

FELL DEAD ON THE TRAIN

A. E. COX, POPULAR S. P. BRAKEMAN, IS GONE.

APOPLEXY REPORTED AS CAUSE

A. E. Cox, Popularly Known as "Al" Cox, Dropped Dead on Train Near Red Bluff Wednesday Evening While on Duty.

Word was received in this city late last night of the death of A. E. Cox, the popular brakeman on the Shasta Limited. According to reports received here, Mr. Cox dropped dead on the train Wednesday evening just as the train was approaching Red Bluff. Apoplexy is said to have been the cause, but particulars are meagre.

Probably there was not a railroad man in the city who was better known or more popular than was Mr. Cox and his death will cause a feeling of sadness in many a heart in Ashland. "Al" always had a bright smile, a word of cheer and a hearty hand clasp for everyone, and his face and form will be missed, not only by the people of Ashland, but by the "knights of the road" and others who are frequent travelers of the Southern Pacific railway.

Mr. Cox leaves a wife and three children, who reside on Vista street in this city.

The remains were brought to this city and will arrive on train No. 16 this evening.

There will be private services at the residence at 2 o'clock Saturday afternoon, followed by services in the Elks Temple at 2:30 o'clock, conducted by Ashland lodge, No. 944, of which he was a member, followed by interment in Ashland cemetery.

Democrats Gain Three Governors.

New York, Nov. 6.—In the 29 states electing governors, the democrats not only maintained their own, according to late returns, but over-threw majorities in three states—Illinois, Missouri and Nebraska, in which republicans were the incumbents.

In addition the election of a democrat to succeed Wilson in New Jersey was assured, making a net gain of four states for the democrats.

Change in Motor Office.

The Southern Pacific motor depot office has been placed under the Shasta division instead of under the Roseburg division and Harry Sayle is now ticket agent there. Mr. Sayle was formerly in the local freight office. The change puts the motor office more completely under Agent Kramer than heretofore.

FRANK A. GRISEZ DEAD

County Surveyor of Jackson County Died in This City Wednesday Evening.

Frank Augustus Grisez, county surveyor of Jackson county, and a well-known resident of Ashland, died at the Granite City Hospital on Wednesday night, October 30, from stoppage of the gall duct. Mr. Grisez had been feeling unwell for some weeks, but only went to the hospital about a week prior to his death. An operation was performed by Dr. Swedenburg, but proved in vain, and he continued to grow worse until the end came, though his wonderful strength caused several rallies after he was thought to be dying.

Mr. Grisez, who was 48 years and 10 months of age at the time of his death, was born in California. He had been a resident of Ashland for about six years and leaves a widow and a child five months of age. The remains were shipped to Yreka, Cal., Thursday afternoon and he was laid to rest in Evergreen cemetery at that place Friday afternoon.

Mr. Grisez was unusually popular with his fellow citizens and the bereaved family and other relatives have the sympathy of a large concourse of friends.

Cheap Apples for Sale.

I have a few hundred boxes of Spitzenberg apples, sound in every way, but more or less dented by hail, which I will sell at a bargain. Will sell crop on trees or boxed and delivered any point Ashland at unthought-of low prices. E. T. STAPLES.

IS NOW IN AUSTRALIA

J. H. Kennedy, Now in Southern Hemisphere, Enjoys Trip But Longs for Ashland Fruit.

Mrs. J. H. Kennedy of this city has received a letter from Mr. Kennedy, who left a little over two months ago for Australia on a combined business and pleasure trip. Mr. Kennedy's letter, which was the first received by his family in seven weeks, was written from Wellington, N. Z., and stated that he would leave in two days for Australia. Mr. Kennedy stated that he had not been sick in the least during his sea voyage and had enjoyed it thoroughly, but that he had longed for some of the Ashland fruit while on shipboard.

MILITIA BOYS HAVE BIG TASK

MUST RAISE \$1,000 TO EQUIP ARMORY.

WILL GIVE ENTERTAINMENTS

Members of First Company Coast Artillery Corps Must Equip Armory With Chairs, Lockers, Stage Fittings and the Like.

The boys of the first company C. A. C. have a good sized task staring them in the face. They must provide means to equip the new armory. The state furnishes no lockers, chairs or other interior equipment and it is up to the boys here to secure funds for this purpose. They are fully aware that the city, as a municipality, has done all that it can or should be expected to do in that direction, and also feel that it would not be right to ask taxpayers to give to a subscription for that purpose. They feel that for every dollar they ask in assistance they must give a dollar value in return. To this end they are cudgeling their brains for novel entertainments and other stunts by which they can raise the required funds. They feel that it is almost imperative that there should be sufficient funds in the treasury when the building is completed to insure its immediate furnishing so that it will be available for use for shows and public meetings.

In order to do this there must be several hundred folding chairs purchased and the stage must be equipped. There must also be 65 lockers provided for the use of the members of the company. There is a movement among the boys to have as many as are able each pay for a locker, which will cost about \$8 each, but with some members this will probably be impossible and money for this must also be provided.

While being ready and willing to assume all the responsibility and work of raising these funds, the soldier boys will heartily appreciate a cordial and generous support of their efforts.

The Tidings believes that it is to the best interests of the city that every assistance possible be given these efforts. At present the city has no assembly room both commodious and comfortable and that need is badly felt. With the new armory completed and properly seated the city will have such a place.

Captain Spencer informs the Tidings that the allowance for the maintenance of the building from the state will not be enough for its upkeep, including lighting, heating and janitor work, and the income from the rental of the assembly room will be used for that purpose. He also assures the public that the rental will be just as low as is consistent with this end.

Leaders Exchange Greetings.

Princeton, N. J., Nov. 5.—The following exchange of telegrams between President-elect Woodrow Wilson and Vice-President-elect Thomas R. Marshall was made public here tonight:

"I salute you, my chieftain, in all love and loyalty.

"THOS. R. MARSHALL."

Wilson replied:

"Warmest thanks for your generous telegram. Your part in the campaign was the source of great strength and stimulation. Now for the deep pleasure of close association in the great work of national service.

"WOODROW WILSON."

—Cliff Payne makes ironing boards.

Our Next President

GOVERNOR WILSON IS THE WINNER

LANDSLIDE TO THE DEMOCRATIC PARTY LANDS HIM IN WHITE HOUSE

CONGRESS TO BE DEMOCRATIC ALSO

ROOSEVELT SECOND AND TAFT THIRD IN RACE—RETURNS COMING IN SLOWLY ON ACCOUNT OF LONG BALLOT IN MANY STATES

The people of the United States have by an overwhelming majority decided that Woodrow Wilson shall be president of the United States. While several states are so close in the three-cornered fight as to make figures as to votes in the electoral college uncertain even in Thursday morning, there is nothing outstanding which will even change the relative position of the candidates. No estimate of the popular vote of the candidates is at hand, but Wilson is easily in the lead by a large majority in the electoral college and a good lead in the popular vote, with the progressive party second and Taft third. In many places Debs gained materially over the vote of four years ago, but in nearly every case where socialist officials were up for re-election they have failed, apparently showing that their constituents were not satisfied with socialism in practice.

In Oregon the state has gone for Wilson by a small lead, while Washington went heavily for Roosevelt.

Ben Selling has a small lead for United States senator, according to the Thursday morning advices, with Lane second and Bourne third. The leaders are so close that it is almost impossible to tell the result until the official count is received.

Congressman Hawley is re-elected by a lead that puts all his competitors entirely out of the race.

Uncle Joe Cannon Concedes His Defeat.

Danville, Ill., Nov. 6.—E. X. Lee-curve, son-in-law and campaign manager of "Uncle Joe" Cannon, today conceded the defeat of the former speaker of the house. Cannon declined to make a statement.

Democratic campaign managers claim Edgar county for O'Hair, democrat, by 1,100; Clark by 224. Cumberland by 500 and Iroquois by 300. This brings O'Hair into the northern part of the district with 2,100 votes to spare.

Cannon's managers claim Kankakee county by 800 and Vermillion by 600, leaving O'Hair winner by about 700.

Estimates by the canvassing board

MADE A BIG STRIKE

W. H. Tate Finds Paying Ore Near Hanging Rock in Ashland Canyon—Good Ledge.

W. H. Tate, who has been sinking a shaft near the hanging rock in Ashland canyon, has apparently made a first-class strike. Mr. Tate discovered the ledge just above the old water ditch and it assayed about \$4 per ton at the surface. After penetrating 30 feet the ledge shows ore which, according to assays by F. A. Korman of this city, carries \$11.22 per ton. There is no question but there is any quantity of ore in this district that is well worth milling, and this section should have a big mining payroll.

HORSE DEAD BOY BURNED

BARN ON C. G. RUSH RANCH DESTROYED.

VIRGIL RUSH BADLY SCORCHED

Fire Destroyed the Barn of C. G. Rush on Boulevard and Virgil Rush Burned While Trying to Save Horses.

A barn on the ranch of C. G. Rush, who resides on Clay street north of the Boulevard, was burned last night. One horse was lost in the fire and Virgil E. Rush, a son of C. G. Rush, was quite badly burned in getting out one horse which was saved. The young man's face was badly burned, as was also his wrist. Dr. Fawcett was called and dressed the injured lad and states that his injuries, while very painful, are not serious.

It seems that the young man, who is a car repairer at the Southern Pacific shops, went in and got out one horse, getting burned in so doing. He was then bound to go back for the second, but his father refused to let him.

Mr. Rush, in an interview with a Tidings representative, states that the cause of the fire is an entire mystery to him. The flames were discovered about 5 o'clock this morning and were then beyond control. There is none of the family that smoke and there was no lagern in the barn last night, so that there was no possibility of fire from such a source. There was about two and one-half tons of hay in the building at the time, but it was thoroughly dry and there was no possibility of spontaneous combustion. This apparently leaves but two theories, incendiarism and tramps.

The loss Mr. Rush estimates in the neighborhood of \$700, including barn, hay and grain, harness, one horse and damage to the other, the horse rescued being badly burned about the head and certain to lose one eye.

There is \$100 insurance on the barn and hay and \$200 on the horses, it being carried in the agency of Graham & Wakeman of Medford.

Bing Sisters.

The noted Bing Sisters stopped off in Ashland, on their way to Chicago, New York and Paris, to buy their wearing apparel. They had been in Los Angeles, San Francisco and other cities, but failed to get what they wanted, but here in Ashland and at the Ashland Trading Co. they found just what they wanted for their suits and coats. They told us we had the best selection of mannish goods that they had seen in all their travels.

Socialists Failed of Re-election.

Milwaukee, Wis., Nov. 6.—Although the socialist party ticket vote showed a general increase throughout the country, the socialist cause locally received a setback in the defeat of Victor L. Berger for re-election to congress by about 2,000.

In Schenectady, N. Y., another socialist stronghold, practically all the present officeholders of that party were defeated for re-election.

Ahead in the Race.

Ashland Trading Co. are leading in the race for business. New goods, best service, your money's worth or your money back. Phone 122.

Try Tidings job printing. The quality is remembered long after the price is forgotten.

TOU VELLE IS A WINNER

MEDFORD MAN PROVES TOO STRONG FOR DUNN.

G. A. GARDNER LANDS FOR CLERK

Kelly Elected Prosecuting Attorney —Carkin, Westerlund, Singler, Colvig, Cronemiller, Grieve, Wells, Leever and Smith Also Winners.

Colonel Tou Velle proved too popular a vote getter for George W. Dunn to overcome. The latest returns show the latter to have won in the county judgeship by a majority of about ????. The Tidings was for Dunn, but the people have decided to entrust the management of county affairs largely in the hands of Mr. Tou Velle. The Tidings will do all in its power to uphold him in all actions he may take looking to the advancement of Jackson county.

The following is the vote on county officials in Jackson county complete in practically every instance:

Table listing election results for various offices: Prosecuting Attorney (Hannah 1,529, Kelly 2,842), Joint Representative (Reames 2,745, Whisler 1,407), Representative (Barkdull 1,782, DeArmound 1,706, Carkins 1,845, Westerlund 1,932), County Judge (Dunn 2,293, Tou Velle 2,606), Commissioner—Four Years (Leever 2,485, Lyman 1,548), Commissioner—Two Years (Daley 1,721, Smith 2,020), Clerk (Gardner 2,399, Miller 2,043), Sheriff (Jones 1,871, Singler 2,699), Recorder (Colvig 2,614, Taylor 1,581), Treasurer (Cronemiller 2,515, Ulrich 1,832), Assessor (Grieve 2,257, McDonough 2,138), Coroner (Kellogg 2,208, Ussher 1,818).

For superintendent of schools J. Percy Wells, the present incumbent, is so far in the lead that little attention has been paid to figures. C. L. Reames is undoubtedly elected as joint representative over Whisler, as the lead in Jackson county was too great to be overcome in Douglas county.

STEAMER ON THE ROCKS

The Canadian Northern Mail Steamer With 900 Passengers Ashore in River.

Quebec, Nov. 6.—The Canadian Northern Royal Mail steamer Royal George, with 901 passengers, was grounded on the rocks during a fog in the St. Lawrence river early tonight and is reported in a serious plight.

The wrecking steamer Strathcona and two tugs have been sent to the steamer's assistance. The rocks on which the steamer struck lie on the north side of the south channel. The Royal George left Grosse Isle quarantine station for Quebec late today en route to Avonmouth, England, and she is said to have been going full speed when she met with the accident. The grounded steamer is in a position difficult of access and news of developments are slow in reaching shore.

—Do you know there is a fur factory in Ashland? Buy your furs at the factory and save money. We have the largest stock of ready-made furs in Ashland and are selling them at Chicago prices. Inspect our goods before buying elsewhere. Furs altered, remodeled and repaired. Natural Science Establishment, 10 Granite street, two doors off of Main street. 44-4f

Crescent City.
