BREVITIES.

Tramps are passing through town every day. Prohibition clubs have been organized at Phoenix and Medford.

A regular miner's district organization has been formed at Gold Hill. A large area has been seeded down the valley within the past ten days.

Paymaster Reed, of the O. & C. R. R., came up on the freight this week. "Dad" Elysee, of Klamath county, is in this valley buying young cattle.

The Pioneer Hotel is offered for sale or rent. Possession given after May 10th. Still there is prospect of more fine brick buildings in Ashland this season.

The frame is up for Mr. Denner's new dwelling house in the town addition. The cool, stormy weather checked the spring run of drummers slightly this week.

Persons who have books belonging to the reading room will please return them at once. Thurston Thomas has secured the mail contract between Sams Valley and Spikeland.

Lumber ought to be cheap in Southern Oregon this season—lots of saw-mill competition. The 6th, 6th, and 7th of April, remember, are the days in which voters must register.

Honore Felton, of Sams' valley, went over to Yreka with a load of bacon for sale this week. B. W. Dean, of Willow Springs, is one of the candidates for the nomination for sheriff.

The Walls Walla nurseryman has been delivering a number of trees in town this week. Prof. W. J. Dean, of Talent, is mentioned as a candidate for county school superintendent.

About six inches of snow fell at Fort Klamath and four inches at Jacksonville last Monday night. E. F. Walker, of Medford precinct, has about a dozen quartz claims, in this and Josephine counties.

James MacDonough, of Willow Springs, has gone over to Yreka with some of his fine young trotting stock. A young man from up in the Sierras was showing some nice looking quartz in town the first of the week.

Republican county central committee is called to meet in Jacksonville to-day. Meritt Bellinger is chairman. The prohibition county convention will be held at Medford next Thursday, to nominate a full county ticket.

Mr. Stewart is setting a large number of fruit trees on his place west of the old stage route of Phoenix. A family arrived in Ashland last Tuesday morning direct from Missouri, bound for Central Klamath county.

C. K. Frank, the station agent at Medford, bought a house and lot in that place of G. W. Williams last week for \$900. L. A. Neil will have a new farm house built at his place south of Ashland this spring. A. L. Willey has the contract.

Piping is in progress at the hydraulic mines of McCall and Anderson, on the east side of Bear creek below Eagle Mills. J. K. Leabo announces that he will have an auction sale at the second-hand store on Saturday of next week. Read his notice.

Miners are beginning to clear up already in some of the short gulches where they have enjoyed a fair run of water this week. It is reported that one man anxious to witness the hanging last Friday paid five dollars for a pass which had been issued to another person.

All that wish to trip the light fantastic are requested to be at Myer's Hall at 8 o'clock to-morrow evening. Get your tickets at the door. Our "Italian skies" have been rather heavily laden with snow this week. The snow doesn't last long, however, after it reaches the ground.

J. W. Gregory has bought the four horses owned by the late Mrs. Nerton in the express and freighting business in this place for \$800. The galleons, the temporary fence around it and all evidences of the recent hanging at Jacksonville were removed from the court house last Saturday.

O. H. Hixon comes to the front with another one of the big pieces of news, for which he quotes cash prices. The galleons, the temporary fence around it and all evidences of the recent hanging at Jacksonville were removed from the court house last Saturday.

W. P. Hammon has a force of men busy at work on the Anderson place, preparing for the large nursery planting of which mention has already been made. Marion Taylor died at Gold Hill on Tuesday last week, from paralysis brought on by excitement over the rich quartz discoveries and consequent over-exertion.

The Tribune was favored with complimentary tickets for the dramatic entertainment in Medford Wednesday evening, for which we return thanks to the managers. County scrip is said to be worth about 90 cts. on the dollar in Jacksonville and at Myer's hall. The play was given under the auspices and for the benefit of the Ashland Brass Band and was rendered under the management of Prof. Sweet, of the Ashland schools.

From the predominance of sentiment and tragedy it was the most difficult piece yet attempted by the amateurs here, but its performance was highly creditable to all concerned, and was appreciated by the audience. The cast of characters has been published in the Tribune and those acquainted with the players needed no other assurance that the rendition of all the parts would be excellent.

The tragic and pathetic lines were well portrayed and the comic part by Mr. Alfred Cook and the house at every appearance. The entertainment was certainly a success—such as merit and returns. Excellent music was furnished by the Violets & Yeag orchestra, and at the conclusion of the play a serenade was given the audience by the same.

On Wednesday evening the I. O. G. T. Amateurs played "Among the Breakers" and had a good audience, notwithstanding the bad weather. The performance was good, and the expectations which had been raised by the excellent manner in which the "Good Templars" presented their drama, "Down by the Sea" a short time ago were well met.

The Perfection. Of the age in the medical line is the liquid fruit remedy Syrup of Figs, manufactured only by the California Fig Syrup Co., San Francisco, Cal. It is agreeable to the taste, acceptable to the stomach, harmless in its nature, painless yet prompt and thorough in its action. For sale by J. H. Chitwood & Son.

HERE AND THERE.

Seventy-five Chinamen still remain in Seattle. Immigrants have already commenced arriving in Klamath county.

Glendale is lively again since the new proprietors took charge of the big saw mill. The Star tells of "Jackson" rabbit hunting as one of the sports in Klamath county.

A Mr. Cannon has the contract to deliver 3,000,000 feet of logs at the Glendale saw mill. B. F. Cronch has bought a building lot in Littleton—Main street, near the postoffice.

The "Law and Order League" at Red Bluff propose to use the boycott against the Anti-Coolidge association. B. Hudson, of Poe valley, is one of the aspirants for the position of Sheriff of Klamath county, this year.

Stock on the ranges in Lake county is doing through the winter without loss, but are in rather poor condition yet. Traveling tailors' capers have been taking orders in Littleton, as well as in Frisco, to send to the dude clothing in Frisco.

The Albany Herald flings the name of Dr. L. D. Foy of Salem to the wind, as a candidate for gubernatorial honors. The Sugar Pine Door and Lumber Co. of Grant's Pass is preparing to prosecute the lumber business on a larger scale this season than ever before.

Mr. Iphigene now under care of Dr. Carpenter, at the Oregon asylum, will be removed to the new quarters in the Interoceanic at Bluff next month. The Yauhill county Reporter is credited with the statement, that money never was so plenty in that country as at present.

Nearly all the attorneys have money to loan. The Wool Growers' Association of Coquille county has decided to pay a bounty equal to the bounty paid by Crook county on the scalp of wild animals—on all taken since March 1, 1886.

A correspondent says Delta, formerly the northern terminus of the O. & C. R. R., is to be abandoned, and the line to be run from the mouth of the Humboldt to the mouth of the Klamath. The Yauhill county Reporter is credited with the statement, that money never was so plenty in that country as at present.

The Redding Independent says that \$13,000 has been subscribed for building gas works at that place, and that work will be begun at the end of next month. Ayer's Hair Vigor stimulates the hair cells to healthy action, and promotes a vigorous growth.

It contains all that can be applied to make the natural hair become thick, and the amount of hair flexible and glossy. A. D. Carriek, of Littleton, who disappeared unexpectedly from that place several months ago, leaving his business affairs and family in charge, has returned and resumed the bookkeeping business at his old shop.

His explanation of his absence is that he started from home to take a short cruise in the Pacific, but returned to find that his wife and children were in the city, and that he had a number of years experience in practice in Ohio and California.

The firm of Reames, Martin & Co., of Littleton, will be dissolved shortly. Mr. Reames will retire from the business, and instrumental music for the next two or three months. Prof. Willets is an experienced and successful instructor, and his patrons will be pleased with the results of his course of training.

Dr. C. J. Schrist, a graduate of the old Jefferson College of Pennsylvania, has located at Phoenix for the practice of his profession, and his card will be found among the new notices of business in this issue. Dr. Schrist has had a number of years experience in practice in Ohio and California.

Says a Roseburg paper of last Saturday: A cannery establishment has been erected on the Bella Vista fruit farm, opposite this city, where the products of their farm are being put up in a superior manner.

The cause and made on the ground and are equal in appearance to the best of the market. Recently the United States marshal seized all the cut timber in Beaver canyon, Idaho.

There are six or seven saw-mills in the second heaven or nearly there. The cause of the seizure is that the timber was cut from government land without paying a license, and the same timber was being marketed for sale on the market—Utah and Wyoming.
