

ASHLAND TIDINGS.

FRIDAY, JUNE 28 1890

INFORMS THE MUGWUMPS.

To a caller who made some inquiries of him, First Assistant Postmaster General Clarkson said the other day...

"There is another thing which is not generally known, and that is that nearly all the Democratic Postmasters who are now being removed are losing their places on the report of an inspector...

Mr. Clarkson added that the men who are now going out have almost invariably served four years, and it seemed that the people, when they had anything to say lately, had voted that four years was about the proper time for a Federal official to hold office.

EDITORIAL NOTES AND NEWS.

Simon Cameron, the great Pennsylvania politician, ex-U. S. Senator, and member of Lincoln's cabinet, is dying at his home in Harrisburg, Pa., from an attack of paralysis.

The two largest contributors to the relief funds for the Johnston sufferers are the Pennsylvania Railroad Co., \$25,000, and the Columbia Iron Co., \$25,000.

Suffering Johnston had the damage of a serious conflagration added to its other terrible calamities this week. Some twenty-five dwelling houses which the flood had spared were destroyed by the fire.

Mrs. Hayes, wife of ex-president Hayes, died at her home in Ohio, Tuesday morning, after a short illness, aged 57 years. During the four years in which she was mistress of the White House, she won the hearts of the people by her kindly sympathy and generous hospitality.

A Washington press correspondent says: There is the most anxious expression among the members of Congress of both political parties to ascertain whether or not it is the intention of the President to call Congress together in extra session in October. No satisfactory information has thus far been secured from any reliable source.

Three years ago a prohibition amendment to the constitution of Rhode Island was adopted by a vote of 15,113 to 9,230. On Thursday of last week the amendment was voted upon again, the question being to approve or repeal it, and the amendment was repudiated by a two-thirds majority—the vote being 28,449 to 8,828.

The people of San Francisco ought to ask San Jones what he has given to the sufferers from receipts of his returns every night, at the rate of \$200 to \$500 per lecture. The general impression is that he has not put up a nickel.

The more one looks into the matter, says the Sacramento Bee, the more reason is there for believing that James G. Blaine, and not Thos. F. Bayard, is Secretary of State. From out of the matter, Bayard is the former in the Salmon ditch, to which the paltering policy of the latter had relegated this matter.

An association of California pioneers has been organized at San Francisco, comprising 43 "forty-niners," is about to get up a pleasure excursion to San Francisco. The party will leave here on Friday.

JOHNSTOWN, Pa., June 22.—Thirty-one persons were poisoned to-day by eating corned beef. Half a dozen physicians were kept busy for several hours, and it is now thought that all will recover. The persons poisoned were members of twenty different families, and the meat was eaten for today's dinner.

NEW S. P. LINES IN OREGON. The dispatch from Portland last night announcing that the Southern Pacific Company in Oregon was confirmed today at the general office of the Southern Pacific Company in this city.

The general understanding here is that following this late purchase the company will build two important branches to complete this local system. One that has been discussed for some time past is a branch from Corvallis through Madras to Junction City. The other branch will be nothing else than a line to Astoria from Forest Grove.

The Ashland people are advertising their 4th of July celebration in splendid style. The poster printed by the Tri-ox is "full-sheet" and in color, and are a credit to any of the best offices.

A new upright piano for sale. For terms apply to Miss K. P. Cault.

PORT OF JULY.

The celebration committees are making all necessary preparations for the observance of Independence Day in grand style in Ashland. The railroad will give half-rates on its regular trains on the 4th of July.

The Medford Band has been induced to come to Ashland on the 4th, to spend the day here, and we trust, will be hospitably entertained by our citizens.

All citizens who have horses and carriages are earnestly requested by the committee to join the procession in the morning with their joggles or other vehicles.

The refreshment committee will supply all the best and bread for the athletic games on the 4th. Parties are urged to bring their baskets well filled with cake, chicken, pillets, pastry, etc., to make a fine dinner.

The shooting tournament will take place at a point in Helman's field in the northeastern part of town.

At Grant's Pass. The following is the list of races at the Grant's Pass Driving Park, July 4th.

Race No. 1—Ponies, 300 yards—purse, \$15.

Race No. 2—Trotting, 4 minute class, 2 in 3—purse \$20.

Race No. 3—Running, 600 yards and repeat—purse \$20.

Race No. 4—Trotting, free for all, 3 in 5—purse \$50.

Race No. 5—Running 1/2 mile and repeat—purse \$50.

In race No. 1, ponies must not weigh over 750 pounds, and run from a standing start. All running races to be started by lap of drum.

Applications for pool selling must be made to the committee by 10 a. m. on the morning of the 4th.

The Valley Record (Dem.) reached yesterday over the shoulder of Postmaster General Wannaker last week to have a "snack at the best of the Democratic postmaster in Ashland, and more especially, perhaps, at a hotel man, whose guests are carried to and from the depot by the train, who also carries the mails.

The general law of the land is to close the mail routes thirty minutes in Ashland, and the train stops thirty minutes in Ashland, and the train stops thirty minutes in Ashland, and the train stops thirty minutes in Ashland.

The superintendent of the service immediately upon learning of the facts ordered the carriage of the mails between the Ashland office and the cars in the old way, and the Democratic postal clerk and postmaster and hotel man are now doing the mailing of the mails.
