to the southern part of the state has not been determined.

**ASHLAND WOOLLEN GOODS.**—The trade of the Ashland Woolen Manufacturing Company is not hedged in upon narrow limits by the competition of the large manufacturing establishments of the older states, but is reaching out into territory in which competition is most active and aggressive. But a few days ago the Company received a large order for blankets and socks from Kansas City, where every large manufacturing firm in the eastern states has its agents offering every possible inducement to purchasers. In our own state the reputation and popularity of the Ashland goods are constantly extending and increasing. An order for 210 pairs of blankets has just been received from Goldsmith & Co., of Portland, who have dealt in the goods for some time.

**SISKIYOU COUNTY FAIR.**—The annual fair of the Siskiyou County Agricultural Society will begin at Yreka on Wednesday, Oct. 13th, and continue four days. For racing purposes, the district comprises Siskiyou, Trinity, Shasta and Modoc counties, California, and Jackson and Lake counties, Oregon. No horse shall be eligible to any of the trotting races unless owned in the district prior to October 1st, 1879. Following is the speed programme: First day—Trotting race, free for all, mile heats, 3 in 5; purse \$150, entrance \$15. Running race, free for all 3 year-olds and under owned in the district, single dash of one mile; purse \$50, entrance \$5. Second day—Trotting, free for all that never beat 3 minutes, mile heats, 2 in 3; purse \$100, entrance \$10. Running race, free for all, half mile and repeat; purse \$75, entrance \$5. Third day—Grand parade of stock. Running race, free for all, mile heats, 3 in 5; purse \$125, entrance \$10. Trotting, free for all 4 year olds and under, mile heats, 2 in 3; purse \$75, entrance \$5. Fourth day—Trotting, free for all horses that have never contended for public money, mile heats, 2 in 3; purse \$75, entrance \$5. Trotting, free for all, two mile heats, 2 in 3; purse \$180, entrance \$15.

**LOCAL BRIEVITIES.**

New goods this week at McColl, Atkinson & Co.'s  
Legislature convenes in the second week of next month.  
School begins at the Ashland College next Wednesday morning.

Several weddings are upon the eve of consummation in Ashland.  
John Million arrived with freight from Roseburg last Tuesday.  
C. A. Nutley now keeps watermelons and fruit for sale at his confectionery store.

New Goods of every description received this week at Butler & Rockfellow's.  
We are indebted to both Mr. R. Ball and David Ralph for a treat of excellent pearls.  
J. A. Leach has stopped at Yakima City, W. T., and Dr. Taylor is in Walla Walla.

Cool weather again. A light frost was perceptible in Ashland one morning this week.  
Judge Prim has consented to deliver the oration at the Pioneer Reunion next month.

Ribbons, dress goods, hosiery, ladies' and gents' underwear at Butler & Rockfellow's.  
John McCurdy intends to put up a hotel building in Alkali valley, Lake county.

J. A. Cardwell, of Jacksonville, has driven up to Ashland nearly every day recently.  
A. W. Bish now drives a handsome pair of dark sorrel horses to his vegetable wagon.

For bargains go to McColl, Atkinson & Co.'s—goods selling for cash at cost and freight.  
Wm. Willits returned home yesterday from Yreka, and will probably spend the winter in Ashland.

Henry Norton and John True arrived last Monday from Redding, with goods for our merchants.  
Miss Ella Scott, the music teacher of the Ashland College, will reach here about the 30th inst.

Clothing, overalls, hats, caps and everything in that line cheap for cash at Butler & Rockfellow's.  
On motion of Governor Thayer, Justice Prim was last week admitted to practice in the Supreme Court.

Pres. Rogers and Prof. LaDru Royal, of the Ashland College, arrived on Wednesday evening's stage.  
Coos county has gained 195 per cent. in population since 1870. Curry comes next with 140 per cent.

The young ladies of Ashland contemplate organizing a "Gossiping Society." No old ladies need apply.  
It is reported that D. A. Levens, of Canyonville, has sold his band of cattle at Fort Harney for \$40,000.

Fisher & Baum's place in San Francisco is No. 105 Sansome street, instead of on Kearney street, as we had it.  
The annual races at Adin, Modoc county, Cal., begin on Tuesday, September 28th next, and continue four days.

A. G. Rockfellow will build an addition to his dwelling house on Church street. L. S. P. Marsh will do the work.  
Wm. A. Wright has been appointed Justice of the Peace for Linkville precinct, vice A. P. Armstrong, who resigned.

Good oak and pine wood in any quantity for sale cheap by Douglas Gum at the old Kilgore place in the eastern edge of town. 51-4t.

Mr. S. B. Riggan, of San Francisco, adjuster and special agent of the Connecticut Fire Insurance Co., was in town yesterday.  
Chandler & Richards' saw mill, which was idle for a week or more, because of the breaking of the water wheel, is now cutting again.

B. F. Reese, while out hunting in the Dead Indian country this week, saw a band of eight elk, but could not get a shot at them.  
Harry Smith is building an addition to his blacksmith shop, to be used by John Ralph in the wagon making and wheelwright business.

W. W. Kentnor has been receiving new eastern stock at his wagon shop, and is ready with the best material for new work and repairing.  
A little daughter of E. S. Hosford, of Salem, aged two years, was drowned in a tub of water into which she fell while playing one day last week.

The Adin *Harbinger* says the wheat crop in Big Valley this year is about half the average yield, while the barley and oats crops will be up to the average.  
Three Indians on Jackass creek had died recently from some strange disease, and the *Sentinel* thinks they were poisoned by eating diseased salmon.

J. Beach, of the Cascade Stock Farm, informs us that his horse Altamont will not trot this fall at Yreka, but will be exhibited for premium in his class.  
Bids for 12,000 lbs. of flour for Fort Klamath are advertised for—3,000 lbs of which must be fine family flour. Bids to be received up to Sept. 16th next.

The family of Mr. E. E. Goer, also Walter E. Goer and wife, made a trip to the mountains this week. A. W. Bish and family are also on a similar excursion.  
A. F. Squires, one of Mr. Marsh's best workmen, has gone down the valley to finish the interior of a new house for Mr. Phillips, six miles below Phoenix. Mr. Squires announces himself as prepared to carry on the business of architect, contractor and builder in this place and vicinity. Read his card.

We are informed that a brass band will soon plunge into the agonies of practice in Ashland, a number of our boys having ordered instruments from the east.  
C. H. Schoff, who has been stopping with Mr. Billings, at the Eagle Mills, left last Tuesday for San Francisco, and will probably go thence to the Atlantic coast.

John Chandler has lost a bird dog, which he is willing to pay something to recover. It is white with the exception of a little yellow on the forehead and on one ear.  
Chas. E. Burrows and family came over from Yreka last week, and have taken up residence in Mr. Woolen's house. Mr. Burrows returned to Yreka on Monday.

At a meeting of the Directors of the Siskiyou Agricultural Society last week, Col. W. S. Stone was elected President; J. H. Magoffey, Secretary, and M. Renner, Treasurer.  
The upper portion of the front of the Pioneer store building, which was left unfinished last winter, by the failure of the supply of brick, is to be completed now by Mr. Jacobs.

Mr. Wolters would have been ready to begin business at his bakery by this time but for an accident to the oven, the arch of which fell in because of some defect in its construction.  
John H. Miller, of Lake county, was in Ashland last week. He has an unusually fine crop of wheat on his farm this year, and was looking for a reaper with which to cut it.

John Fraley writes from Oregon, Missouri, that he will probably return to Ashland before the winter sets in. Since he has lived in Southern Oregon Missouri has no charms for him.  
Line from James Mullin's kiln will hereafter be kept on hand for sale at D. P. Walden's in Ashland. It will be kept in tight barrels, protected from the air, and may be had in any quantity.

A party, consisting of Mrs. Kentnor and children, Miss Katie Chitwood, and Messrs. Al. Watson, Ed. Myer, and Frank Vining, left Ashland for an excursion in the mountains last Saturday.  
A man named Nathan Griswold committed suicide at Junction City on Sunday morning of last week, cutting his throat from ear to ear. He was doubtless laboring under temporary insanity.

At Salem mill nine pairs of burrs are constantly running; what is coming in at the rate of 1,200 bushels per day, and 85 cents per bushel is paid for old wheat, but no price has been fixed for the new.  
Forest fires are burning in the mountains in many portions of the state, in some places spreading so rapidly that farm property is endangered. A good rain would be welcomed in those regions.

W. H. Atkinson has a young apple tree in his garden which bears the finest seedling apples of the early variety that have been brought into notice hereabout. The new variety will no doubt be extensively propagated.

The late Samuel G. Vandyle intended to move to Ashland this fall to reside, and was on his way to make a contract for the building of a dwelling house when he met with the accident which resulted in his death.  
The wharf company of Crescent City have increased their subscription to the wagon road fund to one thousand dollars. The total amount subscribed in that place, says the *Courier*, is about three thousand dollars.

H. A. Wright is now attending to the watchmaking and jewelry business for O. R. Myer, and those who have work of any kind in his line may be sure of its receiving prompt and satisfactory attention if sent to him.  
Col. G. H. Larabee, of Washington Territory, who is stumping for the Democratic nominee, will address the people of Ashland upon the issues of the campaign on Friday, September 3d, and will speak at Jacksonville the next day.

A. S. Jacobs and son reached home from Alturas last Sunday evening. J. B. Russell started with them for home, but upon meeting the McColl & Chitwood surveying party found they wanted another hand, and enlisted with them.  
We are indebted to Wells, Fargo & Co. for their comprehensive Express Directory for 1880, giving a list of the principal points in the territory occupied by their business, list of the company's offices, location and means of communicating therewith, etc.

W. H. Byars, publisher of the Roseburg *Pioneer*, has a contract for surveying public land in Lake county, in the vicinity of Warner lake and Guina valley, and passed through town with his party of six assistants a few days ago en route to the scene of his labors.  
Sylvester Patterson has raised an excellent crop of wheat at his farm east of Bear creek this year. He will realize about 4,000 bushels from 160 acres, 25 bushels to the acre. The ground was summer-fallowed, and the result is a strong argument for more cultivation by our farmers.

A Douglas county man has found coal beds near Camas valley which are considered a source of much prospective wealth to the locality. The coal is said to be of excellent quality, suitable for both forging and gas-making. The location of the mine is still kept secret by the discoverer.  
A correspondent of the Albany *Democrat* says there is an invalid at the Soda Springs on the Sautian who hasn't eaten more than three ounces of food for fourteen weeks, being a sufferer from inflammation or ulceration of the stomach. It is a statement that should be accompanied by "the papers."

Wm. Connolly gives notice in an advertisement that he will engage in the upholstery business in Ashland. He is a first-class workman, and understands the business thoroughly, having worked at it nearly all his life in large establishments in the cities.  
Mr. T. A. Hensley, of Chico, Cal., who has been making a tour of Oregon, stopped a few days in Ashland this week on his return home. He was considerably interested in the country hereabout, having been in Gen. Kearney's command during the Rogue River Indian war.

A Lake county correspondent sends us a long communication in answer to something directed against him in the *Examiner*. We should be glad to give him a chance to defend himself, but cannot yield up so much space to mere personalities. The article against him was not worthy of a reply, anyhow.  
The Portland papers say the Chairman of the Oregon Railway Company, the Right Hon. the Earl of Airlie of the House of Lords, has left London for Oregon, to examine the prospects for an extension of his narrow gauge railway to a connection with the Central Pacific. He will visit all portions of South-East and Southern Oregon.

Jacksonville is to have a new town hall and calaboose, the contract for building was let to David Linn for \$1,955. The contract, says the *Sentinel*, calls for a one story brick building, 23 by 36, with calaboose and truck house in rear, and includes paint and finish, the contractor to furnish everything, except the brick which are on the ground.  
Mr. E. P. Richardson brought into town last Saturday from his place on Bear creek a stalk of the amber cane, about two-thirds grown, which was over six feet in length and thick and heavy. Mr. R. has about an acre of the cane, which is flourishing and proves conclusively that the soil and climate of our valley are well adapted to its growth.

The Dallas *Hemmer* says: Persons engaged in digging a well on the place of Uncle Jimmy Harris, east of town, yesterday, found a small piece of wood at the depth of 26 feet, which bore unmistakable evidence of having at some time been cut with an edged tool of some kind. The query now is who cut it, and how long has it been since it was done.  
Attention is called to the advertisement of the Mechanics' Planing Mill and sash and door factory, of Ashland. L. S. P. Marsh is now the sole proprietor, and will attend to the business with his usual energy and care. Returning thanks for liberal patronage in the past, he respectfully requests a continuance of like confidence and favor from the public.

The Secretary of the Pioneer Society of Southern Oregon writes us that a large attendance from Ashland and vicinity is expected at the reunion in Jacksonville on the 16th of next month, and that preparations are under way to insure a pleasant and enjoyable day for all who may be present. A cordial invitation is extended to all friends of pioneers and everyone who is interested in the reminiscences of the early days of settlement in Southern Oregon.  
FOR SALE.—A new, three-inch Bain wagon for sale for \$115 cash. It may be seen at Chandler & Richards' saw mill, on Clayton creek 11-4t.

PLANING AND MOULDING.—For the next four months L. S. P. Marsh will do planing, sawing and moulding at the Mechanics' Planing mill, Ashland at a discount of twenty per cent for cash.  
AT CRESCENT CITY.—Messrs. P. Lytleton and brother and J. A. Romana left Ashland last week for a trip to the coast, and by a letter received to-day we learn they have arrived at Crescent City. As the communication came just as we were "making up," we can give but a single short quotation: "Fruit and vegetables are looking well along Applegate river, although grain and hay are not full crops. Times are lively at Waldo and Happy Camp, and the subject of wagon roads is all the talk." The writer promised to send us further communications concerning the roads and the country, which we shall be glad to publish.

KICKED BY A HORSE.—Last Saturday afternoon an adopted son of Wm. Taylor, who lives a few miles above Ashland, was kicked by a horse and badly hurt. He was in the field helping or attempting to drive several horses, and went directly up to the heels of one of them, when the horse kicked, probably in mischief, and struck him in the head with both feet. Fortunately the injuries were not too serious, and he is now recovering, but he was struck under the ear, cutting an ugly gash, but not fracturing the skull, and the other struck the mouth a glancing blow, without doing much hurt. Dr. Royal was immediately sent for, and after dressing the wounds left the little fellow quite comfortable.  
NON-INTER.—W. I. Nichols, Esq., has been nominated for District Attorney by the Republican County Convention of Siskiyou. Since his admission to the bar at Yreka the Professor has made rapid advances in the business of his new profession, but his success was looked upon as assured beforehand by those who knew of his ability and qualifications. His educational work, and the success of his public speaking in Ashland attested his intellectual superiority and gave evidence of special aptitude for forensic strife; and his classical education and legal acquirements made his road to success plain and easy. He is nominated by the party which is in the minority in Siskiyou county, but, while we know nothing of his opinion, we can say with safety that if qualifications for the position be the issue upon which the election is to be made he need have no fear of being at a disadvantage in the contest. Success to him.

**Items from Big Butte.**

Our correspondent sends us the following under a recent date.  
Smoky.  
Still hot.  
Times are harder.

The steam mill is closed, for what time I am not advised.  
Peter Simon, of Eagle Point, had a fine mare stolen recently.  
I am now supplied with tobacco, but my last week's Tineros did not come is what's the matter.

A spirited foot shaking at the residence of S. C. Higinbotham's in Tubtown last week.  
Zenith is the center of attraction this week. J. P.'s, Constables, County Judge, lawyers and physicians are viewing the scenery.  
Husband and wife entered into an agreement last week. The former was to deny himself drink of any kind so long as the latter would refrain from talking. The agreement lasted twenty minutes—there was no wood cut.

Butler & Rockfellow have on hand the best stock of groceries, crockery, hardware, etc., in Ashland, which they offer at bargains for cash or marketable produce of all kinds. B. & R.  
FIRE INSURANCE.—As will be seen by reference to the card which appears elsewhere, Butler & Rockfellow have taken the agency for the old Connecticut Fire Insurance Company, and are ready to issue policies to those who may wish to secure themselves against loss by fire. The Connecticut is one of the oldest companies in the United States, and has larger assets in proportion to liabilities than any other of the prominent companies.

RUN OVER.—Last Saturday afternoon Capt. Thos. Smith, our Representative, was driving up the valley from Ashland in a two-horse wagon, Mrs. J. R. Tozer riding with him. When at the creek near Tolman's tannery he concluded to water his horses and took the brides off to allow them to drink from the bucket he had. While standing thus the team took a sudden notion to go further and starting up suddenly knocked Mr. Smith down so that the wagon ran over him. Mrs. Tozer held fast to the lines, but as they didn't communicate with the horses' heads, had little effect upon the progress of the team. The wagon soon struck a telegraph pole, which liberated the horses, and then as the wagon continued of its own accord to run down toward the creek, Mrs. Tozer succeeded in getting out without being hurt. The wagon, which fortunately was empty, passed over Mr. Smith just above the waist, and inflicted painful but not serious internal injuries. Dr. Inlow attended him.

INTERNATIONAL NEGOTIATIONS.—The Scott Valley News tells of a pow wow of Indians which took place at Fort Jones recently for the settlement of inter-tribal difficulties. The Indians of Siskiyou and Del Norte counties respectively have been in an attitude of mutual hostility for a long time, and have made numerous raids upon one another, one man being killed upon each side. And they concluded to settle old scores upon a commercial basis, and declare a general peace. The negotiations occupied several days. The Siskiyou or Klamath tribe as they call themselves received six horses, two guns and a quantity of wood pecker heads, which are current coin with them, in full payment for all losses incurred, including the man killed, and the "Hambur" tribe, which includes the whole lower Klamath section, received four horses, one rifle, one revolver, and a quantity of Indian bead money in full for all claims for damages to date. Having agreed upon these details, peace was declared and they all stipulated that they would hereafter conduct themselves like a band of brothers and be good Indians. Justice Green was applied to to put these stipulations in writing, which he did, and they were signed in duplicate by Bogus Tom in behalf of the Klamath and Chubby for the Hamburgs.

NEW HARROW.—On his return from a trip to Yreka last week James Woodson brought with him a spring-tooth harrow or cultivator which is attracting much attention among the farmers of Siskiyou county, and promises to become popular wherever it is introduced. The one that Mr. Woodson brought has 24 teeth, which consist of steel springs curved somewhat like the teeth of a hay rake. The harrow is in two parts, like the ordinary double harrow, and the frames are of the usual shape. On Saturday Mr. Woodson gave it a trial on the place he is farming, east of Bear creek, and it worked to his entire satisfaction. It was first tried in grain stubble on ground that was plowed last spring. The soil was genuine "sticky," and so hard that a common spike-tooth harrow would scarcely have left a mark upon it. The new harrow took hold of the ground, each tooth reaching in like the point of a plow, and left it pulverized to the depth of several inches. The design in using the harrow at that place was to cover the grain which was scattered over the ground in reaping and by the thunder storms, for another crop, and it accomplished the purpose most admirably. If the harrows come into general use here, and it is altogether likely they will, grain farming will doubtless be considerably changed. Instead of allowing the grain to "volunteer" the second year, the farmer, by going over the field with this cultivator in the fall can secure as good a crop as from the first seeding after the plow.

The largest, cheapest and best selected stock of boots and shoes in Ashland at Butler & Rockfellow's. A fine lot of genuine French kid sandals. Call around and examine their stock. B. & R.

**NOTICE.**

HEADQUARTERS SOUTHERN GRAND COUNCIL C. O. H. FOR THE STATE OF OREGON, JACKSONVILLE, AUG. 13, 1880.

To all Councils and Members of the Champions of Honor, and to all whom it may concern:  
This is to certify that because of the conduct of Dr. L. E. V. Coon being such as to bring odium upon himself and upon the order of C. O. H., and for violating his obligation as a Champion of Honor by drinking intoxicating liquors, and drunkenness, I, Jas. A. Cardwell, G. W. C., pursuant to the constitution and laws of said order, have removed said Dr. L. E. V. Coon as organizing officer, and revoked all his authority; and hereafter he has no authority, license or right whatever to organize councils, or confer any degrees, or perform any ceremony or business whatever relating or pertaining to the order of Champions of Honor. And any and all councils organized by him hereafter will not be recognized as legal, or even receive any charter.  
Witness my hand and official signature this 13th day of August, 1880.  
J. A. CARDWELL, G. W. C.  
Attest: A. C. JONES, G. S.

Two Surgeons.  
From the National Surgical Institute, Indianapolis, Indiana, will visit Portland, Oregon, at St. Charles Hotel, September 7th, 8th and 9th, 1880, provided with a complete and expensive outfit of apparatus designed to treat every form of Spinal Disease, Hip and Knee Disease, Crooked Limbs, Club Feet, Paralysis, &c. Piles and Estula certainly cured. This institution has an unequalled reputation in the successful treatment of all of above diseases. Interested parties should not fail to see these Surgeons. Returning home, overland, they will stop off September 11th and 13th at Eugene City, 15th at Roseburg, and 18th and 20th at Jacksonville, Oregon.

LINKVILLE ROAD WORK.—The *Times* says a subscriber calls attention to the fact that in speaking of the work done on the Linkville road recently we give all credit to Mr. Woolen and party, while Wm. Taylor, road supervisor, with his men "were as instrumental in placing the thoroughfare in proper condition as the former." We are glad to have been corrected in the matter, and take pleasure in giving Mr. Taylor and his men credit for their work. There was no intention whatever of partiality on our part, the omission of the mention of Mr. Taylor's party in our notice being due to the fact that we had heard nothing about his part of the work. As the work done by Mr. Woolen and his men was paid for in a great part by subscriptions of the citizens of Ashland, it attracted, of course, more attention here than that of the supervisor. It is often the way that the performance of ordinary duty is treated with less consideration than something a little out of the common runs, but Mr. Taylor should receive praise for having done well the difficult work that fell to his lot on this road.

CONFERENCE APPOINTMENTS.—The Oregon M. E. Conference, which adjourned on Monday last, made the following appointments of interest to our readers. Presiding Elder Southern Oregon district, Rev. W. T. Chapman; Pastor of Ashland Church, Rev. LaDru Royal; Jacksonville church, Rev. D. A. Crowell; returned; Klamath Agency, Rev. L. M. Nickerson; Fort Klamath, Rev. J. S. McCain.  
Services of the Christian Church will be held in the picnic grove, Ashland, next Sunday morning at 11 o'clock.

DIED.  
CHAVNER.—At The Dardanelles, Aug. 22, 1880, of consumption, Mrs. Margaret Chavner, aged 52 years, 8 mos. and 16 days.

BORN.  
HILL.—In Ashland, August 25th, to the wife of George Hill, a daughter.  
ROBINSON.—On Wagner creek, Aug. 16th, to Robt. Robinson, a daughter.  
GARWIN.—On Wagner creek, August 15th, to John Garwin, a son.

UPHOLSTERING,  
Wm. Connolly,  
ASHLAND OREGON.  
WILL DO ALL KINDS OF UPHOLSTERING and repairing, either at his shop or in the country.  
LOUNGES, SOFAS, MATTRESSES, ETC.  
Made to order, or repaired. Country work solicited and given prompt attention. Shop at Mark's Factory, Granite Street. 12-5t

MECHANIC'S  
PLANING MILL,
