ASHLAND TIDINGS.

FRIDAY DECEMBER 10, 1-86

Means Business

mas Eve We desire to close our years business and will need all the money due to meet our payments, and those indebted to us will please call and settle their accounts. This is business nl we trust you will make payment as soon as WILLARD & EUBANKS. possible.

Anetion Sale of Real P operty. The auction sale of fruit lands by G. F. Penneb ker at Talent will take place to-lay. The land has been divi led into lots varyin ; in size from 11% to 71% er s. It is good land lis near the r ilroad track and at a rulroud station, and offers a fine opportunity for investment.

Masq terade Ball.

A masquerade bill will be given in Myer's hall on the evening of Dec. 24th (Christmas Eve.) to which the publi is confidly invited. An excellent supper will be served at restaurant-at any hour a ter 10 o'clock. Good music will be furnished and a sociable time is u ran eel to wrybyly who comes.

Davis-lins.

On Wein sloy of this week, Mr. R. E. Davis, of Klom theounty, and Miss Ab & Ross, day hter of Col. and Mrs. John E. Ross, were married at the residence of the bride's parents near Jackson ill. The young people ar well known and popular both in this v lley and in Kl m th county, and have in ny frien 's who will offer congr. tal tions. They will not go to Klamath county this winter.

Another Coal Discovery.

Mr. O. G. ni rd reports that a large ledge of excellent coal has been discovered at Daniel Runnel's place on "thweek meadows." The ledge is located some twelve or fourteen miles from the railroad, but on or near a good wagou street. road. It is reported to be eleven feet wide and to give evidence of b ing an unbroken veia of large extent. Th-Hasty's. locators have gone down upon it some thirty feet in the prospecting already

Watch s and Jewelry.

Why the "Royal" is the Best.

Royal is the best baking powder because it is absolutely pure and wholesome, of the highest strength, and maintains its full leavening power until used.

There is no other pure baking powder offered to the public; all others contain either lime or alum,-deletc. rious substances,-sometimes both. Lime presence results from impure cream of tartar; alum is added to give strength ; the object of the manufacturers in both cases is to produce a cheap powder.

The Royal Baking Powder is exclusively made from cream of tartar specially refined and prepared for its use by patent processes by which the tartrate of lime and all other impurities are totally removed. Its absolute purity is guaranteed by its manufecturers and certified by all prominent chemists and scientists who have made it the subject of investigation.

The cream of tartar of the market from which other baking powders are made has been tested by Profs. Chandler and Love, for the New York State Board of Health, and found to contain impurities from turee to ninety-three per cent of its weight. It is, theretore, absolutely impossible that these powders should be pure, while it is equally as impossible for the Royal, being made as it is from chemically pure materials, to be otherwise than absolutely pure.

There being no inert matter in the ingredients of the Royal Baking Powder, higher strength is, of course, attained; and, the exact value of the materials being ascertainable to an atom, a compound is possible that will maintain its full strength until used, leave no residuum in the bread, and which all chemical tests and practical en perience have proved to be the perfection of leavening agencies. This combination in the "Royal" makes it the best, and the only perfect baking powder attainable.

work warranted.

Four panthers killed.

Jam's Taylor and Mr. Courtright. of Spragu rivery dley, Klaunth county. killed four pathers in one day week before list. They were all lirge animals, too -no kittens.
