

ASHLAND TIDINGS.

FRIDAY, OCTOBER 15, 1886

Another social dancing party will be given at Bick's hall, south of Ashland on next Friday evening, Oct. 24th. Everybody invited.

Threshing Report. The Patterson steam thrasher cleaned up grain as follows during the season recently ended: Wheat, 25,932 bushels; oats, 1,047 bu.; barley, 10,122 bushels; Tritic, 47,101 bushels of grain. An excellent record when the great number of acres is considered.

Dentistry. Dr. Cooper, Dentist, Ashland House, Ashland, will perform all operations as reasonable as is consistent with first-class work and good material. Teeth that are loose shells built up and restored to their natural shape without pain. Gold fillings a specialty. Anesthetics administered for the painless extraction of teeth.

Spiritualistic. Miss P. Colby, the well-known spiritualist speaker of Orange, Florida, arrived in Ashland yesterday from Portland, and will lecture in Granite Hall on Saturday and Sunday evening next, Oct. 16th and 17th, at 7:30 o'clock. Mr. Colby is said to be one of the most eloquent speakers among the spirit mediums known to the public, and will give a discourse that will not fail to interest his audience. Admission free and everyone invited.

The Finest Peaches. Mr. O. Coolidge has raised some of the finest late peaches that ever grew, and this week brought into the Tidings office the best lot we ever have seen this year, whether early or late. They were of the variety called "Salway's Late," and one of them measured over twelve inches in circumference. Knowing they could not be equaled by any other peaches on the coast, the Tidings prevailed on Mr. Coolidge to send them to the Mechanics' fair at Portland.

Another Rich Strike. Another rich strike has been made at the Queen Mountain mine on Starvo Oct. 10th in Douglas county, where such an amount was created several weeks ago. The Oregonian of Wednesday following reports of it: "A new lode, No. 3, has been run in between the Queen Mountain mine and the north extension which, at a depth of twenty feet, struck rock as rich as any yet discovered in that vicinity. A party who took up the second south extension began work with pick and shovel, and getting tired borrowed a stick of dynamite and blew out some very rich rock showing lead gold. The lode is six feet wide, and there is great excitement over it, and claims are being taken up for miles. Mr. Chapman leaves to-day for the mine, and expects to be sending in brick before long."

Mrs. Dunway to Lecture. Mrs. S. S. Dunway will lecture in the Ashland Baptist Church this evening (Friday) upon the subject: "The Pending Problem; and How Shall it be Solved?" Mrs. Dunway, who was the pioneer and has been the ever-active advocate of the equal suffrage movement in Oregon, has now to confront the problem of the relations between the suffrage and the prohibition movements. She takes issue with most of her prohibition friends; but as she is acknowledged by both friends and foes as one of the ablest speakers and writers of the Northwest Coast, it is needless to say that she presents her views of the subject with great force and skill. Her lecture, as usual, will be free, and all are invited.

Instruction in Book-keeping. Prof. M. J. Unger, who is well known among the best accountants of Oregon as one of the most successful teachers in book-keeping who ever gave instruction in that line on the coast, arrived in Ashland yesterday, and will open a regular course on Wednesday of next week. He has numerous testimonials from business men in Portland, Salem, Seattle, Eugene, City and many other places, and having been in Ashland for a short time about a year ago, he has testimonials from a number of business men here, certifying that his instructions have been invaluable to them, giving a new system which saved about half the time they formerly consumed in keeping their books. Young people who want a thorough, practical knowledge of book-keeping should by all means attend his class. He gives instruction on a single study, and guarantees satisfaction. Messrs. M. L. Alford, T. R. Bolton and others here can give testimonials as to the value of his system of practical book-keeping.

Resolved Not to Portland. On Oct. 24th, the O. & C. R. R. will give a grand trip excursion tickets from Portland to Portland for \$1.75, to persons desiring to attend the Mechanics' Fair; tickets good for ten days from date of issue. Children between 5 and 12 years will be given half rates, viz., \$0.50, and nothing new in excursion rates.

The company also proposes that, if an excursion of seventy-five people will start at one time from Ashland they will be given the round trip for the merely nominal rate of six dollars, (\$6.00). This offers our citizens a fine opportunity to attend the fair at a trifling cost, and enjoy a pleasant excursion at the same time.

Later information is that if a party of fifty people will start Monday evening, Oct. 15th, the six dollar rate will be given, and the tickets will entitle the holder to return on any train after that date up to and including Monday, Oct. 26th. Persons wishing to go with the excursion should leave their names at the store of Clayton & Gore before to-morrow night.

Ladies. Will find relief from their costiveness, swelling in the head, cold, sour stomach, headache, kidney troubles, etc., by taking a dose of Simmons' Liver Regulator after dinner or supper, so as to move the bowels once a day. Mothers will find better health and the babies will grow more robust by using the Regulator. If an infant shows signs of colic, holding like a few drops in water for relief.

BREVITIES.

Salt salmon at Clayton & Gore's. Dry stove wood for sale by Billings. The nails are about all full of what is now.

Over four hundred pupils in the Ashland public schools. Ashland Delta is again covered with its mantle of snow.

Sportsmen are bringing in pretty fair bags of quail this fall. Ashland woolen goods are on exhibition at the Mechanics' fair.

A full line of fresh groceries and to-bacco at the Pioneer store. Fresh and complete stock of staple and fancy groceries at the Red House.

Mrs. M. E. Barry sold her house and lot in the southern part of town this week to Mr. W. G. Holmes, recently from Scott Barr, Cal. Mrs. Barry and daughter have since started for Walla Walla.

A hand box containing a lady's new bonnet was found recently in the road in front of R. T. Blackwood's place above Sola Springs. The owner can recover by proving property and paying for this notice.

Why go about with that aching head? Try Ayer's Pills. They relieve the stomach, restore the digestive organs to healthy action, remove the obstructions that depress nerves and brain, and thus cure headaches.

Rev. J. H. Mayfield has lost a promissory note given by Mr. Beauchamp, of Sola's Valley, to Mr. O. G. Gardner, and Mr. Gardner transferred to Mr. Mayfield, Mr. M. will pay what is right for its return to him.

W. H. Wickham reports the sale of the Collins place, near Phoenix, to Chas. Nichol for \$5,000; also the house and lot of Rev. Edw. Gittins, in Coolidge's addition to Ashland, to Wm. Aytef for \$500.

The names of Southern Oregon should be represented in the Mechanics' fair, and it is a great oversight on the part of the citizens of that section of the State that a collection was not made and sent here for display.—[News.]

Sunday school convention at Jacksonville last week well attended, and is reported as having been successful and satisfactory. The secretary will prepare a report for publication, but did not have it ready for this week's issue.

PERSONAL.

Dr. J. T. Ireland, of Henley, has moved to Josephine county. W. H. Atkinson is in Portland this week on a business trip.

T. A. Harris, the Medford butcher, was in town Wednesday afternoon. Mrs. Jay Beach, of Portland, has been visiting friends in Jacksonville.

G. S. Butler and Corlies Merritt are hunting out at Hiatt prairie this week. Mrs. Senator Dolph and daughter were expected to sail from London for home on Saturday.

Alex. Martin, Sr., was in town last Sunday, on his way out to Linkville from San Francisco. James Pelton and wife, of Table Rock, have been in town several days within the past week.

W. F. Williams, the Medford attorney, has gone to McMinnville to remain for about three months. Dr. J. W. Spindlin, of Jacksonville, who had been spending sometime in California, is at home again.

Messrs. Levi Broadwater, Henry Duncan and C. H. Hargrave, of Langell valley, have been in town this week. Rev. J. V. Milligan went to Portland this week, to attend the fall meeting of the Oregon Presbytery at Albina.

C. C. Walker went to Portland this week to represent Granite Lodge, K. of P., in the grand lodge of that order. Michael Davitt, the Irish lecturer, will be arrived at Portland yesterday, and will speak to the public a number of times.

Charles Francis Adams, of Massachusetts, president of the Union Pacific Railroad, is expected to arrive in Portland next Monday.

J. W. Walsh, of the Wagner creek mines, who went to San Francisco to undergo surgical treatment for sciatica, is said to be improving.

John S. Bolton, who had been in San Francisco for some three months, returned to Ashland last week, to assist his brother in the City Drug Store.

Miss Annie Judge will start next Monday with Mr. and Mrs. J. S. Eubanks, Jr., for San Francisco, where she will remain through the coming winter.

HERE AND THERE.

Albany is short on dwelling houses. Grain crops are light in Goose Lake valley. Several Portland capitalists will invest in Albany.

Curry county is larger than the State of Rhode Island. Albany has paid \$120,000 for railroads during the past fourteen years.

The Presbytery of Oregon held its regular semi-annual meeting at Albina this week. Another excursion from San Francisco to Sisson's will be run over the C. & O. R. R. on the 28th inst.

The cameries along the Umpqua and Siuslaw rivers are unable to handle the enormous catch of salmon. The property of Hutton Bros., proprietors of the Bieber-Lakewood stage line, has been attached by creditors.

The session of the grand lodge of Knights of Pythias in Portland opened with a grand parade Tuesday afternoon. Philadelphia capital is being invested in Portland. It is said that \$500,000 have been turned this way from the Quaker City.

The trustees of Lakeview school district have purchased the academy building, and are converting it into a fine school building. The Portland Daily News has constructed with the new Mackay-Bennett telegraph line for 10,000 words per day to be used as special news by said paper.

The trial of Mattie Allison for the Campbell murder at Albany began at Salem last Monday. Saunders, the condemned murderer, will testify in her behalf. Lakeview has ordered a hand fire engine and 200 feet of hose, cart, buckets, etc., and expects the machine and apparatus to arrive within two or three weeks.

W. S. Ladd's artesian well is now down 1,700 feet and there are no signs of water. A chart showing the different strata of rock and clay can be seen at the Mechanics' fair.

The Union Sentinel says that Miles Beard, one of the oldest residents of that place, was thrown from his buggy on Tuesday, and received such injuries that he died early the next morning.

D. C. Berry & Co. who own a large stock ranch in Goose Lake valley, have this season put up about 1,000 tons of hay, and are still cutting and stacking. They will be prepared for any kind of a winter.

Another company of Cavalry is expected to arrive at Fort Bidwell. The contract for building a new stable for the accommodation of the horses of the company, has been let, and the lumber for the same is now being delivered.—[Independent.]

Time Baking Powders Must Go.

Official Expressions—"Royal" found to be the only absolutely pure baking powder.

Governor Hill, of New York (says a reporter of the N. Y. Tribune), says: "I have been astonished lately at the extent of the adulteration of food. It would seem that every thing we eat is adulterated." * * * This adulteration of groceries is becoming a national evil—* * * that we shall have to adopt severe means to check it.

The machinery of the law cannot be put at work too speedily or too vigorously against this wholesale adulteration of the things we eat. Both the health and the pockets of the people demand protection.

There is no article of food in general use more wickedly adulterated than baking powder. The New York State Board of Health has analyzed 84 different brands purchased in the State and found most of them to contain alum or lime, many to such an extent as to render them seriously objectionable for use in food.

The sale of adulterated baking powders has been prohibited by statute in several States. It will be in the interests of the public health when their sale is made a misdemeanor everywhere, and the penalties of the law are rigidly enforced.

The only baking powder yet found by chemical analysis to be entirely free from lime and absolutely pure is the "Royal." This perfect purity results from the exclusive use of cream of tartar specially refined and prepared by patent processes, which totally remove from it the tartrate of lime and other impurities.

The cost of this chemically pure cream of tartar is much greater than any other. The high grade of the Royal Baking Powder has been fully established by official chemists.

Prof. Low, who made the analyses of baking powders for the New York State Board of Health, as well as for the Government, certifies to the purity and wholesomeness of the "Royal."

Prof. H. A. Morr, late Government chemist, says: "It is a scientific fact that the Royal Baking Powder is absolutely pure." Dr. E. H. Bartley, chemist of the Brooklyn Department of Health, says (April 24, 1885): "I have recently analyzed samples of the Royal Baking Powder, purchased by myself in the stores of this city, and find it free from lime in any form."

I gets me a good dinner at the Ashland House, and then I buys me a fine cigar at Burckhalter & Hasty's, and then I was all right. Ta! Ta!

The BUYER'S GUIDE to Sewing Machines, each year. For 25c page, 25c. It contains over 3,000 illustrations—a whole Picture Gallery. GIVES Wholesale Prices direct to consumers on all goods for personal or family use. Tells how to order, and gives exact cost of everything you use, eat, drink, wear, and have fun with.
