The Lakeview Examiner of last week had the following: Pursuant to call, a good sized meeting ollected at the court house Thursday afternoon for the purpose of agitating the question of how to get rid of this great corporation of fraud, that holds our best land under the name of Oregon Military Road Company. S. P. Moss was elected chairman and F. W. Beach, various articles of trade, such as combs, secretary. A committee of five were apknife-handles, billiard-balls, poker-chips, etc., etc., but it has distinguished itself more in late years in the collar-and-cuff C. U. Seider and J. E. Bernard. Also and "outla in the Bib the pulpit. At the C line than elsewhere. The celluloid collar of commerce has a tired and time affidavits of the old settlers, who can stained hue even in youth, and in age it swear positively as to the fraud practiced is sicklied o'er with the pale cast of to secure this land. This committee consists of S. V. Rehart, E. B. Miller, A. F. I am now engaged in perfecting a cellu-loid garment, to consist of a pair of cuffs to be fastened inside the sleeve of the ton and buckskin scarf, so made as to tioned that nothing short of sworn testimann, who all seem anxious to serve is no room for complaint, unless it be

The people must agitate this question, and not be too slow to asserts their rights. settle up, and this is one of the causesthe cream of the land held by corporations who obtained it by fraudulent Another meeting will be held to-day,

and another will be set at some future

At a meeting of the citizens of Lake County Oregon, assembled, the undersigned, committee on resolutions, beg leave to report as follows: WHEREAS, By Act of Congress approved

That, thereafter said road was fraudulently certified to the Secretary of the Interior by the then Governor of the state of Oregon, no such road as the Act provided for having ever been constructed. That the alleged title of the Oregon Central Military Wagon Road Company, to said grants has been transferred to the California & Oregon Land Company, who now maintain, control and claim possession as assignees, thus preventing settlement and development of the country, and

That large tracts in the Goose Lake and other valleys, outside the limits of said grant, have been selected as indemnity lands, preventing settlement, where fewer souls, while Norway, Servia, induction. His method is not quite the there is no evidence that said company Greece and Denmark have scarcely so same as Mr. Edison's, for the latter teleever lost by sale, reservation or otherwise any portion of the tract granted. That this wealthy corporation continnes to hold and control a great portion of the best agricultural lands along the

settlers from making homes and improve- faulter, if the man, has to give the girl ments thereon. That the conditions of the original grant have never been complied with and grant have never been complied with an grant have never been complied with a grant have it is impossible to even locate the route of said road by survey or land marks. Be it therfore RESOLVED, That we, the citizens of

means in our power to assist in developing the fraud that has been perpetrated upon the government, and will use every honest effort to open up these lands for settlement with a view to the cancellation of the patents obtained through fraud.

RESOLVED, That a copy of these resolutions be mailed to each of the Senators and the Representative from this state and the Representative from this state.

says: Secretary Lamar sent to the house on your own responsibility. I can not hold out any glittering promises to you, some time ago by Hermann, all the information that the interior department followers, a system of epicureanism that has in regard to land grant wagon roads had been confined to Italy. Paris then Railroad to build parallel lines to Red My advice, for which I charge nothing, simply appropriating the three virgin stamps you inclosed, is to so live that when you come to die you will not be ashamed to let St. Peter smell of your breath.

Farewell, Physical Wreck. Let your number of the grant of land embraced 860,753 acres, of which 548,749 acres were patented.

Prosser, who was detailed by the interior department in 1880 to make a thorough examination of the work done by the Willamette Valley and Cascade Wagon Road company, states that the whole grant of land embraced 860,753 acres, of which 548,749 acres were patented to the company, and 312,004 acres still remain number of the grant of land embraced 860,753 acres, of which 548,749 acres were patented to the company, and 312,004 acres still remain number of the grant of land embraced 860,753 acres, of which 548,749 acres were patented to the company, and 312,004 acres still remain number of the grant of land embraced 860,753 acres, of which 548,749 acres were patented to the company, and 312,004 acres still remain number of the grant of land embraced 860,753 acres, of which 548,749 acres were patented to the company, and 312,004 acres still remain number of the interior department in 1880 to make a thorough the continued such ever since—a period of more than three centuries. It has taught so much of the modern world to cook, has sent so many of its cooks abroad on high culinary missions, that other cities can now company and 312,004 acres still remain number of the world o

unpatented. Prosser says he went over the entire road and found that it was a shameful piece of work. He states that the company appropriated an old county road from Albany, where the military road began, to a point four miles east of Sweet Home, a distance of thirty-six miles; that from that point east of Cache creek, about sixty miles of passable road was built, except for want of many necessary bridges, and that from Cache pain. A doctor was called, who gave a prescription that included a quart of whisky. Having got his whisky the creek to the eastern boundary of the state, 350 miles, the company only made a wagon-track, building no bridges, making no grades, and filling in no depresboard, sitting in the several precincts in sions. The report states that a single

In cases of sickness or absence, though, the time to register is extended three or four weeks. Below we give the principal features of the law, as classified by an exchange to the law exc In cases of sickness or absence, though, No agent had been detailed to inspect remaining still unpatented.
