The First Californian to Find Gold in Yreka.

The first Californian to Find Gold in Yreka.

The first Californian to Find Gold in Yreka.

The first Californian to Find Gold in Yreka. The congressmen from the four new states and Idaho, in connection with Oregon's representatives, have a novel scheme in the way of working for their respective states. They propose to advertise the Pacific coast states with their resources, both natural and acquired. It was agreed to hire a building of the point of their resources, both natural and acquired. It was agreed to hire a building, fit it up comformably, and establish there northwestern headquarters, with the latchstring always out. The congresamen will ask the board of trade in their respective states to send trade in their respective states to send the send of the ground.

The La Rue well, about three miles west of Davisville, though 200 feet in depth, supplies very little water, which rises in it to a point about 17 feet because the surface of the ground.

About four miles east of Woodland the lungs, liquifies the tough tenacions mucus, making it easier to expectorate, alone is water drawn by the pump.
