

THE ASHLAND TIDINGS.

FRIDAY FEBRUARY 5, 1886

Rooms for Rent. A pleasant parlor and lodging rooms for rent, furnished, in choice location near business part of town. For particulars inquire at the TIDINGS office.

A Matter of Importance. All persons indebted to the undersigned, will please make immediate settlement. All bills, whether large or small, must be collected without further delay. I have customers will be kind enough to attend to this without further trouble.

Mining Work. The Sentinel of Saturday says: The Jacksonville Milling and Mining Co. this week let the contract for running their tunnel in Timber gulch, J. N. Casteal being the successful bidder at \$4.50 per foot.

Walker-Grubb. On Wednesday of this week Daniel Walker and Miss Sarah J. Grubb, of Ashland, were united in marriage. The couple had been engaged for some time by Rev. M. A. Williams. The groom is a well known and highly respected citizen of this valley, and the bride, is also well known and esteemed by everyone in this part of our country.

Canal Company. "The Rogue River Canal Company," an incorporation of citizens of Santia's valley, was organized about two weeks since. The incorporators are: C. Stanley, H. W. Shipley, Jos. France, F. A. English and A. S. Moon, and the capital stock is placed at \$100,000 in shares of \$50 each.

Murder near Little Klamath Lake. Elmore Decker was shot and killed by Lew Allen, near Little Klamath Lake, in Siskiyou county, Cal., last Monday evening. The report of the affair received here is as follows: Decker had bought of Allen some improvements on a piece of government land, and then fled on the land. Allen afterward wanted the land, but Decker would not give it up, which caused trouble between them. On Monday evening Decker was passing Allen's house, and Allen opened his door and shot him dead with a Winchester rifle. Allen had not been arrested at last report, but the sheriff of Siskiyou county was after him.

Struck Different Colors. Messrs. Clark and Roberts, while up the valley about six miles above Ashland, concluded to prospect a little for gold, and took up one pan of dirt from a little gulch enclosed by a farm fence. After washing the dirt they had two little colors of gold and a large piece of silver. The best part of the silver was the fact that the monometallic acid can't worry that piece at all, for it was already coated in the shape of half-dollar. It was somewhat mutilated, having had two small pieces cut from its rim, but was, nevertheless, a half-dollar. The men didn't want to spoil their luck, so they quit mining at that place. Decker certainly showed pretty good prospects for gold, but it is a little too far from water to raise any excitement just now, and that silver piece is suspected of being rather "spotted."

Lost White Hunter. [Roselore's Findings.] During the storm of last week, Mr. Doubleday and others of Camas valley in Douglas county, went out hunting in the timber country bordering the valley. Mr. D. found an Elk track and followed it in the snow for a long distance, until the falling snow obliterated it, he then attempted to retrace his course, but for the same reason could not do so, and was lost. For four days and nights, he wandered without food or shelter in a severe storm of snow and rain, was found by a rescuing party of his friends in an exhausted condition, and by them carried on a litter ten miles, to Mr. Stanley's home in Camas valley, where he now lies in a critical condition, attended by Dr. Graham of this city. That Saturday, when he first saw him last Saturday, his feet, hands and inside of his thighs were frozen, decomposition had already commenced in the left foot, and he was compelled to amputate a portion of it. Doubleday is well known here and highly esteemed. He will receive every attention, medically and otherwise that kind friends can furnish. At present the result of his injuries cannot be foretold.

Crater Lake Wagon Road. From some of our exchanges we glean the fact that Roseburg wants a road leading from that point to Crater Lake. Klamath county has a road that is already built to the coveted locality, and a good one; in fact, the only practicable route from the line of the road to Crater Lake. The road between Linkville and Ashland for summer travel, is fair for a mountain road, and in winter it is not likely there will be much travel from any point along the railroad to Crater Lake. Should it be necessary for government aid to be had in building a road to this noted lake, it will undoubtedly be used to the best advantage and on the most accessible route, and that will be down and along the Klamath river to the line of the railroad. Such a road could be built for less than one tenth what it would cost to build a road from Roseburg across the Cascades to Crater Lake. Furthermore, the distance would not be so great, down the Klamath. In a conversation with some parties a day or two since who profess to be familiar with every foot of ground that lies between Roseburg and Crater Lake, we were informed that it would be almost an impossibility to make anything like a good road over the mountains between the two points. Our attention was called to the road from Linkville to Ashland, and some one said "money could make that a good road, but they doubted if Uncle Sam had enough of silver, at ten cents on the dollar, to build as good a one over the Cascades from Roseburg to Crater Lake." If such be the fact, Roseburg's show for a wagon road to the lake is extremely thin.

Fresh Complexions. If you have humors, pimples, boils, eruptions, it is because the system needs toning and purifying. Nothing does such good health, as Simons' Liver Regulator, purely vegetable and not unpleasant to the taste. The Regulator not only cures the liver, detaches the bile and skin of yellowness, improves digestion and makes the breath pure and sweet.

Crabtree sauce at H. & D's.

BREVITIES.

The skating rinks still run. Oh! when will the freight train come! Masque ball at Jacksonville next Friday. Snow has been melting rapidly on the mountains. Mining agency in Ashland now. Still we are progressing. There is very little snow left now on the mountain roads. Deviled ham, turkey, chicken and tongue at B. & Hasty's. Blanks for mining location notices for sale at the Trunsons office. Grand hall at Medford by the A. O. U. W. lodge on Feb. 22d. Property sells in Ashland at just about the same figures as last year. The evening meetings at the M. E. church were continued this week. W. P. Jacoby has received his commission as postmaster at Gold Hill. Seven divorces granted by the Circuit Court in Jackson county last month. Several cases of mining claims being "jumped" in Jackson county recently. Mining locations continue to be reported from various parts of the county. Grass and winter grain have been growing at a rapid rate during the past week. Roads are about as bad in most places as they were ever known in this valley. J. D. Fountain publishes a notice under the head of "an important matter." Judge Webster will open circuit court for Lake county at Lakeview next Monday. Mining is in progress at the hydraulic mine of E. K. Anderson on Anderson creek. Trains continue to run in the daytime between Ashland and the Grave creek tunnel. For a No. 1 butter go to J. D. Fountain. He keeps the best in the market. Chinese New Year begins to-morrow, and only a Chinaman can tell when it will end. The swollen streams fell considerably from their high-water mark the first of the week. Still groceries left by the Reeser below first cost by Caro Bros., in Woodstock Block. Bills to the amount of over \$500 were ordered paid by the City Council last Monday evening. Jesse Parker has bought a ranch out in Sprague river valley, and will move out in the spring. The Medford reduction works has been using wood shipped on the railroad from Grant's Pass. Deeds, mortgages, real estate and justice's blanks for sale at the Trunsons office at the lowest prices. Prof. W. J. Dean, of the Wagner creek school, gave an interesting lecture at Central Point recently. The Henley Corned Band will give a masquerade ball at the Champions' hall in that place this evening. Jay Niles, who came over from Henley last Friday, says he never saw the road muddier on the mountain. There will be a running race to-morrow on the Yreka track between the horses Quebec and Jubilee. Prospecting will open out in vigorous style when good, settled weather makes mountain climbing pleasant. Orchard men are beginning their regular, annual solicitude about the early blossoms and the late frosts. Mr. O. Ganiard has bought the flouring mill of Trumble Bros. on Rogue river; terms not made public. Nurserymen from Walla Walla have been selling a number of trees in Ashland during the past fortnight. The county clerk will soon distribute the blanks and books for use in the new fangled registration business. Mr. Zeller is improving his cottage on Spring street, and will make a handsome building of it before he is done. Mr. Casheir sold five head of mules to S. L. Daniels the other day for \$700. The mules were broken to harness. Neal Brok. have sold their placer mining claim on Wagner creek to a Mr. McConnell for \$480, it is reported. If you want coal go to J. D. Fountain's. The man who said there was no coal oil in town was badly mistaken. For anything in the line of hardware, stoves and tinware, cutlery, etc., call on Willard & Eubanks, McCall's block. Two prisoners are serving out sentences in the county jail, Saghorn and a Chinaman, both convicted of assault. J. R. N. Bell, of Roseburg, lectured at Grant's Pass last Saturday evening, by invitation of the lyceum there. Most of the legal fraternity of Jacksonville went down to Grants Pass last Tuesday, to wind up the great court house lawsuit. A crowd of the boys went up the valley from Ashland Wednesday evening to favor Danl. Walker and bride with a French serenade. A French man, on the evening of Jan. 16th, a lady's gray shoulder shawl. The finder will please leave it at the TIDINGS office. The duck slayers are not to be allowed to shoot from the Linkville bridge hereafter. Linkville has too many houses now along the river. Some of the Klamath county stockmen are anxious for the county court to offer bounties for the scalps of bears, panthers and coyotes. Storekeepers have been exercising themselves commendably in trying to keep the street crossings passable in front of their business houses. Willie Horne, formerly a Jacksonville boy, is now a cadet at West Point, having been appointed from Arizona where his folks still reside. The Star says that so far as heard from Capt. D. J. Ferree has in the lowest bid for carrying the daily U. S. mails from Linkville to Fort Klamath. Miners are at work in many places sluicing pay ground that is out of the reach of water except in an unusually wet season like the present. Many of our merchants are complaining of running short of goods of some kinds through the interruption of the freight trains on the O. & C. The I. O. G. T. Amateurs will give another dramatic entertainment at Meyer's hall on Monday evening, Feb. 22d.—The Washington's Birthday. The Washington County Court, at its last session, established the following bounties on the scalps of wild animals: Coyote, \$3; panther, \$2; bear, \$1. The indictments against Raphael Morat and Vert Schurz, of Jacksonville, for selling liquor to "minors" were dismissed, on motion of the District Attorney. Since the copious rains began giving claims were in progress at many mining claims near Henley, Cal., which have been too dry for several years.

PERSONAL.

While in an epileptic fit Mr. Perkins fell into the fire place in his cabin on Elliott creek last week and was seriously but not fatally burned. It wouldn't take many months like the last to bring moss on the trees here, like that which decorates the orchards and forests in the Willamette and High water. An upsurge in the Klamath river has cleaned out the tallings below, mining gulches in Siskiyou county, where the debris has been accumulating for several years. The through mails from the north arrive here only every alternate day now, the train between Roseburg and the Grave creek tunnel taking two days for the round trip. The buds on the fruit trees have begun to swell already, and of such warm weather as we have been having should continue, the blossoms will be out as soon or sooner than last season. Wm. R. Jones bought 120 acres of choice land of Gen. John E. Ross last week for \$2500. Mr. Jones intends to make a comfortable home for himself upon it, we understand. Messrs. C. T. Harris, Zornwald and Barton, of this place, have filed a mining location upon the old Holman ledge, situated on school land belonging to C. C. Beckman, of Jacksonville. John Adams, a son of Richard Adams of Waldo, and an employe of Wm. Bybee in his mines, died at his home last week of diphtheria, aged about 20 years. His death is mourned by many friends. Messrs. Hoesly & Miller, of the Cash Market, have dissolved partnership, Mr. Miller retiring from the firm. A notice in another column has something of interest to those for whom it is intended. The big irrigating ditch at Linkville overflowed its banks in many places during the big rain storm there two weeks ago, threatening to flood the town to an unaccountable depth, but no damage was done. Messrs. Wells & Slade have added to their fine ranch property in Sprague river valley, Klamath county, by the purchase of a large tract of land of J. F. Munz. They will sow a large acreage of grain this season. Out in Sprague river valley a number of cattle are being fed this winter. Albert Walker is feeding 500 head; Wm. Robinson 400 head; J. F. Munz, 600 head, and others from one to two hundred head each. A fine large lot located on Granite street. Great variety of choice fruit trees; house and barn; will be sold at a very low price if applied for within ten days. Terms—half cash, balance in one year. A careful examination of the body of Henry Carter, who was found dead near Squaw Lake recently, disclosed the fact that his neck was broken. This leaves no doubt that he was thrown from his horse and thus received the fatal injuries. All the delayed mail from the north, including that from the Eastern states, which had been held by the blockade on the O. R. & N. road, arrived here Tuesday evening, and kept the post-office busy for many hours in distributing it. The two-dollar-a-week doctor left town this week after treating two or three patients sufficiently to get into trouble. He probably diagnosed his own case from an examination of the public eye, and concluded absence was the best remedy. The quartz mill belonging to Morse & Jacobs, put up by Geo. Chick at Yreka, near mouth of Indian creek, Siskiyou county, has been taken down and will be moved to Humboldt, to be used at some good paying ledge lately discovered at that place. G. F. Pennebaker offers for sale his fine farm at Talent, being compelled by the ill health of his wife to seek a drier climate. This is a fine place, in one of the best locations in the valley, and may be had upon reasonable terms. See ad. in another column. S. L. Daniels, the horse man, has bought about 25 head of horses and mules in this valley, and has them at the Ashland livery stable, preparatory to driving to California next Monday. He paid from \$85 to \$150 per head for the animals purchased. It is reported that 1,000 white men will be put to work on the California and Oregon railroad above Slate creek in the spring, and that the company intend hiring white men hereafter, and may displace all their Chinese labor if plenty of white men can be secured at reasonable wages. S. L. Daniels, the well-known horseman of Butte county, Cal., has been in the valley for a couple of weeks buying a few horses to drive below. Mr. Daniels will be remembered by the old settlers as the man who brought the horse, "Old Vermont," to this valley twenty-three years ago, and sold him here for \$800. In addition to the cases reported in last week's issue, decrees of divorce were granted by the circuit court in the following cases: Letitia Leadbetter vs. Robert Leadbetter; Rhoda Dunlap vs. David C. Dunlap; Alice C. Mickelson vs. Olney Mickelson; Ruth Brown vs. Clinton Brown; Lillie Jacqueline vs. John Jacqueline. Mr. Teuber Coburn made a trip down the Wagner creek mines last Saturday, and concluded to cut down in the home ward across the dividing ridge between Wagner and Ashland creeks. The country was unfamiliar to him and the fog surrounded him, and he did not reach home till late in the evening, and narrowly escaped having to spend the night on the mountains. The land slide at the south end of tunnel on the most serious obstruction to traffic on the O. & C. R. Work has been kept up constantly upon it since it first came upon the track and a great quantity of earth has been removed, but there is a large mass on the steep mountain side above the track which is apparently loose and keeps gradually settling and crowding in to take the place of what is shored away. W. W. Kentner, in pruning his apple trees last Tuesday found the young shoots to be completely covered with minute black spots, about the size of a needle's eye. No one in town seems to know positively just what they are, but some orchard men think they are eggs of the small green bark-lice which eat the foliage of the apple trees. If so, they will be on hand in great numbers here here. Whether the same thing is to be seen upon the trees in other orchards hereabout, we have not yet learned. All parties indebted to Miller & Co. on bank account are requested to make immediate payment to G. F. Billings, Ashland, Or. Mason's polish blacking, also fine, French polish blacking, for sale at Clayton & Gore's. Order blanks for Eagle Mills at Clayton & Gore's, Hunaker & Dodge's, or at the office of G. F. Billings. Orders left at these places will receive prompt attention. EAGLE MILLS. Fine residence and lot for sale at low price—apply at once. Two houses for rent. G. F. BILLINGS. Safe insurance of all kinds at lowest rates. G. F. Billings. Oregon Kidney Tea cures all kidney troubles.

HERE AND THERE.

Lakeview had twelve inches of snow one day last week. Laboring Chinese at Victoria are almost starving for want of food. California is now sending Oregon her fresh roll butter from new pastures. The Plaineslander wants the stockmen of Douglas county to have a horse parade and show in Roseburg. The citizens of Roseburg, at their wagon road meeting last Saturday, collected \$250 to pay for a survey of the proposed wagon road from that place to Crater Lake. The "Star" baseball club of Portland will re-organize for the coming season, and expect to have a much stronger team than last year. It is reported that Sol. Abraham has sold a half interest in his Glendale land and mill property to Geo. Larwood, recently from the east. An exchange says: Lane county paid \$3 a piece for registry books and Lun county \$1 a piece. They evidently need some business officers in Lane county. The best sugar industry is receiving a good deal of attention in California, and the interest probably soon spread to Oregon and Washington Territory. A Portland paper of last week says: Meat is advancing in price. A large band of good beef steers were sold at 4 cents on foot, called 8 cents for the butcher's take. Two sisters, Dora and Mary Scott, living near Red Bluff, Cal., were drowned the other day by being thrown from a wagon into Reed's creek, which was at freshet high. Some of the women in Redding who are depending upon the Chinese to do their washing, now have to roll up their sleeves and splash the suds, and they are fornicating the anti-Chinese movement. It is said that work will be commenced on the new canal at the foot of the O. R. & N. road, west side, from Corvallis to Harborsburg. When completed, the main passenger train will no longer run through Salem, and the east side, but on the west side. Washington county farmers believe that a great deal of good has been done by the snow and recent heavy rains in drawing and otherwise destroying the field mice, which have done so much damage to grain since the first of the year, and were becoming plentiful in that county. Independence has a genuine hermit, a Robinson Crusoe, or Alexander Selkirk, who has been in the mountains for some time. The fellow has dug a hole in the river bank, and has his domicile with boards and straw and at last accounts was doing well.—Ballou.

PERSONAL.

Sheriff Jacobs was in town last Saturday. Ab. Giddings is spending several weeks in town. G. S. Butler has gone out to Klamath county again. Mr. J. F. Kelley came up from Grant's Pass Saturday. Robert Taylor, who has been laid up for two months, more with pneumonia, is able to be out again. Henry Nutley, son of Rev. Geo. Nutley, came in from Warner valley last week, for a visit in Ashland. C. S. Sergeant is visiting Linkville, and it is reported that Sergeant Bros. will remove from Phoenix to that place next spring. Wm. Phipps and N. S. Redden, of Medford, who have been attending Ashland College during the winter, returned home the first of the week. Mr. Sol Wiest, of Myrtle Point, Coos county, was married at San Francisco on Sunday of last week to Miss Carrie Adler, of Windsor, Cal. His many friends in Ashland wish him much joy in his married life. Mr. R. M. C. Brown, who has been in Dunroy valley during the winter, was in Ashland this week on his return to his ranch near Pleeva. Mrs. Brown will remain with relatives in the Uppuqa for another year, finding her health to steadily improve there. Capt. Fowler, of the cavalry troop stationed at Fort Klamath, was in town yesterday en route for Portland for a short visit. He was accompanied by the paymaster, Maj. Larned, with orders to visit the troops from an official visit to Ft. Klamath. MEDFORD BREVITIES. Supt. Colvig visited Medford last Saturday. Henry Smith, of Wolf creek, was in town during the past week. The Medford Literary society meets Wednesday evenings of each week. Ed. Hanley started last Monday for Harney county to attend to his stock interests there. Herman Myer, of Brownsville, informs us that stock is looking quite bad in that section. M. A. McGinnis returned last Tuesday from Chicago, where he has been on a business visit. The cornice on Williams's block has been completely new and presents a very handsome appearance. The plasterers are now at work in Angle & Pymale's new brick and it will soon be ready for the "shabang." O. Harbouch started last Monday on a business trip to California. He expects to return about the first of April. A new engine will be added to the quarter mill in a few days, and it will then be able to crush more ore than it has heretofore. Geo. H. Chick had the misfortune to cut his wrist quite severely with a chisel one day last week. It is a painful, though not serious, wound. Dr. Geo. DeBarr, wife, of Portland, are visiting W. H. Barr, of this place. They expect to remain in this vicinity for some time. John Cox, of this place, is engaged in making one of his celebrated plows. They are made of the best material, and are "sturdy" to plow should visit in one of these plows. REV. OLIVER. February 3d.

Sidewalk Notice.

To the owners of property facing upon the east side of Main street (Ashland, Or.) between Mrs. J. Housick's hotel and the corner of Oak street. You are hereby notified that the city council of the city of Ashland has ordered a sidewalk to be built along Main street in front of the property aforesaid, by the owners thereof, said sidewalk to be eight feet in front of the building and to be built on the established grade made up by city surveyor and if you fail to begin the construction of said sidewalk within twenty days from date of this notice, the street commission of said city will be ordered to build the same at your expense. By order of the council, J. S. EHRHANS, Recorder. Ashland, Or., Feb. 5, 1886.

Dissolution of Copartnership. Notice is hereby given that the copartnership existing between the undersigned, doing a booting business in Ashland under the firm name of Hoesly & Miller, is this day dissolved by mutual consent. The books and accounts of the firm are closed in the hands of Hoesly & Miller, and all other interested parties are notified to appear in the office of the undersigned, within ten days from date of this notice, to settle all accounts due or owing to or from the firm. If no settlement is made within that time, the undersigned will be bound to settle all accounts as if the firm had been dissolved by the death of Hoesly & Miller. H. B. MILLER. Ashland, Or., Feb. 5, 1886.

Citation to Heirs. In the county court of the State of Oregon, for the county of Jackson. Estate of Geo. W. Fordyce, deceased. Citation. Earn Fordyce, Clara Fordyce, Asa Fordyce, Edgar Fordyce, and all others interested in said estate of Oregon, you are hereby notified to appear in the office of the undersigned, within ten days from date of this notice, to settle all accounts due or owing to or from the estate of Geo. W. Fordyce, deceased. If no settlement is made within that time, the undersigned will be bound to settle all accounts as if the estate had been dissolved by the death of Geo. W. Fordyce. Wm. H. PARKER, Clerk. Ashland, Or., Feb. 5, 1886.

Guardian's Sale. Notice is hereby given that in pursuance of an order of the county court of Jackson county, State of Oregon, made on the 6th day of October, 1885, in the matter of the estate and guardianship of Geo. W. Gillette and Hugh H. Gillette, minors, the undersigned, guardian of said minors, has caused a public auction to be held for the sale of the real and personal estate of said minors, and the said auctioneer, charged with the duty of selling the same, has sold the same as follows, to-wit: A certain lot of land, situated in the city of Ashland, county of Jackson, State of Oregon, and particularly described as follows, to-wit: An undivided one eighth interest in and to the lot known and designated on the official map of the city of Ashland, county of Jackson, State of Oregon, for 1883, as "A. CURE FOR PILES.

Piles are frequently preceded by a sense of weight in the back, loins and lower part of the abdomen, causing the patient to suppose he has some affection of the kidneys or neighboring organs. At times, symptoms of indigestion are present, flatulency, uneasiness of the stomach, etc. A moisture, like perspiration, producing a very disagreeable itching, after getting warm, is a common attendant. Blind, bleeding, and itching piles yield at once to the application of Dr. Ross's Pile Remedy, which acts directly upon the parts affected, absorbing the tumors, slaying the intense itching, and effecting a permanent cure. Price 50 cents. Address, the Dr. Ross's Medicine Co., Piqua, O. Sold by J. H. Chitwood & Son.

James Sullivan of Salem, Oregon, says he was cured of the asthma by Gilmore's Magnesia Elixir. For sale at the City drug store. Mr. A. Higgins, of Wyoming, N. Y., says he had the Piles for nearly 40 years, and was cured by using Gilmore's Pile Specific. For sale at the City drug store.
