Corral the Scale.

The visit of Maj. Varney, state fruit inspector, gives occasion for another warning to the people of Asmand about the serious consequences which will follow the continued neglect of the worst of all the fruit pests, the San Jose scale, which has already left and Mrs. G. S. Butler went to Portland by Monday evening's train, to visit the exposition. half dozen or more lots in the central amine the trees which are covered by this week. this scale will realize the danger which threatens the fruit interests here from the from Central Point, and will occupy the its spread. Energetic measurers should be payne house in Ashland the coming be taken at once for the quarantine and heroic treatment of the lots now infested. Persons who have orchards should be careful not to admit to their should be careful not to admit to their

grounds a single basket or box that has been used in or about a lot that has any San Jose scale upon it. It has been carried from place to place by such means time and again.

The region infested with the scale in Ashland seems to include now only the lots of Ab Giddings I. H. ly the lots of Ab. Giddings, J. H. Russell, W. H. Atkinson, Thos. Smith. O. Coolidge, Mrs. Gillette, and a few trees around the edges of two or three adjacent lots. A determined effort J. D. Whitman, of the state horticulture ring the coming winter might succeed in preventing the further spread of the pest. Persevering and persistent spent the day with him examining Ashland orchards.

Jacksonville has had a worse experience with the pest than Ashland has, nearly all the orchards in the place having been invaded before the place having been invaded before the danger was realized.

The letter from Mr. Bray says:

Step toward the extension of the Southern Pacific system to Astoria, probably by the purchase of the Astoria, probably by the purchase o a bid has been made. If the deal is not consummated it is said the con

There is a fair prospect that in the ar future the nickle mines near Riddle will be again in active operation, says the Roseburg Plaindealer. The Ashland Stone.

The question of the use of the Ashland stone in the new city hall of Portland is settled in the affirmative. On the evening before the meeting of the council at which the report of the committee that decided the matter was made, the Evening Telegram had the following:

A member of the committee said to Telegram reporter vesterday that a Telegram reporter vester of the Earm Wedne hoped that satisfactory arrrangements gent free by mail. will be made and that these mines may

soon be running at high pressure. Says the Statesman of Tuesday: "At the regular monthly meeting of the Salem Building and Loan association last night \$2000 was loaned. It went

freight hauled to and from this county.
