ROLLER FLOURING MILLS.

What is this Disease that is Coming Upon Us?

Like a thief at night it steals in upon us unawares. The patients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, all gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish-colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become constipated; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow; the urine is scanty and highly colored, depositing a sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart; the vision becomes impaired, with spots before the eyes; there is a feeling of great prostration and weakness. All these symptoms are in full present. It is thought that nearly one-third of our population has this disease in some of its varied forms.

It has been found that physicians have mistaken the causes of this disease. Some have treated it for a liver complaint, but none of these kinds of treatment have been attended with success; for it is really constipation and dyspepsia. It is also found that Shaker Extract of Roots, or Mother Seigel's Curative Syrup, when properly prepared will remove this disease in all its stages. Care must be taken, however, to secure the genuine article.

IT WILL SELL BETTER THAN COTTON.
Mr. John C. Hempflustall, of Chulafirmo, Cleburn Co., Ala. writes: "My wife has been so much benefited by Shaker Extract of Roots or Seigel's Syrup that she says she would rather be without part of her food than without the medicine. It has done her more good than the doctors and all other medicines put together. I would ride twenty miles to get it into the hands of any sufferer if he can get it in no other way. I believe it will soon sell in this state better than cotton."

TESTIMONY FROM TEXAS.
Mrs. S. E. Barton, of Warner, Ripley Co., Mo., writes that she had been long afflicted with dyspepsia and diseases of the urinary organs and was cured by Shaker Extract of Roots. Rev. J. A. McGuire, merchant, of the same place, who sold Mrs. Barton the medicine, says he never knew it for four years and he never knew it to fail.

SHE WAS ALMOST DEAD.
I was so low with dyspepsia that there was not a physician to be found who could do anything with me. I had fluttering of the heart and swimming of the head. One day I read your pamphlet called "Life Among the Shakers," which described my disease better than I could myself. I tried the Shaker Extract of Roots and kept on with it until I day I rejoice in good health. Mrs. M. E. Tinsley, Bevier, Muhlenburg Co., Ky.

The Oregon Prophecy.
(Philadelphia Press, June 15.)
The Democrats are exhorted by the New York Sun to accept the result in Oregon as a source of discouragement but as a valuable lesson and warning. The recent campaign in that state was fought directly on the President's Free-trade message as an issue. The Democratic State Convention endorsed it, and the people of Oregon registered it by a majority of 170,000 votes. The result of the election shows that Oregon does not want Free Trade.

Through this awful warning came to the Democrats in the early Summer and modified somewhat the utterance of the St. Louis Convention, it comes too late to be a warning and a lesson to the present campaign. It is a prophecy, rather, of what may be expected next November. The President's Free-trade message and the Mills bill, both of which received the endorsement of the St. Louis Convention, will be the issue in New York, Connecticut and New Jersey, as they were in Oregon. No man can deceive the workmen of these states into believing that any of them were made to believe four years ago, that Cleveland stands for Protection to American industry. He has placed himself on record as opposed to Protection and has exerted all his influence to break down the tariff. Whether or not the people of the United States share President Cleveland's hostility to American industry is the issue in this campaign, and it is too late for the Sun to get its party away from it.

Oregon Beauty.
Many people in Oregon, and especially in Linn and Marion counties, will remember the beautiful chestnut boy mare with the long mane and tail owned by Mr. O. J. Adams, of Adams, in Linn county, and which he sold to M. D. Reed, of San Francisco. To such the following dispatch from New York to the Examiner will be a regretful interest: "The Oregon Beauty, or long mane horse, which was valued at \$2,000, was struck by lightning at Brighton Beach last night. The horse had been at the beach two days. It had been on an exhibition throughout the west for some time and was brought from California by M. D. Reed last week. The horse was a beautiful chestnut, with a white mane and tail the former being nine feet long and the tail sweeping the ground. The foal was four years old, weighed 1250 pounds and stood six feet high. The fire was caused by lightning, and started in the belly of the stable, but was soon extinguished. The Oregon Beauty was then found dead, although in the next stable a worthless 'plug' stood unharmed."

News her Youth.
Mrs. Phoebe Chesley, Peterson, Clay county, Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the county. She is 75 years old, has been troubled with kidney complaint and lameness for many years, could not stand, and was unable to walk. She was cured by all her own householders, but one day she thought to try the Shaker Extract of Roots, and she was cured by it. She writes: "I was cured by the Shaker Extract of Roots, and I am now able to walk and stand. I have never had any more of the disease, and I am now as well as I ever was."

Paper Immigration.

Whether the character of the present immigration in the United States is equal to that of a decade ago, is a matter of immense importance, to the state of New York the present proportion of native born paupers cared for in almshouses is one to every 108. Of outdoor paupers the proportion of foreigners is far greater. Of the income in any time the ratio is 42 per cent. greater of foreign than of native born. This certainly goes to show that in spite of all precautions against pauperism, criminals are committed in upon us. It is not probable that European governments will wink at such transactions as far as possible. It seems to be impossible to thoroughly sift out at this end of the route.

CONVINCING GUARANTEES.

Which are Justified by a World-wide Experience.
TO THE PUBLIC:
Having branch houses and laboratories in seven different quarters, and therefore having the widest experience, we, H. H. Warner & Co., justify ourselves in making the following statements:
First.—For the past decade we have held that 93 per cent. of disease originates in the kidneys, which introduce acid into the system, a poison that is injurious to every organ, attacking and destroying first the organs which are by the disease contracted, cured. Other practitioners have held that extreme kidney disease is incurable. We have held that if the kidneys are kept in perfect health most of the ordinary ailments will be prevented, or if contracted, cured.
