The Northern Pacific Railroad Company will pay out nearly \$6,000,000 in cash this month. The ordinary payments at this season are the interest on the \$46,878,000 general first mortgage bonds and the interest on the dividend scrip. This year, however, some extraordinary disbursements will be made. The dividend script, amounting to \$4,640,821, fell due January 1st. About \$1,600,000 was received under the offer President Harris made to holders last summer. The balance, about \$3,000,000, the company is now ready to pay, principal and interest. The half-yearly interest on the general first mortgage bonds amounts to \$1,406,340, and the unpaid interest on the scrip amounts to about \$250,000. The company has a floating debt of about \$1,000,000, which will be paid this month. All these items figure up \$5,656,340, which the company will pay out in hard cash during January. The new third mortgage bonds have been sold to the amount of \$8,000,000. The balance of the issue, \$4,000,000, will be kept in the treasury. The company has good assets to the amount of \$6,000,000 altogether. During this year the general first mortgage bonds will be retired to the amount of \$1,000,000.—[News.

channels, and that the fluids passed were often thick and with a seum on top or a briek-dust sediment at the bottom. All these were the sure symptoms of that fearful disease, Catarrh of the Bladder, which has always been considered incurable, and they continued until the Captain was in a terrible condition. But he is the picture of health and vigor to-day, and he owes it entirely to that wonderful medicine, Hunt's Remedy. Capt. Greenwood says: "I am so certain of the great value of Hunt's Remedy, that I alway carry a supply on shipboard for the uses of my men, and I prescribe it whenever they are alliug.
