..... FEBRUARY 12, 1886

Prohibition Club. The Ashland Prohibition Club will hold its next meeting in Myer's hall, Wednesday, Feb. 24, 1886. The follow ing is the programme of exercises: Business meeting of Club, at 7 p. m. Music; Address, by Prof. M. G. Royal; Music; Volunteer speeches; Signing of Constitution; Music.

W. S. GORE, Sec.

Will Start a Nursery.

Mr. P. W. Hammon, the well known and experienced nurseryman of Oakland, Cal., left San Francisco for this valley last week to make preparation for starting the nursery at E K. Anderson's place on Wagner creek. He has leased thirty acres of the choicest land on Mr. Anderson's farm, and will have a large number of choice fruit trees growing this season. Already some 2500 pounds of peach pits for planting have been shipped from San

Left Suddenly. Arthur D. Carrick, the blacksmith at Linkville, left that place recently without informing his friends and neighbors of his intentions, and upon an examination of his business affairs being made it was discovered that his accounts are in very bad shape. Suits have been entered upon local claims aggregating about a thousand dollars, and it is said that San Francisco and Portland merchants are his creditors to the amount of from \$1200 to \$2000. His property will fall considerably short of meeting the liabilities.

A Shot at the Candidates.

The Sentinel of last Saturday has the following upon the approaching fight for the county spoils: At the present writing we have only heard of three candidates for the office of Circuit Judge for this district, and seven Democrats in this circuit are willing to sacrifice themselves | Gore's. as candidates for the District Attorneyship. Our informant furnishes us the following list: For Judge-P. P. Prim, Chas. A. Cogswell and J. R. Neil. For District Attorney-T. B. Kent, W. A. Wilshire, Wm. Colvig, A. H. Carson, dry suffice Saml. White, J. T. Bowditch and Mr. traveling, Holmes. The fight waxes warm and there is music in the air and all of Senator Payne's oil works in Ohio will probably be required to still the troubled waters before matters are settled.

Disgraceful Hoodlumism.

The members of the Ashland Brass Band were placed in an unpleasant position last Monday evening. They had turned out to serenade Mr. Puckett and ten-acre tract of land south of Ashland, home near Lafayette. Deceased was well who wish her much joy. bride at the Pioneer hotel, and were for a fruit farm. hospitably invited into the house for re-freshments when, to their confusion, a squirming, pushing mob of boys and young men of all sizes and various degrees of hoodlumism crowded before them into the dining room and captured dicted an early spring, the tables. Such a piece of boldness and need his help this time. utter disregard of all propriety and common decency of behavior was a surprise even to those who have watched the rapidly developing hoodlumism here, and made a scene disgraceful and humiliating to people who have any regard for the reputation of our community.

In Memory of Paine.

At the U. M. L. Hall on Wagner Creek, a meeting was held on the first Sunday afternoon after the 29th of January, in honor of the one hundred and forty-ninth anniversary of Thomas Paine's birthday, the great author that startled the world by first penning the words, "Independent Colonies of the re America." Prof. W. J. Dean delivered roads. a most excellent address. C. K. Klum made some very appropriate remarks, followed by others. Good music was furnished by the Wagner Creek choir. On motion and a unanimous vote, Prof. Dean was requested to furnish the Oregon Sentinel with a copy of his address for publication. The meeting then adjourned, fully intending to celebrate one year hence in fine style. W. H. Breese, Sec.

W. BEESON, Asst. Sec. Withdrawn from Settlement.

Through the efforts of Congressman Hermann, the President has been prevailed upon to withdraw from settlement ten townships in Klamath county embracing the territory of the proposed Crater Lake national park, and the Register and Receiver of the Roseburg land office received last week instructions from Commissioner Sparks as follows:

Register & Receiver:—Withdraw from settlement and entry land surveyed and unsurveyed townships 27, 28, 29, 30 and 31, South in Range 5 and 6, east, Willamette Meridian.

The object is to keep speculators from seizing the lands near Crater lake pending the consideration of the national park project. This withdrawal is one step gained toward the desired end, and shows that the proposition of our representatives is being seriously considered ing to the Gillette estate is to be sold at Washington. A letter from Mr. Her- soon. See advertisement under heading mann in another column contains matter of "guardian's sale" on 4th page. of interest concerning the progress already made by him in the premises.

The Decker Murder.

The following, from the Star, gives a little more detailed account than the Tipings had of the murder of Decker

near Little Klamath lake: Some time last summer. Allen filed on some land bordering on the state line between Oregon and California and on the California side, built him a house and made some other improvements, and afterwards learning he had filed on the shop work is now being done by Youle wrong numbers, he went to Decker and & Gilroy. sold to him the improvements, which Decker paid him the money for, and then filed a pre-emption claim himself and put some other improvements on the place. Some time afterwards, Allen went to Decker and wanted him to let him have the place back, said there was another party that wanted it and would give more for it than he, Decker, had paid him. old quartz mill on Wagner creek had Jackson creek, which is considered just Rev. W. G. Simpson will preach at at the express to this, Decker replied he could not do yielded \$1200 at the Medford reduction as good. so as he would be considerably loser there- works was entirely erroneous. On the day of the homicide, Decker got fair list of victims in this county this railway mail service between Portland and started to the place to do some work. When passing the house in which Allen lived, Allen came to the door and halloed at him, saying, "hold on; stop awhile." Decker stopped his team. Allen stepped back into the house, took down his winchester rifle, came to the door and deliberately fired at Decker, the ball striking him in the neck just under the chin, pass-Elmer Decker was a young man, twenty-two years of age, was industrious, valley. of good morals, and well spoken of by all who knew him. He leaves an aged mother, one sister and a number of friends to mourn his loss.

A Cloud of Witnesses.

In many instances the opium eating habit has been contracted through the use of narcotics, prescribed by physicians during sickness. Many remedies which claim to cure coughs contain morphia or claim to cure coughs contain morphia or ophium, and it can be easily understood what a bad effect they must have on children. The new remedy,—Red Star Cough Cure, is entirely free from these dangerous ingredients, and the mass of testimony which has already been collected in its favor from all parts of the country is proof of its wonderful purity and efficacy.

If a well be poisoned, we be to those who drink thereat. It is worse to poison the for none's self and for posterity. Often by carelessness, or country is proof of its wonderful purity and efficacy.

CRATER LAKE.

The following interesting letter from proposed Crater Lake national park was last week :

Washington, D. C., Jan. 22, '86. My DEAR MR. STEEL:-I have just returned from the executive mansion where the President gave me an audience irrigating canal will probably be begun on the Crater lake project and I addressed him on the importance of the proposed reservation, and suggested the advisability of withdrawing the ten townships embracing the Crater and Diamond lakes by Executive order and proclamation from future sale and disposal. I take this tending the O. P. R. R. from Corvallis | course as a precaution so as to avoid the opportunity to speculators or others to take up and hold the desirable portions or approaches to the lakes in anticipation of a park reservation or its future great value. Even if we succeed by act of Congress in securing an appropriation of this land, yet it must require some time to do so, possibly not even in this session. In the meanwhile there is the danger I have suggested from speculators; but an Executive withdrawal will provide against tice examine into the power of the Executive in this respect, and the Assistant Attorney General expresses a favorable opinion as far as he has examined the authorities. The Geological Department has also examined the precedents at my

Major J. W. Powell, the eminent geologist and the head of the geological and geodetic divisions of the Government. and whose annual works and reports on the geological surveys of the nation are tracted while engaged in the milling concurred in what I had to remark as to the wondrous scene, as well as physical features of the proposed park. Captain Dutton the chief of the geodetic surveys, and who spent some time in Oregon last year with his associates, is also an enthusiast in our cause and the agitation and importance which is given the mat-Says the Lakeview Examiner: It was ter has now caused the department to oreported the first of the week that Jack | der that a thorough survey and examina-Oregon with his aides, and well provided excellent preparation, made in Australia with camp equipments, cameras for taking photographic views, with all the necessary instruments for scientific ob-servations, ascertaining altitudes of the stomach, and is most reliable for curing prominent mountains, depths of lake waters, distances on land and climatic temperature. In this connection the geole trict out of LaGrande and Lakeview gical character will be inquired into, with sections. These two districts are entire- an analysis of the various rock, earth and is too much in going to and from their that some accurate scientific data and Appetite, Yellow Skin? Powell will also kindly join me. The discussion of this Crater Lake deeision will give an incidental prominence to Oregon, in showing up its grand scenery, and connected with this, its immense area, fertile soil, magnificent climate and boundless resources. So mote it be, "Oregon all the time," is my motto.

Your friend,

BINGER HERMANN. Not Symptoms, but the Disease. It would seem to be a truth appreciable

by all, and especially by professors of the healing art, that to remove the disease, not to alleviate its symptoms, should be the chief aim of medication. Yet in how many instances do we see this truth admitted in theory, ignored in practice. The reason that Hostetter's Stomach Bitters is successful in so many cases, with which remedies previously tried were inadequate to cope, is attributable to the fact that it is a causes of the various maladies to which it is adapted. Indigestion, fever and ague, liver complaint, gout, rheumatism, disor-der of the bowels, urinary affections and

Weather Record for January, 1886.

Following is the report of the U. S. Signal office in Ashland for the month of January, 1886:

Highest Temperature, 58 degrees, on 31st. Lowest Temperature, 17 degrees, on 16th. Mean Temperature, 38.8 degrees. Rainfall, 4.64 inches. No. of days on which rain or snow fell, 18. F. Newman, Signal Service.

that the thermometer record above is all above zero. We don't have any below-zero weather in Ashland.]

Note-People in cold climates should notice

What a Wife Said. Simply this and nothing more: It came from T. K. Bolton's store; Has proved to be a perfect oure,

Pleasant tasting, safe and sure. That Gum Tree (Eucalyptus) cough Syrup. and San Francisco, california, from the leaves of a peculiar variety of the Eucalyptus or blue gum tree of Australia. It coughs, colds, sore throat, whooping cough bronchitis, croup and any tendency to con-sumption. Sold by T K Bolton, City Drug store, agent for Ashland.

Are you made miserable by Indiges tion, Constipation, dizziness, Loss

VISHING to sell my entire stock, I will make the following offer: To any person or company who will take my whole lot of Peaches, Pears, Plums, Prunes and Nectarines, I will sell the

same at 121/2 cents each, all round. A fine lot of trees-the best Pear trees I have ever raised." Now is the time to set out orchards at prices that you may never see again. Why pay 50 cents for a tree and take chances of its being dead, when you can buy one for a bit that you know is alive? If a man lets one of these trees die, he

ought to do as I am doingquit the business. O. COOLIDGE.
