

EDITORIAL NOTES AND NEWS.

The Prohibitionist cast 106 votes in Roseburg.

The president and his bride returned to Washington Tuesday.

The Oregonian says: "I told you so when Mitchell was elected."

Mrs. Gove is elected school superintendent in Multnomah county.

There were two or three arrests in Portland for attempts to bribe voters.

Lieut. Schwatka is going to Alaska, to write up that territory for the New York Times.

Gladstone's home-rule bill was defeated by a majority of thirty on the second reading last Monday.

The next legislature will have a Democratic majority in the lower house, it is said, but the senate will be Republican.

Another shortage of \$1800 was discovered in the San Francisco sub-treasury last Tuesday. Must be rats about the building.

Penney's majority for Governor is about 2907; Hornum's majority, 2000; Webb (Dem.) for state treasurer, 400; Baker for state printer, over Nickell 1500.

Secretary Manning has resigned his office, but the President prevailed upon him to accept a leave of absence till October 1st, at which time the resignation will be considered.

As nearly as can be estimated the Democratic majority in Jackson county is about 350, in Josephine 30; in Klamath, 55; in Lake 75, making a total of 510 in the first Judicial District.

The secretary of the interior reports that the total number of acres of public lands surveyed in Oregon during the last year was 2,868,318 acres, making the total surveyed 39,647,093. There remains to be surveyed of public lands and Indian lands 21,328,267 acres.

A Seattle dispute of June 4th says: "The grand jury, in session here to-day, rendered a report completely exonerating Thomas Burke, E. Hanson, L. R. Banks and E. M. Carr, the members of the Home Guard who were charged with murder for having fired on the mob during the anti-Chinese riot last February."

Senator Dolph was instructed by the committee on public lands last Monday to report an amendment to the agricultural appropriation bill, providing for the expenditure of \$5000 for an artesian well in the eastern part of Washington territory. If the experiment should prove successful we may look for artesian wells to become common east of the Cascades.

In Multnomah county the republican county ticket is elected with the exception of Sanders for clerk, who is defeated by fully 8000 votes; Gault for school superintendent, who is left by 300 or more; very probably Harris for the legislature, and probably Bennett for county clerk. The vote between Catlin and Democrat is very close and it may take the official figures to decide.

Senator Hawley says that the wage workers of Connecticut have \$22,000,000, or \$800 each, in savings banks. Senator Hoar says that in Massachusetts they have \$270,000,000 on deposit, or \$750 each. So it seems that in those two States labor has accumulated \$902,000,000 of surplus earnings or capital. Now, if that capital were aggregated it could start a surprising number of productive enterprises.

Burdensick, the New York contractor, has been given ten years in Sing Sing for building houses to tumble down upon people, and Most, the anarchist, one year at Blackwell's island for planning to place dynamite under houses to blow people up. In justification of the judges who sentenced the criminals it should be said that each gave all that the law allowed for the offense. Both men fairly earned death upon the gallows, and it would be well if the law could be so amended that their successors in the same line might get their just deserts.—[Telegram.]

Judge Webster has received a more complimentary vote than any other official elected last Monday in the State of Oregon. To be elected by five hundred majority on the Republican ticket in a district Democratic by about four hundred is a testimonial which few men receive from the people in these days. The Tidings before the election said Judge Webster should receive an endorsement of his upright and honorable record by an election with the same strong majority given him two years ago. It believed he would receive a substantial majority, but was not expecting for him so overwhelming a victory.

An interesting question under the new election law arose in counting the votes in Ashland precinct. The law directs that two ballot boxes shall be prepared at each polling place, one for the voters of the precinct, and the other for residents and voters of other parts of the state who may wish to exercise their right to vote for state officers. The persons voting for state officers only must put the whole ticket, state, county and precinct, in the state box, but when the box is opened the Judges are directed to count the ballots for the "state and district officers" and for them only. The question as to whether or not a resident of some other judicial district is entitled to have his vote counted for the judge, and in prosecuting attorney of the district, is the point which has raised doubt here and elsewhere in the state. The law plainly directs the judges to count the ballots in the state box for "state and district" officers, but the judges in Ashland precinct concluded to risk a disregard of that part of the law, and the nineteen tickets in the state box were not counted for the district judge and prosecuting attorney. This provision of the law may cause a contest in some election district of the state if the vote be close enough anywhere to hinge upon the number of ballots in the state box.

THE ELECTION.

The state election has resulted in the choice of a mixed ticket. Penney is elected Governor, Webb (Democrat) is elected State Treasurer, and possibly Strahan (Democratic nominee for Supreme Judge) is elected. Hornum is re-elected to Congress by the strong majority of some 2,000. McBride (Republican) is elected Secretary of State by 400 to 600 majority, and Baker (Republican) is elected State Printer by about 1500. The complexion of the next legislature is not positively known. The Senate will be Republican, but the lower house may be Democratic. The Prohibition vote will be less than 2,000, and in Jackson county, less than 175. In Marion county, where there were some hopes of Prohibition success in the county ticket, the entire Republican ticket was elected.

In Jackson county the whole Democratic ticket is ahead, with the exception of District Judge. The highest vote was for Miller, for representative, and the smallest majority was for Walton for commissioner. Dr. Geary (Repub) for state senator ran some 160 ahead of his ticket. Rowditch (Dem.) for representative, ran some 60 ahead of his party majority, and Nickell ran about the same, but dropped behind a little in Josephine, Klamath and Lake. Following are the majorities in the whole county. The complete vote by precincts could not be obtained in time for this issue without too many errors. Next week we shall give the official vote in tabulated form, in shape for reference and preservation:

- For Governor, Penney 432. For Congressman, Butler 353. Judge Supreme Court, Strahan 407. Secretary of State, Gibbs 362. State Treasurer, Webb 385. State Printer, Nickell 1413. Supt. Public Instruction, Davis 348. Circuit Judge, Webster 45. Prosecuting Attorney, Clegg 328. State Senator, Stanley 190. Representative, Rowditch 410. Representative, Miller 548. Sheriff, Dean 54. County Clerk, Parker 77. County Commissioner, Walton 43. County Commissioner, Haymond 313. County Treasurer, Fisher 133. School Superintendent, Priest 1280. Assessor, Childers 520. Surveyor, English 350.

Following is a list of the majorities in Klamath county: Butler, for Congress, 20; Penney, governor, 57; Waldo, supreme judge, 74; Webster, dist. judge, 293; Kelley, dist. attorney, 1; McLean (Repub.) joint representative of Klamath and Lake, 132; Hale (Repub.) county clerk, 155; Childers (Dem.) sheriff, 73; Hatton (Dem.) assessor, 23; Bards (Dem.) treasurer, no opposition; Thatcher (Repub.) school supt., 5; R. S. Moore (Repub.) surveyor, 6; for Commissioners, Enmitt (Repub.) 104; Wells (Dem.) 63. Total number of votes cast, 598.

Following are the majorities in Lake county except one precinct: Butler 66, Strahan 66, Penney 71, Gibbon 66, Webb 64, Davis 54, Nickell 60, Kelley 54, Webster 160, Miller 104. Clerk, Boyd 148; School Supt., Fisher 53; Commissioners, Penland 3, Loftis 62; assessor, Stanley 121; treasurer, McCallen 165; sheriff, Charlton 181.

The election was quiet, and there was no excitement over the state ticket. The county has gone Democratic by a small majority. Penney's majority is 50, Butler's 3, Strahan's 82, Gibbon's 27, Webb's 35, Nickell's 25. District officers: For judge, L. R. Webster, rep.; over J. R. Neil, dem., 82; for district attorney, W. M. Colvig, dem., over H. Kelly, rep., 40. The entire Democratic ticket was elected, with two exceptions: Representative, S. U. Mitchell, dem.; county judge, Volney Colvig, rep.; commissioners, J. M. Payne, dem.; and A. H. Platter, rep.; county clerk, C. K. Chanslor, dem.; sheriff, T. G. Patterson, dem.; treasurer, J. W. Howard, dem.; school superintendent, A. J. Chapman, dem.; assessor, J. P. Lewis, dem.; surveyor, W. Saunders, dem.; coroner, W. F. Krenner, dem.

Following are the approximate majorities, or, rather, pluralities. They will each be changed slightly by the official vote: Penney, 825; Hornum, 1600; McBride, Sec. of State, 600; Webb, treasurer, 65; McElroy, supt. schools, 750; Baker, state printer, 1125; Strahan, 450; Stearns and Shattuck for district judges each have over 2100 majority over Smith, the independent candidate put up by lead Stearns. McGinn, Republican candidate for prosecuting attorney, has some 2000 majority over Brough (Prohib.) and more than 2500 over the Democratic nominee.

In Lane county the Republican state ticket is ahead by about 25 majority, excepting for governor, and Penney has a small majority. The county ticket is divided. The Republicans elect clerk, sheriff, superintendent and surveyor, and claim senator and two representatives.

It is due to Mr. Parker, to the people whose servant he is, and to the publishers of the charges in question, that the bottom facts of the whole matter be laid bare, and it is to be hoped there will be no delay whatever in bringing about an investigation, in the courts if possible, which shall either clear Mr. Parker's character or compel him to "resign and refund" as he promises. There is no middle ground or mysterious, hazy intricacy of law and fact which can be used as a cover under which to smother the grave charges made. It has been asserted that Mr. Parker has charged the county and its individual citizens more than the law allows him for his services. He either has or has not done so. If he has done so, intentionally and systematically, as charged, he should be dismissed from the office. If he has not done so, he should demand and receive a retraction of the charges and a vindication of his character. Everybody must agree with us in this.

There has never been such a mixed-up election in Oregon before since the election business was opened in the state. The old party lines were lost entirely in some places. The Chinese question carried the day in Multnomah county, giving Penney 500 majority in a county that is from 800 to 1500 Republican. The county ticket in Multnomah also is mixed. On Supreme Judge the liquor question was the chief issue. The liquor interests of Portland distributed slips calling upon everyone sympathizing with them to work for Strahan. The report of this was spread abroad by the Prohibitionists and turned their vote for Waldo. The rest of the state ticket was influenced to some degree by the forces at work for the gubernatorial and judicial nominees, and a general break-up of the old lines was the result.

Notice to Settlers. The following dispatch was received in the United States Land Office at Roseburg Thursday: To the Registers and Receivers of the United States Land Office—GENTLEMEN: The report of the Pre-emption, Timber Culture and Desert Land laws being the subject of consideration by Congress, all applications to enter lands under said laws are hereby suspended from and after this date until the first day of August, 1886, and are hereby directed to receive no filings or new applications for entry under said laws during said time. WILLIAM A. J. SPARKS, Commissioner.

A Washington dispatch of the 4th has the following concerning the above order of Commissioner Sparks: "A circular issued from the department of the general land office to-day, signed by the commissioner and approved by the secretary of the interior, revokes the order issued to registers and receivers on June 24, directing them to receive no filings or new applications for entry under the pre-emption, timber culture and desert claim laws until August 1, 1886, there being a question as to the legality of the order. The order was issued owing to the unusual number of entries being made in anticipation of the repeal of these laws."

Cholera in Europe. Reports that are being received at the State Department would indicate that the coming summer is going to be a very bad one for cholera in Europe. It has broken out with violence in various parts of Italy. Consul General Adams reports that on May 10th there were ten cases at Bari and ten deaths on that day. At Venice there were on the same day thirteen cases of a right death. At Brindisi, which has been raging with considerable violence, the danger is thought to be past. This state of affairs so early in the season is thought to be a bad omen.
