

ASHLAND TIDINGS.

Friday, January 3, 1889

NOTES AND NEWS.

The national debt has been reduced about \$81,000,000 during the past year.

Minnesota had a genuine blizzard Monday, with the wind blowing fifty miles an hour.

Secretary Tracy announces that on and after July 1st all flags and union jacks of the navy shall be so changed as to embrace forty-two stars.

It is expected that the great Sioux Indian reservation in South Dakota, will be thrown open to settlement this month, adding 11,000,000 acres to the land subject to homestead and pre-emption settlement.

Washington has the latest tin mine. It was recently discovered in the Cascades above Green river, and the ore shows 8 per cent. tin, from a large vein. The prospectors thought at first they had struck a coal vein.

A terribly fatal epidemic of diphtheria is reported in a South Dakota community of Russians. A physician reported last Friday that thirty-seven children had died of the disease, and only two had recovered, a number being still sick.

The czar of Russia had the serious attack of influenza. He hardly had time to succumb, however, being so busy looking for nihilists and bombs. He is in constant terror of assassination, and believes there are many nihilists among the trusted officials of the army.

A delegation of Sioux Indians, now in Washington, called upon senators Allison and Wilson, of Iowa, at the capital last Friday. As they filed out of the room the bystanders were convinced to hear them say in taking leave of the dignified senators: "Well, good-by boys."

A rumor that the body of Jefferson Davis would be stolen, has caused armed detectives to be placed on guard at the tomb. The remains are to be placed in four massive blocks of granite, cemented and buried in the plot in which the monument to Stonewall Jackson stands.

The San Francisco Examiner accuses Francis G. Newlands (son-in-law of the late Senator Shafter) of changing his politics and reading more conscientiously in Nevada than San Francisco for the purpose of preparing to assume the Senatorial toga to be disposed of soon by the Nevada legislature.

Fresno, Cal., Dec. 31.—Late last night a novel marriage contract was entered into between Mary Wilson and Joseph Campbell. She is said to be an actress, with \$10,000 in her own name, and he is a Sacramento county farmer. The contract is for six months, and if he gets drunk in the meantime the contract is void.

High life in London is mutually agitated by social scandals just now. In addition to the west-end club house inquiries and the Purcell charges, one of the most prominent society men and journalists of the metropolis is now the principal of a scandal which has driven him from England. It is the story of old-fesses in India years ago.

The ex-Emperor of Brazil died in Portugal last week from the effects of the mental trouble and physical exposure consequent upon the declaration of the emperor and the hurried expulsion of the royal family from Brazil. Dom Pedro is reported as seriously affected by his grief over the death of his wife, and it is thought he will not survive the winter.

The most bitter and acrimonious upon me. Her faithful and affectionate companionship has sustained me for forty-six years. God will be done. The domestic life and the liberal and patriotic government of Don Pedro will shine with brightest lustre in contrast with the record of a majority of the monarchs of the world when monarchy shall occupy a place only in history.

In New York three or four hundred policemen have the grippe, and in Chicago the postmaster and fifty or sixty of his clerks are affected with it. A few people in San Francisco, Tacoma, and other places who want distinction are also pined as having the Asiatic disease with its French name.

The startling headlines in some of the daily papers would lead one to the supposition that the epidemic is as much to be dreaded as the yellow fever or smallpox or cholera. They read: "The Epidemic Still Spreading," "Increasing in Fatality," "A Malignant Type assumed," "Fatal when the report below is read we learn that the disease is in no way worse than a bad cold, and certainly no more fatal. People who are in a delicate state of health from diseased lungs, or from debility, whatever the cause, may find a bad cold a serious thing occasionally, and the few 'fatal' cases reported are merely the aggravation by the 'bad cold' of a disease already doing its work upon the system.

Some physicians even doubt that the so-called 'epidemic' shows a much greater number of persons affected than has frequently happened during other winters, without naming such discussion or comment.

The associated press dispatches of the week just passed are full of horrible fatalities. Last Friday three women were burned to death in the attic of a building which was burned on Jessie street, San Francisco, and on Saturday night Mrs. Jane Egan and two daughters from Missouri, going to their new home in Ventura county, Cal., were asphyxiated in their rooms at the Eureka hotel in Oakland. At Hanonton, Mich., Sunday morning eleven people were burned to death in their dwelling. Mrs. McKay was burned to death at Eureka, Cal., on the 25th ult., by her clothing catching fire at a grate. Six negroes were taken from jail and shot by a mob of masked men at Barren, Courthouse, South Carolina, on the 25th. At White Sulphur Springs, W. Va., Dec. 28th, a train wrecked, and in an hour was wrecked, and of the twelve occupants in the sleeping car, all were killed except one. Near this time on the train were killed, but some twenty-five were injured. Another unusual horror was the death of all the gentlemen at Indianapolis on the 28th—a paralytic who was literally boiled to death. He had been placed in a bath, with lamps burning under the metal tub, and the attendant went away and left him, while he carcassed, and the helpless victim was found dead in the tub next morning with the skin and flesh boiled so that it dropped from the body.

Jackson County Won't Stand It. There was a man in town last Tuesday from Applegate, purchasing Christmas toys and trinkets for the little folks, who stands six feet, four inches in his stocking feet. He is, we believe, the tallest man in Southern Oregon.—Hoque River Courier.

Perhaps people in a young and struggling county like Josephine are excusable for allowing individuals like the above described to go about looking down on their fellow men of the common level, but Jackson county, where the people know a thing or two, especially about finances, won't stand it. There were two men in this county who could give his man the odds of his socks and raise him out—they are both in the penitentiary. One is E. M. Bolen, 6 feet 4 1/2 inches high; sent last week for one year. The other is "Straight Edge" Caldwell, who is an inch taller—he is in for life.

Indisposition to the Toilet. Darius Proprietary's Fluid cures itching, eruptions and inflammation of all kinds; cures inflamed or sore eyes, relieves pain from bites or stings of insects and sore feet, destroys all taint of perspiration or offensive smell from the feet or any part of the body, cleanses and whitens the skin. Used as a dentifrice, it purifies the breath, serves the teeth and cures toothache, sore gums and canker.

TEACHERS' INSTITUTE.

Jackson County Teachers Meet Holiday Week.

THURSDAY'S SESSION.

The holiday teacher's institute met in the Presbyterian church at Medford, on Thursday afternoon, Dec. 29th, and was called to order by Prof. Gus Newbury, of Jacksonville, who as a member of this county examining committee, occupied the chair in the absence of the county superintendent.

Mr. H. H. Mitchell, H. C. Faber, of Ashland, and the secretary, Eron motion, the chairman appointed the following as a committee of reception: Prof. Crawford, of Medford, and Miss Bertha Colon, of Ashland. A motion was then made by Prof. Getz that all the teachers present register their names and to them append the grade of their certificate and the number of years they have spent in teaching. This motion was strenuously opposed by several gentlemen and warmly supported by others. After a heated debate of considerable length, Prof. Getz withdrew his motion, and the teachers were requested to hand their names to the secretary, accompanied by any desirable evidence of qualification. It was moved as a second that the chair appoint a committee of five to draw up a constitution and by-laws for a County Teachers' Association. The following were appointed: J. F. Wisner, Miss Lucy Hay, Messrs. Clayton, Crawford, and Newbury, and the chair appointed Prof. C. S. Frise, of Ashland, and Miss Lottie Reed, of Jacksonville, a committee on introduction. Moved and carried that a committee of five be appointed to draw up a constitution and by-laws for a County Teachers' Association. The following were appointed: J. F. Wisner, Miss Lucy Hay, Messrs. Clayton, Crawford, and Newbury, and the chair appointed Prof. C. S. Frise, of Ashland, and Miss Lottie Reed, of Jacksonville, a committee on introduction.

Moved and carried that a committee of five be appointed to draw up a constitution and by-laws for a County Teachers' Association. The following were appointed: J. F. Wisner, Miss Lucy Hay, Messrs. Clayton, Crawford, and Newbury, and the chair appointed Prof. C. S. Frise, of Ashland, and Miss Lottie Reed, of Jacksonville, a committee on introduction.

Moved and carried that a committee of five be appointed to draw up a constitution and by-laws for a County Teachers' Association. The following were appointed: J. F. Wisner, Miss Lucy Hay, Messrs. Clayton, Crawford, and Newbury, and the chair appointed Prof. C. S. Frise, of Ashland, and Miss Lottie Reed, of Jacksonville, a committee on introduction.

Moved and carried that a committee of five be appointed to draw up a constitution and by-laws for a County Teachers' Association. The following were appointed: J. F. Wisner, Miss Lucy Hay, Messrs. Clayton, Crawford, and Newbury, and the chair appointed Prof. C. S. Frise, of Ashland, and Miss Lottie Reed, of Jacksonville, a committee on introduction.
