

ASHLAND TIDINGS.

FRIDAY, JUNE 15, 1888.

Last Call. Come This Time.

The committee appointed to prepare for the Fourth of July celebration are requested to meet at city council room to-morrow (Saturday) morning at 10 o'clock. Come out everybody. There is no time to lose.

EXECUTIVE COMMITTEE.

Camp Meeting.

A camp meeting will be held either at Wilder or Murphy creek, on Applegate, to commence at 11 o'clock on Thursday, June 21st and hold over one or two Sundays, every body invited. All traveling and trading stands will be positively prohibited.

W. S. McCALL, W. B. MOORE, Pastors.

Grant's Pass will Celebrate.

The people of Grant's Pass are preparing for a grand celebration of Independence Day. They will have a picnic by Rev. M. C. Carter in the afternoon, numerous amusements in the afternoon, including horse races, foot races, sack races and redoubt trials in the evening. The Roseburg Juvenile Band will furnish music during the day, and Prof. Gainer's string band will play for the dances.

Harriet at San Francisco.

Mr. Frank G. Hilmer, of this place, and Miss Maggie C. Deagan, of Paris, Kentucky, were married on the 10th inst. at St. Mary's Church, San Francisco, by the pastor, Rev. John E. W. Hill. The bride was accompanied here Tuesday evening, and their home will be Ashland. He is connected with the W. U. Tel. Co. and has made numerous friends during his residence here, who heartily congratulate him upon his fortune in winning so charming a partner for life.

Captured—Broke out Again.

Two of the three prisoners who escaped from the Ashland jail were captured near Phoenix—the two who were sent down for stealing from cars at Ashland, and the third who was sent down for stealing from a car at Medford was not caught. On Wednesday night last the two again broke out of the jail in the same way they did before, and on Friday evening had not been re-captured. A double-locked in this kind does not improve the record of our jail and its present custodians.

Baseball Game.

An interesting game of ball between two Ashland teams was played at the ball grounds on Oak street the other day. Following is the score of the game:

Table with 3 columns: Team, Runs, Hits, Errors. Includes scores for Ashland vs. Phoenix and other games.

Talent now a R. R. Station.

In accordance with the agreement between the Oregon Railway & Navigation Co. and the citizens of Talent, a tract of land at that place has been deeded to the railroad company for use as track and depot purposes, and on Tuesday of this week Roadmaster Galvin and section master Lawson arrived on the ground for the stub switch which is to be put in as soon as the people have done the necessary grading, which is left a small amount. A full switch will be put in as soon as the needs of the place require it. The contractors and the railroad company instructed that from and after today Talent is a station.

Cone Elections.

Several contests over offices in different counties in the state were very close and required the official count to decide. In Albany, the contest for Sheriff Lane and Linn counties a hot fight was made, and in each county both sides claimed the victory. The official count in Albany, according to the Blackburn, rep., was elected over Whitney, dem., by three votes, and in Eugene Scott, rep., got in by two majority over Fenton, dem. The democratic county school superintendent was the only democratic elected in Oregon. The official count to be made to-day, may go against him, too. Bob Miller, former legislator, and now in the state legislature, was given a lot of rice for representative from Jackson by Cameron, rep., but the vote was given to the majority. Mattoon, rep., whose defeat by Bailey, dem., for joint senator of Union and Cantilla was considerably predicted, got a majority on the official count.—Statesman.

Back Nosed Road.

For a long time the citizens of Antelope valley have been anxious for a new road to Ashland. In consequence of the road being built by Phoenix they have to travel 46 miles while the distance directly across the mountains is only a little more than one-fourth as great. At the Antelope road across the mountains having been presented to the county, Welborn Benson and others have arranged a route which makes the distance only fifteen miles from the Antelope school house to the Eagle Mills, and so favorable the route that no less a grade than that of the hill between Eagle Mills and Ashland will be required at any point. The road should be opened by all means, and the people of Ashland should assist the people of Antelope as far as possible in the enterprise. It will be of great advantage to both to the two localities. It will make Ashland the nearest trading point for the people across the mountains, and will do much toward settling up the region, hitherto retarded in its development by its difficulty of access from the railroad towns.

Burglary—Small Loss.

Some time during Friday night a burglar or burglars entered the hardware store of Geo. H. Gillette, in this place, and stole four revolvers, half-dozen or more pocket knives and two or three dollars in small change which had been left in the money drawer. Entrance was effected through a window of the tinshop back of the store, and the ordinary wooden door between the shop and the store was opened by knocking out a panel and turning the key, which had been left in the lock. So far as discovered, nothing was molested but the money drawer and the show-case near the door. The thief evidently picked the lock. The door was not fastened, and it was found that it was not. Mr. Gillette estimates his loss at \$25. The work of cutting a panel out of the back door of O. H. Brown's store, next door to Mr. E. H. Gillette, was begun, but the thief was evidently frightened away before he had made much progress.

The Klamath Indian reservation has 49 townships, 1764 sections, 12,220,000 acres, and 1,000,000,000 bushels of wheat. The secretary of the interior has ordered it surveyed and an allotment in severalty made to the Indians. The remainder—about 1,000,000 acres—thrown open to settlement under the homestead, pre-emption and timber land laws. (Star.)

Frank C. Peters, writing from Hennepin county, Minnesota, for a sample copy of the Trinitas says: "Please send me a copy of the Trinitas. I have 100 strawberries are just in blossom, and are just in full leaf, and are just coming up, out about three inches high, and whether or not they are in use." Quite a contrast with Northern Oregon on June 15th.

The noble oak tree which has sheltered shelter for teams in the plaza near the old Harzantine store corner for so many years, was cut down Wednesday and is being made into fire wood for the town offices. The plaza has been filled and raised several feet, and this and the constant trampling of horses had about killed the tree, so that the probability of falling limbs made it dangerous. A new tree will be planted near the stump.

Normal Commencement.

Grant's Hall was totally inadequate to seat the large crowd of people who came to see the Commencement exercises of the Ashland State Normal School last Friday evening, and standing room was at a premium. The hall was appropriately decorated with evergreens and the class motto in Latin, "Succedere bene est, succedere aere est melior est, ut ita stood out from the wall above the rostrum, met the eyes of everyone entering the hall. On the program, the first speaker was the class graduating from the elementary course in the Normal School, Prof. Street, president of the school, and several others of the students. The opening chorus, "The Harvest Moon," was rendered by Misses Emma Sayre, Bertha Russell, Miss Hansen, and Misses J. H. Helman, Jesse McCall and John Pennington. This was followed by the address of the salutatorian of the class, Miss Emma Sayre who did her part very well. The members of the Training School next gave the audience a song entitled "The Shepherd's Song," by Miss Gertrude Engle, four or five years old, recited "Pussykins" in a manner which brought loud applause from the audience. An instrumental piece, "The Night Bird's Song," by Mrs. E. A. Carr, a wealthy gentleman, took up 40,000 acres of land in Mosier county which he includes with a stone wall. Since then he has included 20,000 acres adjoining, part of which is in Oregon, with a fence. The stone wall has been through investigation into Carr's ownership for including this land.

Says Grant's Press Corrier of last week, "We are sorry to learn of a shooting affair at Murphy on election day, and of several other private matters, but we are glad for the sake of the interested parties they were both very bad shots and the interchange of lead missiles few words were exchanged. The best of passion had passed away, both men realized what had been done and pocketed their weapons. They went home, and the next day were fired. A preliminary examination has been held but we have not learned the result."

Laying the Corner Stone.

On Friday, June 15, at 10 o'clock a. m., the interesting ceremony of laying the corner stone of the magnificent exhibition building and zoological gardens of the North Pacific Industrial Association will take place. This association, organized with a capital of \$150,000.00, is now erecting a mammoth building in the city of Portland. Work on the structure will be pushed forward day and night, and the building will be ready for the first annual exposition early in the coming fall. No expense will be spared to make this the grandest display of the coast that has ever been attempted. Its comprehensive scope and the perfection of its detail give evidence that no merely ordinary fair is in contemplation, and the name of the association, "The Industrial Association," is sufficient assurance that it will be a complete success in every feature. The whole undertaking should unite a determination to make this truly representative of the vast interests of the region.

Off for Chicago.

The Republican national convention will meet at Chicago next Tuesday, June 18th and will adjourn on Saturday, June 23rd. The delegates from Oregon will leave for Chicago on Monday, June 19th.
