

THE DUTY OF TIN.

Although this is not a Presidential year the free-trade Democrats in the Senate are hurrying the workmen's dinner back as vigorously as it was in 1888, and in addition to the workmen are seeking to limit the farmer on the price of tin...

Fortunately the American farmer does not seem to be in any danger from the sky over Virginia, Missouri, etc. He thinks for himself, and since he does he is not to be deceived by any such rubbish as the dinner-buck argument.

Rev. H. L. Chapman, pastor of the M. E. Church, Johnston, Pa., says: "Soon after the great flood, at a time when diarrhoea was rampant, I received a box of six boxes of Chamberlain's Colic, Cholera and Diarrhoea Remedy."

It is a favorite paradox of some of the greatest dramatists that the bravest men are the most nervous. This is not only true in the case of the individual but also in the case of the nation.

"LITTLE BOY PREP" had lost her shoes and couldn't tell where to find them. So the old nursery rhyme says, and it goes on to tell how "Leaves were blowing and the wind was blowing and the leaves were blowing and the wind was blowing..."

BROKEN OUT.

How often do we see this on the faces of children and, alas, of people who otherwise are healthy? What causes it? Bad blood. The thought is that the blood is not pure and that the ordinary help can remove it. It requires something unusual. Do not take cheap sarsaparilla or blood purifiers. You must have something that has proven its power in both Europe and America.

THE CASE OF SOPHY JOHNSTON.

Well, now, was it not a wild crack that a correspondent set me thinking on what no woman, however strong minded, would be ever likely to do, and that men constantly do? I decided that the one thing to do was to display a bald head!
