ASHLAND HIGH SCHOOL

Personal Notes That Tell of Activities in the Realm of the Three Rs.

"Some of these days" you will be able to sit in the grass on the lawn. Someone rearranged and cleaned up the library. Of course it was not Miss Wagner.

The junior history class was furnished first-class street entertainment Tuesday morning.

At a recent meeting of the executive committee, Z. Moody, '12, was appointed tennis manager.

Berton Herrick, who was a member of the class of '16, is now manager of the East Side baseball team.

Walter Phillips, '13, with a little from any stomach derangement, inmore experience will undoubtedly dedigestion or dyspepsia, whether acute velop into a first-class geometry teacher.

The Commercial Club gave \$25 toward the Annual. This organization has always given a helping hand to high school activities.

Frances Briggs, '12, taught the A freshman English class during their regular teacher's absence Tuesday morning. She did not have to make a single arrest. Miss Davenport was very much

pleased with the lemon ples that the A section of the freshmen constructed last Monday. It has been suggested that samples be issued.

A young drug store, or "the first aid to the injured," has lately been added to the domestic science department. All broken heads, arms, legs and hearts will be promptly attended

All people desiring an Annual, see Jan Mowat at once. The supply is limited and Oliver says that from present indications probably more copies will be wanted than can be supplied.

My goodness! some of our seniors have been chewing gum in school, and moreover it is not their first offence. Ten demerits were taken from the deportment of each as a gentle reminder.

Orchestra practice was held in the gym Monday evening. Mr. Norton, the director, is giving much of his time to this department of high school work and everyone should aid him as much as possible.
