Public Warning!

Be very careful where you take your clothing to be cleaned and pressed. This is a trade which takes years of experience to learn. Amateur work is high at any price. Your garment may be ruined, the life taken out, which will cause the goods to go to pieces many months earlier than if handled by an experienced man. There is a reason why FULLER is the leading Tailor and Cleaner in the city. His experience and the business he has built up show for themselves. 35 Main street. Phone 119.
