**ASHLAND HIGH SCHOOL**

Personal Notes That Tell of Activities in the Realm of the Three R's.

Registration at the high school reached a total of 192 on Wednesday evening, or 13 more than were registered at the end of the first week last year. Of these two are graduates taking additional work, 33 are seniors, 48 are juniors, 47 are sophomores, and 62 are freshmen. The 200 mark will probably be passed by the end of the week, as many students are yet at work gathering fruit.

Of last year's faculty seven instructors remain. These are F. E. Moore, principal; Miss Florence Wagner, assistant principal; Miss Martha Gilchrist, Miss Edith Merrill, Miss Orpha Parker and Miss Blanche Davenport. The three new instructors are all men—Jean Manion, head of the manual training department; E. E. Coen, instructor in agriculture and chemistry, and W. E. St. John, instructor in Latin and debating coach.

The executive committee of the student body association met Tuesday evening and elected Walter Carpenter to be junior representative to the executive committee; Harold Huntley was appointed student assistant to the treasurer, and Linn Mowat was appointed football manager.

Wednesday evening a booster meeting was held by the boys to arouse interest in football. After the meeting a large number got out for the first preliminary practice. Regular practice will begin next week. Ashland's prospects for a winning team are bright. Seven old men will be in the line-up. They are Eugene Moody, fullback; Elmer Ashcraft and Walter Phillips, halfbacks; Harold Huntley, right tackle; Fred Garrett, guard; and Morse Plymate, left end. Alvin Wheeler, while in school, will not be in the ranks. His place will be ably filled by E. Dewes, sub-center. Two likely candidates for the vacant positions are J. Withrow, from Talent, and Robert Spencer. Many other good men are bound to show up. The team is fortunate in having back its old coach, Mr. Butterfield, a former Stanford end. He, with Mr. Manion's aid, ought to put out a winning team. While the schedule has not been completed, it is probable that Medford, Grants Pass and Roseburg will be played.

Four of last year's basketball team are back—Herbert Poor, the giant center; Victor Mills and Pete Spencer, guards, and Walter Phillips, forward. Brick Moody, sub-forward; Morse Plymate, sub-guard, and John Enders, a former Ashland boy, last year with Hollywood-high, will all be strong contenders for the team.

Debating does not look very hopeful. None of last year's team is in school. This team, moreover, was defeated in its only debate, by Klamath Falls. Great interest, however, is being manifested, and as soon as the question for debate is received, active preparation will begin.

Thomas McInerney, a fireman on the S. P., is at his father's ranch at Martines recovering from a bad attack of blood poisoning. He scratched his hand slightly some weeks ago at the Helman baths in this city, but gave the injury slight attention. It became so bad that he was compelled to go to the railroad hospital at San Francisco, where he remained under treatment for two weeks. He is now improving and expects to return to duty about October 1.
