The Wheat Crop.

San Francisco Letter to Portland News. A San Francisco correspondent says the new wheat crop has commenced to move in California and many speculations are being indulged in as to the probable yield this year.

According to the New York medical journal one-half the adult men in America living in our cities are bald-headed.

A bill has passed the senate proposing a constitutional amendment extending the period of presidential term to April 30, 1880.

One of the "captains" in the Salvation Army, Harnburg went off on a big drunk and was dismissed from the "service."

A national divorce law is one of the coming necessities. The conflict between State enactments is shown in a recent convention for bigamy in the State of Indiana.

Simply this and nothing more: It came from T. K. Bolton's store; it was proved to be a perfect cure.
