Can We Raise Flax Profitably?

With the competition of other countries against them, it is evident that American farmers cannot longer have the world's wheat market all their own way. Wheat will sooner or later cease to be a profitable crop for export. Then farmers must turn heir attention to something else. What shall it be? Probably it will be several articles. The agricultural department at Washington are conmore easily and cheaply worked cotbe again profitably grown.

Our climate and soil are not unlike Flax can undoubtedly be grown fast nough in America, but what will the armer do with it when he grows it? facturing the flax and buy what the facturing the hax and the experiment farmers raised, and then experiment with it till it become a paying industry, the agriculturist would have entry, the agriculturist would have entry. conragement to persevere. A MARKED CONTRAST.

18. F. Chronicle, Mar. 5.1 At the end of the first year of Presideut Cleveland's administration nearly every Democratic and Mugwump ewspaper in the country was busy apologizing for the shortcomings of party and attempting, in a feeble and ineffectual way, to explain Mr. Cleveland's failure to keep his anteelection promises. Yesterday marked the close of the first year of Republiean administration, and while the contrast in the situation is so marked as to have attracted necessarily the attention of the American people, it will not be out of place to point out some umbus is archaelogical. The reof the things which are a just cause of pride and self-congratulation to the

Republican party.

The chief achievement of the party which will be its crowning glory in the next campaign, is its successful revision of the rules of the House of Representatives, by means of which a factions minority has been deprived of mess from mere whim or fancy. courage of its convictions and has restored in the House the rule of the

John Wesley Powell, a distinguished ethonologist, has an article in the Forum of January, on "Prehistorie Man in America." To this subject the writer has devoted more attention perhaps than any other of the mem-bers of the United States geological survey. He has collected materials on this subject and he is at the head of the bureau of ethnology, the reorganized center of ethnographic operations in the United States, under the direction of the Smithsonian institute. In this paper he says that whatever history of mankind in America which antedates the discovery of Col-

searches of the last fifteen years have proved that, though there are undoubtedly thousands of artificial mounds scattered throughout the during its first year in power, and that | United States from sea to sea, no fragment of evidence supports the fragment of theory that there was an an-cient race of mound-builders superior in culture to the North American Indians. The course of this investigathe power of obstructing legislative | tion has been marked by some curious The Republican party has had the Enthusiastic writers extolled the skill of the sculptors of the mound-building time, and they found carvings of unsjority, which is the only safe and | birds and mammals that showed great | reasonable rule under a popular government. Poor Dom Pedro.

Lisbon dispatch, March 4. Dom Pedro is in great financial need. and there is talk of his dismissing the suite which attends him. The probability is that his suite will soon dismiss bim, for the former Brazillian monarch is in a pecuniary condition ill suited to the support of the swarm been accompanied. His inability to provide for them is one of the principal serrows and the chief reason why he is seeking permission to return to

necessarily be made for them. The ex-Emperor himself would be welcome at any European court, but the sympathy of the rulers who still porting the dependents whom the gen-erons old man cannot bear to part

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the multitude of low test, short weight alum or phosphate powders. Sold only in cans. Royal Baking Powder Co., 106 Wall street. N Y.
