Boston car \$2000. The contents of both cars were auctioned off within a quarter of an hour from the first sales. The Chicago trade is anxiously awaiting the beginning of the auction sales any such thing, or whether his motives for what he did were high or selfish; the fact remains that he has nailed the free-trade flag to the mast.—[New York

If it be true that canals in course

stir up the men in the desert to renewed exertion to increase the area of land, which with water can be cultivated. Canal building on Mars must be attended with difficulties. The density of the soil is much less than that of the earth; hence there must be trouble in making a ditch hold water. Again, the air is so much less dense than that of our atmosphere, that a los are those which show that, owing to the rise in price of meat eggs, butter. than that of our atmosphere, that a man there will have to breathe three loser to the amount of 32 shillings 5 man there will have to breathe three times where he does twice here, or his lungs must be half as big again as those of a mortal on this planet.

Then the cold is twice as great there as here, and in the spring when the as here, and in the spring when the canal digging is going on, the weather ing \$150,000 for Dr. A. De Beausett must be about as it is in Montana at | Chicago for a steel air and passay the coldest stage. There is a little ship, says that he thinks it possib more inclination to the planet than the Doctor has solved the problem our planet has, hence the extremes between the heat of the day and the cold of the night must be much greater than on our sphere. If under such circumstances the Marsites are dignized irrigating capals they must be a ging irrigating canals, they must be a plucky race of creatures. If the canal discovered is for commercial purposes, \$75,000, and on the successful navig the people of the benefits of Democracy it invokes a renewal of the popular trust by the re-election of a chief magistrate who bas been faithful, able and prudent. It invokes in addition to that trust, the transfer also to the Democracy of the entire legislative power. The Republican party controling the senate and existing in both houses of congress, prevents the reformation of the unjust and unequal tax laws which have outlasted the necessities of war and are now undermining the abundance of a long peace, the Nicaragua canal project should be hurried to show the Mars people that we are keeping up with the progress of the age and the demands of trade. It would not be hard for the power that created the world to adjust living beings and vegetation. heavily in winter and disappears in sum-mer, that there are mountains of blue | Francisco by the Russo-Greek bisho and oceans of emerald. There is no reason why the planet should not be inhabited, only the cabbage and Swedish turnip must be the orange and banana of that planet, and the

live stock must be of a species akin to the Polar bear and Montana steers.
