

In the Social Realm

DEPARTMENT EDITORS: Miss Maud Hawley, Miss Vivian Greer.

A delicious chicken dinner was presided over by Mrs. M. I. Stanley, at her home on First avenue, Monday evening, the guests being E. A. Hildreth, Mrs. C. W. Banta, Miss Marian Cunningham of Oakland, Cal., Miss Margaret Ross of Central Point, and Miss Maud Hawley. The dinner was given in honor of the Misses Ross and Cunningham, nieces of Mrs. Stanley, who returned to their homes Tuesday morning.

A pleasing social touch was given to the choir meeting at the Presbyterian church Friday evening, when the ladies of the choir invited those present to stay after rehearsal and enjoy refreshments of orange and pineapple sherbet, and cake. A special Dutch apple cake was also one of the delicacies. Several piano selections added to the interest of the "after-meeting," which was one of the most enjoyable of the many good times this group of singers has had.

A hay ride from town to her home in the country, an evening spent with music, games and cards, and the delightful ride home, were some of the pleasant things planned by Miss Natalie Swigart for her guests of Wednesday evening. The merry crowd left Ashland at 8 o'clock and so happily was the evening spent that not until an hour or so after midnight was the homeward trip begun. A delicious luncheon was one of the features of the evening. The guests were Misses Frances Taverner, Rose Taverner, Ethlynde Sanford, Helen Chappel, Messrs. Harry Bates and Victor Mills; Mr. and Mrs. Monte Briggs.

Misses Celia and Ebba Osterdant were the inspirations for a surprise given them at their home on Palm avenue Monday evening by the young ladies' class of the Brethren Sunday school. The gathering was in the nature of a farewell party, the Misses Osterdant leaving Wednesday for their new home in Marshfield, Ore. "Flinch," "Up, Jenkins" and "I Doubt It" helped the hours to pass merrily by until quite late, when lemonade, oranges, sandwiches and cake were served. Those present were Mrs. Ericksson, Miss Ericksson of Medford, Misses Florence Erickson, Claire Jeter, Pearl Kenyon, Grace Kenyon, Voda Brower and Mina Brower.

Miss Gertrude Moore, who has spent several months in Ashland as a guest of her sister, Mrs. W. H. McNair, and who expects to return soon

to her home in Versailles, Mo., was the honor guest at a merry afternoon party given Monday by Mrs. McNair at her pleasant home on Oak street. Various games enjoyed by the younger set were indulged in during the afternoon. Light refreshments were served. The hospitality of the McNair home was extended to the following guests: Lillian Greer Ruth Estes, Helen Estes, Lena Provost, Flora Provost, Gertrude Barber, Dorothy Ricketts, Marian Summer, Minora Cornelius, Clem Summer, Harold Simpson, Melvin Harvey, Martin Lowry, Merlin Wilson, Earl Mix and David Whittle.

Leaguers at Play.

Tuesday evening between 6 and 7 o'clock some sixty Epworth Leaguers went up the canyon to the picnic grounds and spent two or three happy hours in eating, drinking and making merry. The fourth department under the capable leadership of Miss Grace Barney had provided a huge cauldron of coffee, two or three hundred buns and a chain of wieners, sausages about nine rods long. The latter were roasted, toasted, smoked and grilled over the campfire on switches held by hungry picnickers, who were strangely interested in a story about a plump little poodle-dog recently captured by Chief Olen and last heard from in the rear of the City Meat Market. This tale seemed to cast a gloom over the assembly and one of the girls complained of feeling faint and said she didn't care much for "wieners," anyway. However, the feeling of happy hilarity was soon restored by singing that delightful ditty,

"Oh where, oh where is my little dog gone?"

This was followed by playing the ever-popular "three-deep" and similar games. A list of guests could not be obtained, but the Medford league was represented by a jolly party of six, chaperoned by irrepresible Benjamin Franklin Sherwin. Corn roast next.

IRRIGATE LARGE TRACT.

Company Has Big Project in Williamsonette Valley.

Eugene, Ore.—The Mackenzie Irrigation & Power Company, which recently filed on waters of Clear lake, at the summit of the Cascade mountains, the Hill railway interests paying the filing fee of several thousand dollars, has announced that actual construction work on the irrigation canal and laterals will begin in this vicinity immediately. Papers wherein a large number of farmers above Eugene and Springfield agree to take the water for their lands, were filed for record with the county clerk this week, including contracts for the purchase of two large farms, one from Robert Vitus, on the Mackenzie north of Eugene. The company agrees to take the Robert Vitus farm of 329 acres at \$175 an acre, and the August Vitus place of 289 acres at \$200 an acre.

This company was organized by local men three years ago, and succeeded in interesting the Hill railway people in the enterprise early this year. It is believed the water from the lake will be used to generate electric power for the operation of electric railways and then used for irrigation, serving a double purpose. The proposed main canal for irrigation will extend from Hendrick's bridge, 15 miles above Eugene, on the Mackenzie, to a point five miles northeast of the city. It will serve several thousand acres of the richest valley land.

DENOUNCES REMEDY.

San Francisco Woman Attacks College for Alleged Fraud.

San Francisco.—Mrs. Louise Ponorose has sworn to a warrant for the arrest of Madame Gertrude Pona, a widely advertised dermatologist with a large establishment in the fashionable shopping section of Geary street, charging that Madame Gertrude advertised and deceived the wrinkled public with a fraudulent "ten-minute wrinkle remover," which was, in truth, she complains, nothing but the beaten whites of eggs which did not eradicate wrinkles as it was advertised to do.

One day Mrs. Ponorose says she surreptitiously came upon Madame Gertrude beating a number of eggs in a bowl and accused her of thus foisting the plebeian egg upon the public as an aid to prolong youth.

Mrs. Ponorose said she had probed the miserable secret and then she bethought herself of the thousands of dupes who paid enormous amounts for the treatment, when they might be beating their own eggs, and she decided that such base deception must cease. Hence the warrant.

HOUSE APPROVES BILL.

Underwood Suggests New Sugar Measure be Turned Back to Senate

Washington, D. C.—When the house resumed consideration of the wool, sugar and excise bills, already passed by the senate, it seemed likely they would not meet with favorable action. Majority Leader Underwood urged that all three measures be returned to the senate without concurrence, objecting to the amendments to the excise bill repealing reciprocity with Canada and establishing a tariff board.

Five members of the house committee on interstate commerce who have led the fight for free passage through the Panama canal for American vessels announced that they would stick out for free tolls even if it takes all summer. Representatives Humphrey of Washington and Knowland of California are two of the free toll champions.

CAR TURNS TURTLE.

Prineville Man Pinned Beneath Machine and Injured.

Rather than permit his wife to leap to certain death or certain injury, J. H. Wigle yesterday morning guided his huge Oldsmobile to certain destruction and himself sustained injuries that, marvelously, will not prove fatal, in the opinion of Dr. Merryman, the attending physician.

Mr. Wigle, who is a liveryman of Prineville, was returning to his home after a trip in this section. He was accompanied in his 40-horsepower auto by his wife and Miss Edith Olderson, a school teacher of Portland, Ore. They left here at 9 o'clock Sunday morning for Harriman Lodge, going by the west side road. At a point near the top of the Long Lake hill the engine stopped and the car started backward.

On one side of the road is a rocky bank and on the other is a gorge falling straight down fully 200 feet.

Fearing that his wife would jump from the then rapidly moving car, and unable to work the emergency brake, Mr. Wigle guided his car into the bank with such speed that the machine was turned over.

Mrs. Wigle was thrown clear of the car and Miss Olderson made a sensational leap to safety. Mr. Wigle was pinned under the car.

Seriously injured, Mr. Wigle was able to extricate himself from beneath the wrecked machine, but it was not until four hours later that anyone came along the road. Then Miss Nickerson and Miss Stevenson of this city rode up on horseback. They did what they could to relieve the suffering party and then hurried on to this city for medical aid.

Before Dr. Merryman, who had been notified by the young women, could reach the scene of the accident, C. H. Daggett of this city arrived in his auto about 6 o'clock. He started to this city with the injured man and the two women. Before they arrived here they met Dr. Merryman, who was on his way to the scene.

Emergency remedies were administered, and then the party hurried to this city.—Klamath Herald.

HOMESTEAD BILL PASSES.

House Approves of Borah Measure Relieving Settlers.

Oregonian News Bureau, Washington, D. C.—The house of representatives on Monday passed the Borah bill, previously passed by the senate, directing that patents shall issue to homesteaders on government irrigation projects as soon as they comply with the requirements of the "homestead law."

This will give them title after three years instead of waiting 10 and 15 years, as under the present law. As the bill was passed the provision requiring the payment of at least 40 per cent water charges as a condition to receiving the patent was stricken out.

The efforts of President Taft in behalf of this bill aided materially in its passage.

Delighted With Climate.

Rendered weak by climatic conditions under which he has labored elsewhere for the past few years, the Rev. H. Cowles, late of Orange Free State, is of the opinion that the Rogue river valley is the ideal place in which to live. The ideal manner, according to the sky pilot, is to own a fruit ranch.

Mr. Cowles arrived a few days ago and has been looking over the orchards since that time. He is immensely pleased with everything in and about the valley and will probably locate here.

PATTISON SELLS HERALD.

Central Point Paper Goes to Gleason & Bacon.

E. R. Gleason and F. E. Bacon have purchased the Central Point Herald from S. A. Pattison, one of the best known men in the Rogue river valley. The new owners will take possession Monday, July 29, Mr. Pattison closing his work with the Thursday issue. His plans for the future have not been announced, but he will likely remain in this section.

The Central Point Herald was founded six years ago, and it and its publisher have been identified with the growth and development of Central Point. During the reign of Mr. Pattison two efforts were made to launch competitive papers in the town, and both failed, the Herald surviving until at the end it was upon a paying basis.

RAISES PERFECT ONIONS.

Evans Valley Man Has Evolved Mild, Sweet Vegetable.

Louis Silvers of Evans valley was a Rogue River visitor Monday, says the Argus. Mr. Silvers, by the way, is some onion grower and one might do worse than follow his methods in raising this staple vegetable. Last year he harvested 16,000 pounds of perfect onions from a quarter of an acre of ground and expects to do equally as well this year. He has developed what is probably the only true southern Oregon onion. By crossing Mr. Silvers has combined all the poor ones of two popular varieties and he now has a large and at the same time mild, sweet onion. Mr. Silvers had a great deal of interesting information regarding the culture of his pet vegetable, but the main points he brought out were: Early sowing, plenty of room in the row, constant but shallow cultivation and an abundance of water applied in the cool of the day.

HAS NARROW ESCAPE.

Rogue River Woman Thrown From Buggy in Runaway.

Mrs. George Burns miraculously escaped death on the upper Rogue river road Tuesday when the team she was driving became frightened and ran away. She was hurled from the rig down a 25-foot embankment. Although she struck on a pile of rocks, she was uninjured except for several serious bruises. She was stunned for a short time but regained consciousness before help arrived. The team was found several miles down the road, the rig demolished. A passing automobile carried her home and later took her to Medford.—Rogue River Argus.
