

THE ASHLAND TIDINGS

FRIDAY, JULY 16, 1886.

Episcopal Services.

Bishop Morris and the Rev. Mr. Potwine will hold services at Linkville on Sunday, July 25th, at Fort Klamath, Sunday, Aug. 1st, and at Bonanza, Thursday August 5th.

Stockholders' Meeting.

The annual meeting of the stockholders of the Ashland Woolen Mills, for the election of Directors, will be held at the office of the company on Monday the 26th inst, at 2 o'clock p. m.

W. H. ATKINSON, Sec.

July 13, 1886.

Appointed Deputy Sheriff.

Sheriff Deam last week appointed C. W. Logan, of Ashland, as one of his deputies—a selection which gives general satisfaction here. Charley is a young man of ability and courage, and has ambition enough to take pride in making a good record as an officer.

W. C. T. U.

The W. C. T. U. will meet this week at the Reading Room on Saturday, July 17th, at 3 p. m. All members are requested to be present.

The ladies of the Union will give a social at the house of Mrs. A. M. Russell on Friday of next week, July 23rd at 7 p. m. All members of the Union are invited; also all honorary members.

Mrs. J. H. RUSSELL, Pres.

Mrs. J. W. SATERFIELD, Sec.

Lodge Officers.

At last meeting of Ashland Lodge No. 68, A. O. U. W., the following officers were installed for the coming year: J. R. Casey, M. W.; A. W. Bush, G. F.; L. Martin, Overseer; Wm. Patterson, recorder; John May, Financier; E. M. Miller, Receiver; W. H. Leeds, I. W.; J. W. Alcott, P. M. W.—Ashland Lodge No. 45, I. O. O. F.—At a call meeting July 8th, the following officers were installed: Robert Taylor, N. G.; W. W. Kentner, V. S.; John May, R. S.; A. D. Helman, P. S.; J. C. Durkee, Treas.

State Teachers' Association.

The annual state teachers' institute was made a success this year, as usual, by Sup. McElroy. Yaquina was found to be a delightful place for a rendezvous of the teachers, giving a taste of vacation, recreation and pleasure, although the hotel accommodations were somewhat overcrowded. Before the close of the institute a permanent organization of the teachers of the state was effected, the object being to arrange for better facilities for the labor for continued advancement of the profession in Oregon.

District Vote.

The following is the vote of this judicial district, as canvassed by the Secretary of State:

Circuit Judge, Webster—Jackson, 1,091; Josephine, 489; Klamath, 427; Lake, 311; Neil—Jackson, 1057; Josephine, 410; Klamath, 158; Lake, 168. Total for Webster, 2,318. Total for Neil, 1,793.

Prosecuting Attorney, Colvig—Jackson, 1,255; Josephine, 474; Klamath, 410; Lake, 290. Total 2,419; Kelley—Jackson, 988; Josephine, 474; Klamath, 277; Lake, 249. Total 1,863.

Webster's majority over Neil, 525. Colvig over Kelley, 536.

Bonds Filed.

The new county officials filed their bonds a short time since, which were approved at the adjourned term of the county commissioners' court, held on the 30th ult. to wit:

W. H. Parker, county clerk, bonds \$10,000. K. Kubli, John Orth, J. Hanley, J. Numan, and A. H. Maegly, sureties.

B. W. Dean, sheriff, bonds \$10,000. John Orth, Dr. DeBar, K. Kubli, J. Numan and A. G. Colvin, sureties.

Dr. R. Pryce, coroner, bonds \$3,000. D. H. Miller and Jas. Hamilton, sureties.

Newman Fisher, county treasurer, bonds \$20,000. Herman V. Helms, P. McMahon, K. Kubli, John Orth, Max Muller, E. Jacobs and J. Solomon, sureties.

F. A. English, county surveyor, bonds \$5,000. A. C. Stanley, C. H. Pickens and Chas. Nickell, sureties.

The Oregon Exhibit Car.

The Oregon Board of Immigration has determined to fit up another exhibit car and send it East, as was done last season. Mr. D. D. Prettymann, of Salem, was selected as the most suitable person to take personal charge of this important work.

The purpose is to fill a large car with all sorts of specimens—vegetable and mineral—with which Oregon abounds, and what it is capable of producing. This will include gold bearing quartz, coal, iron, copper, galena, tin, timber, grains, grasses, fruits and vegetables.

Mr. Prettymann's duties will be to visit every portion of the State and collect from all sources these articles; to bring them to Portland, suitably classified and arranged them in a car prepared expressly for that purpose. The work of collection will be commenced about harvest time and pushed forward as rapidly as practicable. The intention of the board is to have the car start west as soon as the collection can be completed.

The car will be confined almost exclusively to the northwestern States in its travels. One short trip only will be made to the Atlantic States. Already four pressing invitations have been received by the board from the officers of many expositions in the western and northern States to have this exhibit car visit them when it goes east.

Why Is It

That the sale of Hood's Sarsaparilla continues at such a rapidly increasing rate? It is:

1st: Because of the positive curative value of Hood's Sarsaparilla itself.

2d: Because of the conclusive evidence of remarkable cures effected by it, unexpressed and seldom equaled by any other medicine. Send to C. I. Hood & Co., Lowell, Mass., for book containing many statements of cures.

Have You Taken S. L. R.

Then can you do good by communicating to others an unfailing cure for Dyspepsia, constipation, headache, biliousness and kidney ailments.

"Having suffered from debility, headache, dizziness and loss of appetite, from an inactive liver, Simmons Liver Regulator was recommended by a friend. Procuring a bottle, I was greatly benefited in a short time, and consider it an almost indispensable household remedy."—J. M. Dettler, William Penn P. O., Montgomery Co., Pa.

BREVITIES.

Mountain parties are now in order.

The thrashing season opened last week. John L. Grubb has his header at work up the valley.

The call for quartz mining location notices continues.

A number of poles are down again on the military telegraph line.

The best mining location blanks for sale at the Tidings office.

A communication from "Justice" came too late for insertion in this issue.

The Monitor came out on time last week, under the editorship of A. L. Johnson.

It is lawful to kill grouse and pheasants now, the close season having expired Wednesday.

There has been no further news concerning the removal of the garrison at Fort Klamath this week.

Geo. H. Bayley offers for sale his stock ranch on Antelope creek. See his notice elsewhere in this issue.

Ayer's Sarsaparilla is the most effective blood purifier ever devised. It is recommended by the best physicians.

Wm. Gray, who bought the Harbough thrasher, began his season's work east of Bear creek last Friday.

The Western Union Telegraph Co. has adopted a new schedule on rates averaging a reduction of 25 per cent.

The season for the annual visit of the city and townspeople to the mineral springs and other resorts has arrived.

Arthur Wilson has discovered a vein of what he thinks is anthracite coal on his farm in Manzanita precinct.

Ashland prices command 10cts. per lb. in the home market this season. Some what different from last year's prices.

Thos. Curry, of San's valley, has bought a fine steam thrasher and will operate it in that part of the valley this summer.

O. R. Myer has ordered his own use one of the finest Columbia bicycles made. Others will probably follow this to Ashland.

A traveling corn doctor has been attracting considerable attention on the streets of Ashland several evenings this week.

H. E. Baker, the Medford warehouse man, has introduced the custom of loaning or advancing money on stored wheat in this valley.

"For economy and comfort, we use Hood's Sarsaparilla," writes an intelligent Buffalo, N. Y., lady. 100 Doses One Dollar.

Mr. White, of Medford precinct, has placed his fine black horse, "St. Walter Jr." under training, to develop his speed qualities.

Mr. F. Roper has moved into his handsome new house, and Geo. Engle and family will occupy the house just vacated by Mr. Roper.

J. S. Eubanks, Jr., has purchased of Jehu Gum in the southern part of town a large building lot, and intends erecting a residence thereon.

The July number of the West Shore is out. It is an excellent number, and has some very fine illustrations. L. Samuel, Publisher, Portland, Or.

For the first time in many years Uniontown precinct has a Justice of the Peace. S. E. Denningham having qualified for the position. [Sentinal.]

Charley Slade is still driving on the Linkville stage line, between Ashland and Naylor's. There are two drivers between Naylor's and Linkville.

The mail on the Linkville route is being carried on contract time, but twelve hours is a short run over a mountain road like that across the Cascades.

Street Commissioner Chapman has been plowing up Church street, and making an entirely new driveway—an improvement that was greatly needed.

A special invitation is extended to the people and to the young folks especially, to attend the Secular Sunday School at Granite Hall next Sunday, July 18th. See notice under proper head.

Drive whist has followed progressive eucure as a social entertainment here, and a pleasant party enjoyed the game as the guests of Mrs. G. M. Willard last Saturday evening.

The Lakeview Examiner has been enlarged, and is evidently on flood tide of prosperity. Its new publishers, Bench Bros., are enterprising and progressive, and deserve success.

The District Teacher's Institute for Jackson, Josephine, Klamath and Lake, and the Jackson County Teacher's Institute combined, will be held in Ashland sometime about the 25th of August.

Mr. O. Colledge has the thanks of the Tidings for a few of the finest peaches we have seen this season. They were of the Early Alexander variety and were unusually large and of very fine quality.

Chas. Schultz has been re-appointed janitor of the court house by the new board of Commissioners at a salary of \$50 per month—a reduction of \$10 per month from what he was receiving before.

The State Treasurer gives notice that he will pay all outstanding bonds of Oregon on presentation. Can't see that this will do much towards relieving the financial stringency in the Tidings office, however.

Grain crops in Douglas county have suffered fully as much from the dry weather as have the crops in Rogue River valley. The fields within sight of the railroad make a poor showing at this harvesting.

Mr. J. Hockersmith has an abundance of blackberries for sale at his garden in the northwestern part of town; price 25 cts. per gallon. He will take wheat in exchange from farmers who have grain but not money.

Mooses, H. S. Evans and F. W. Egelus have gone into co-partnership in the painting business in Ashland. Both are practical painters and they will do work in all the branches of house, sign, carriage and ornamental painting.

Engineer John A. Hurlburt has been in Ashland most of the time for the past two weeks, engaged in making a complete inventory of the property of every sort (including tools and implements of construction) stored at the company's warehouse. The company is making a careful list of its property this summer, but as to the special object in view the public is not informed. Up to the latest advice, the negotiations between the Southern Pacific Co. and the O. & C. for the lease or purchase of the latter's road had not been consummated.

NEIGHBORING COUNTIES.

KLAMATH COUNTY.

Most of the following items are culled from the Star of the 10th:

Charley Barneburg and wife intend to remove to Rogue River valley soon.

Henry Kessler has opened his new drug store in Linkville next door to the big hotel.

James Kertchen started for Yreka Tuesday morning to meet his father, who is on his way to this county.

The bills against the county audited and allowed by the county commissioners' court at the July term amounted to \$1003.25.

The county court has authorized the assessor to rent a suitable room for an office at a rental of not over \$100 per annum.

Pantlons are killing stock in the vicinity of Naylor. Rev. Robert McLean and Capt. D. J. Ferre have each had three fine colts killed during the past week. All efforts to exterminate the pests, have failed as yet.

We were told by a gentleman a few days ago, that up to July of the present year, there had been as much freight shipped to Linkville as during the entire year of 1885. And yet our Portland friends will hardly recognize us as living in any part of Oregon.

The new county officials all qualified and took the oath of office, except John Wells, who was one of the county commissioners elect. He would not assume the duties and obligations of the office, and J. L. Hanks was appointed commissioner in his stead by the county court.

County Supt. W. E. Greene gives notice that two of his two vacant scholarships must apply in writing for the same to the county superintendent of common schools, at least one month before the commencement of the school year in which they seek to enter.

Recently a man who was engaged in digging a well on his place in Langell valley, when down some twenty-two feet or more, struck a very singular formation. It was evidently the bed of an ancient lake, as the decayed vegetation bore strong evidence of having at one time been a tule swamp. In fact, the whole of that valley looks as though in ages gone by it has been a lake, but the constant flowing of Lost river for thousands of years has lowered what is known as the Gap, and thereby drained this long-time lake.

JOSEPHINE COUNTY.

From the Courier of the 9th inst.:

N. DeLamater of Kerbyville has rented both his mining claims to Chinese.

The Wines mine on the head of Jump off Joe from Waldo to Smith River Post office, a distance of 52 miles without change of animals, will undoubtedly prove a failure.

Ennis & Simmons, near Waldo, made more cut last year than they expected to. They have put in sixty-four boxes of twelve feet each. This claim when fully developed, will be a gigantic affair as compared to the sluice box era of the past.

The service on the daily stage line as far as Waldo seems to be good enough for summer travel, but the attempt to carry it from Waldo to Smith River Post office, a distance of 52 miles without change of animals, will undoubtedly prove a failure.

It is reported that school superintendent, A. J. Chapman, of this county died at Kerbyville Tuesday morning. Mr. Chapman was elected school superintendent at the late election—having held that office the two past years—and was about to be sworn into office again. He has been a good superintendent as the county ever had, and we regret the county's loss in his death.

Work has begun on the Rogue river bridge on the 6th and will be pushed through as rapidly as the iron frame work can be received. In a few days work will also be begun on the Applegate bridge. These bridges will be a vast benefit and convenience to the county, and our worthy representatives Messrs. Miller and Porter, deserves great credit for the passage of the bill making the appropriation. Let us not underestimate nor forget the valuable services rendered by our public servants.

LAKE COUNTY.

From the Lakeview Examiner:

There is some talk of a bank being started in Lakeview this summer.

Eighteen and a half cents is the largest price paid for wool here this season, and that was paid last week.

The timbers are being framed for the Methodist church, and are long Lakeview will probably have a house of worship.

A. F. Snelling is making arrangements to take of the White Sulphur Springs, and is expected to be in the U. S. land office at this place.

Wright & Colvin, T. J. Magillon and Attorney Cogswell will probably put up buildings in Lakeview in the near future.

E. M. and H. A. Brittain who have been attending the state university, returned to Paisley a few days since, bringing with them a drove of stock cattle.

We have been informed by men who should be posted, that over three quarters of a million dollars will be paid to parties in this county for mutton sheep and wool this year.

Two men named Farington have bought the old steamboat, built by parties at this place, for \$250. They have ordered new machinery and will use the boat for plying across the lake and will saw wood with the engine on the other side.

Jud Field's header saw an eagle trying to make off with a lamb Monday. He set the dog on the bird, whereupon the eagle bounded the dog also. The header went closer and shot the eagle with a pistol. It measured nine feet and ten inches from tip to tip. We have one of the claws, which measures eight inches from heel to toe, which would make a good sized bear ashamed.

The Tidings in speaking of the swim-baths at Ashland, says: "So far as we know, this is the only natatorium on the coast in which sulphur water is used." The bath house south of Lakeview, which is filled from the White Sulphur Springs, is pronounced by San Francisco traveling men, to be as fine as anything they have ever seen. It is a great thing for the people of Lakeview, and the bath should be appreciated.

Natural Soda Water at Eagle's

PERSONAL.

Cyrus Pickens of San's valley, is in Portland this week.

Miss Emma Vining is visiting in Jacksonville this week.

Sheriff Brad Dean was in Ashland Wednesday.

W. W. Nickerson and wife will spend some time in this valley.

Mrs. W. C. Hale, of Linkville, is visiting relatives in Jacksonville.

Manager Koehler of the O. & C. R. R., visited the Wagner Creek mines last Saturday.

Mr. Byars, who had been at Portland for a short time, returned to Medford again last week.

G. F. Billings and Mrs. S. A. Farham attended the State Sunday School Convention held in Portland this week.

Virgil Walters, formerly an Ashland boy, who learned type-setting in the Tidings office, is now postmaster at Yaquina.

Eugene Freeland started for Princeville last Tuesday. Mrs. Freeland (his mother) will probably move to Ashland with her family in a few days.

J. A. Bowdoin, publisher of the Klamath Star, came in from Linkville Friday, and started for Portland on the evening train.

Prof. J. S. Sweet returned on Wednesday morning's train from Yaquina Bay, where he has been attending the State Teachers Association.

Mr. M. Bellinger, of Jacksonville precinct, and Mrs. W. G. Tanner, of Ashland, are among the guests at the Soda Springs Hotel this week.

R. A. Payne, of Modoc county, Cal., will move in to this valley soon, to take charge of the Clayton place for Mr. Atkinson. Mr. Payne is a brother-in-law of Mr. Atkinson.

Col. John E. Ross, accompanied by his wife and Miss Alice, returned from Portland last Friday. The Col. is still very weak from his late illness but is improving as fast as could be expected.

Corlies Merritt, formerly one of the publishers of the Tidings, has been in San Francisco for the past five years, but went to New York state early in the summer, and will remain in the East for some time.

Mrs. J. M. McCall and Miss Laura Anderson went over to the Klamath ferry last week, to visit Mrs. Anderson, who is a brother of Mrs. McCall and an uncle of Miss Anderson. Mr. Anderson is seriously ill with a derangement of the liver, and has been in a critical condition, but is somewhat better now.

Dr. J. S. Barton will start soon for Stockton, Cal., where an excellent professional opening is offered him. He has not decided fully to locate there, however, but may return to Ashland after giving the climate and other features of life there a trial. The doctor is well qualified to take a high rank in his profession in any city where he might cast his lot.

HERE AND THERE.

An Italian named Everisto De Lorenzo was killed by a piece of rock from a blast near crossing 14 on the C. & O. R. R. extension on Wednesday last night.

Douglas county has just called in for payment all county warrants protested up to Jan. 16, 1886. She is about five years ahead of Jackson county in this line.

Seven Indians arrived in Sacramento Wednesday from Indian Territory, and left for Klamath reservation in Southern Oregon. They were Modocs whom the Government had given permission to return to their old home. The travelers report that life in Indian Territory does not agree with their warlike tribe, and only ninety are now living. They have been educated somewhat, and adopted the following names: P. McCarty, Chas. Miller, Jim Long, Samuel Clinton, Davis Miller, Mrs. Clinton and Mrs. R. A. Tele—[Yreka Journal.]

Work commenced on the O. P. R. R. extension at Corvallis on Monday. The contract calls for the road to be graded and the rails laid from Corvallis to Albany in 60 days, which will no doubt be done. Axmen are clearing the way at this end of the line so that work of driving piles can be commenced through the river bottom approaching the bridge. [Albany Bulletin.]

The County Commissioners of Marion county have donated the sum of \$15,000 towards building the bridge across the river at Salem. The Commissioners of Polk county refused to donate one cent, but meeting of citizens was held and \$5000 was pledged by individuals, if the county commissioners do not change their minds, and the bridge will be built anyway.

The city of Salem has purchased a new steam fire engine at an expense of \$4,000. It is the LaFrance pattern, third class, guaranteed for ten years and will throw 300 feet.

Another Life Saved.

Mrs. Harriet Cummings, of Cincinnati, Ohio, writes: "Early last winter my daughter was attacked with a severe cold, which settled on her lungs. We tried several medicines, none of which seemed to do her any good but she continued to get worse, and finally missed large amounts of blood from her lungs. We called in a family physician, but he failed to do her any good. At the time a friend who had been cured by Dr. Wm. Hall's BALSAM FOR THE LUNGS, advised me to give it a trial. We then got a bottle, and she began to improve, and by the use of three bottles was entirely cured."

Lumber to exchange for bacon and flour. Apply to W. G. Tanner, Reeser's block.

All kinds of lumber for sale at bottom prices. W. G. TANNER, Ashland.

Ripe Ashland peaches and berries at Clayton & Gore's.

A new lot of tin and granite ware at Reeser's & Gore's.

Lemons and bananas cheap at Clayton & Gore's.

Do you want to paint? A full line of lead, oil and colors always on hand at Clayton & Gore's.

Screen doors and windows on hand and orders made to order at short notice at H. C. Messenger's. Call and get prices.

Fine all wood light colored suits for \$12 at O. H. Blount's. These are the best bargains ever offered in Ashland, and will be in stock but a short time.

Men's summer pants, neat cuts, \$1.50 per pair at Blount's.

Boys' straw hats for 19c. at O. H. Blount's.

MINING ITEMS.

Some eight or ten new locations of quartz claims have been made within the past week in the Wagner Creek district.

Messrs. Anderson & Roper have men at work running a tunnel and sinking a shaft to prospect the ledge discovered by Mr. Anderson recently just above his place mines.

Messrs. Lyttleton, Pennington, J. H. Russell, and Eggleston are prospecting a quartz ledge at the head of Wild Cat gulch, about a mile northeast of Ashland. They have taken out some good rock, but the ledge is narrow where they are at work now—only about four inches wide.

Piping has ceased for the season at the McColl & Anderson hydraulic mines north of Ashland.

Miners are still prospecting for new placer claims in Josephine county.

The owners of the "Hope" ledge in the Wagner Creek district have had applications for the privilege of putting up a mill at their ledge, from two different parties. The Hope prospects are rich.

B. A. Knott, of the Willow Springs district, who was mentioned as having an offer of \$4000 for his quartz ledge, has about 200 tons of the rock on the dump, which he will have worked by the Brown mill near the Swinden ledge. Mr. Brown has made arrangements, it is said, to put up another five-stamp mill in the same neighborhood.

A company, composed of Wm. Naucke, Wm. Bybee, John Hall and A. Brown have inaugurated a new enterprise and will engage in mining on Canyon creek on a large scale. A ditch will be dug, hydraulic pipe and a giant purchased and nothing left undone to make their diggings pay.

C. C. Beckman is having his quartz mines on Jackson creek surveyed, and will probably have tunnels run and shafts sunk on them before long. We believe that good ore exists there in paying quantities and hope to see the matter thoroughly tested soon. B. B. Beckman and Frank Huffer are engaged in making the survey.

The character of rock in the Pilgrim ledge of the Wagner Creek Mining Company is reported as showing constant improvement as the shaft goes down, and this encouraging prospect has given a general stimulus to prospecting and mining work in the Wagner Creek district.

Messrs. Smith, Hawkins, Barnes and H. C. Dollard are working a new placer claim on Beaver creek, with excellent prospects of good returns.

Religious Notices.

M. E. CHURCH—Regular services every Sunday, at 11 a. m. and 7 p. m. Sunday School at 9:30 a. m. Wm. G. Simpson will preach at Medford on the 24th Sunday in each month.

PRESBYTERIAN CHURCH—Preaching morning and evening at the usual time. Sunday School at 9:30 a. m. Rev. J. A. Milligan, pastor.

BAPTIST CHURCH—Preaching at Ashland morning and evening every Sunday except the first in each month. Preaching at Medford on the first Sunday in each month. Rev. A. M. Russell, pastor.

LIBERAL HALL, TALENT—Liberal Sunday School meets for Bible study and discussion every Sunday at 11 a. m. Cordial invitation to everyone.
