A. H. S. GIRLS WINNERS

They Take Grants Pass Into Camp at Basketball Saturday by a Score of 25 to 12.

Ashland high school girls took the Grants Pass girls into camp by a score of 25 to 12. The game, however, was not one-sided, as the Grants Pass girls played a brilliant game. Florence Olds was the star, making 10 baskets. Hannah Abbott made 5 baskets, but was not up to her usual form. Josephine Saunders, at guard, distinguished herself by her cool, effective playing. Ada Sonnichsen at center and Miss Butterfield at guard did yeoman service for their team. Ashland girls have never been beaten at basketball, and from their showing Saturday night their record is safe this year.

The trip was especially enjoyed. About 30 Medford rooters, who had gone to Grants Pass to attend the Medford-Grants Pass football games, rooted for Ashland and drowned out the Grants Pass rooters. After the game Grants Pass served a splendid buffet lunch, at which were 27 Medford people and 13 from Ashland. Verne Blue, '12, teaching this year at Gold Hill, attended the games. Mr. Manion, who refereed the game, was mistaken for the domestic science instructor. His work as referee was a revelation to the watchers. None had a complaint and the Grants Pass coach said that she had never seen better or fairer refereeing.

Those who went from Ashland were: Miss Gilchrist, the coach; Linn Mowatt, manager; Mr. Manion, Ruth Scott, Claire Johnson, Katherine Miller, Wilma Charter, Hazel Dazell, Myrtle McGee and Eunice Grubb. A delegation of boys were at the depot to welcome them when the "whiskey snail" pulled in.

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of "don'ts" which the doctors say will prevent the annual visitation of the cold:

- "Don't sit in a draughty car."
"Don't sleep in hot rooms."
"Don't avoid the fresh air."
"Don't stuff yourself at meal time."
Overeating reduces your resistance."
To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by Poley's Drug Store.

GETS BETTER RATES

Henry Kofeldt Succeeds in Securing Substantial Reduction in Freight Rates to Klamath Falls.

Ever since Henry Kofeldt went to Portland and Seattle a couple of months ago he has been working to get Ashland put on a better footing as to getting fruit into the Klamath Falls market. By dint of hammering with the officials he succeeded in getting the rate reduced from 59 1/2 cents per hundred pounds to 40 1/2 cents, a saving of \$3.80 per ton on fruit rates. He also secured a refund of about \$30 per car on the two cars of fruit shipped to Klamath Falls last summer by the Fruit and Produce Association and himself. Mr. Kofeldt is much interested in the success of Ashland and the marketing of her products and suggests D. M. Lowe as a first-class man for manager of the Fruit and Produce Association if Mr. Lininger declines a reelection, as he has stated he will do.

Gasoline.

Gasoline is a clear, nervous liquid, which is composed of speed, noise and trouble in equal parts. It is made of kerosene reduced to a more violent stage and is kindly supplied to the restless portion of mankind by the fragments of the late Standard Oil Company.

Gasoline to be made useful must first be mixed with air, then squeezed until it is in a frantic condition, and then ignited with a spark. When let into a motor a little at a time and touched off in this manner it produces a mechanical Fourth of July which is just as fatal as the original and even more exciting.

Gasoline was originally used only for cleaning gloves and ejecting hired girls through the kitchen roof, but has now been taught a great variety of interesting tricks, such as running automobiles, aeroplanes, motor boats, windmills, street cars, hearses, corn shellers and bicycles. By the aid of gasoline we can travel 60 miles an hour through the water, 100 miles through the air, 150 miles an hour over the land and six feet into the ground with the greatest ease. A gallon of gasoline can do as much work as a horse can do in a day, and it doesn't have to be fed and bedded down at night. It can drive an automobile 20 miles and while doing this can cause three runaways, a collision, a \$20 fine for speeding, a divorce suit and an inquest. A gallon of whiskey at a Saturday night dance can cause a great deal of trouble, but it is tame and kittenish beside a gallon of whizwater which is conducting a joy ride.

Gasoline burns with the greatest willingness and pleasure when lighted with a match, and one of the easiest ways to avoid discussing politics would be to light a cigarette while sitting on a leaky gasoline can in a boat. Even when it is not lighted with a match gasoline can be used to excess. It is easy to detect the victim by the tense lines in his face and his worried way of looking behind him to see if the bicycle cop has caught up. There are still a good many poor people who have never known the smell of gasoline, but within a few years all the world will be accompanying large cans of this versatile fluid through the air or over the land. The horse will be raised exclusively for sausage material and the babies will toddle down to the garage on their motor skates for a nickel's worth of gasoline which they will put in their mouths if not carefully watched.

\$12,000 FOR PLACE SAILORS TO BE BIRDMEN

Henry Kofeldt Gets That Price for Granite Street Property in Hotel Deal.

Henry Kofeldt, well known in this city, arrived Tuesday evening from Portland to see about selling the furniture and household goods of his place on Granite street which he has just traded for the Hotel Blackstone at Portland, Ore. Mr. Kofeldt put in his ten acres on upper Granite street at \$12,000. He gets in exchange the business and furniture of a 90-room hotel, centrally located. W. W. Kofeldt will be associated with his father in the hotel. Mrs. Mary J. Coffin of Portland, the new owner of the Granite street property, will not come to Ashland at present but will place the property in the hands of the Billings Agency of this city. Mr. Kofeldt is well pleased with the property in Portland and will undoubtedly receive a large share of the patronage of the Ashland visitors to the Rose City.

Jackies Journey to Bremerton Navy Yard to Learn Aviation for Navy Purposes.

A squad of seven sailor boys from the Mare Island navy yard, under a boson's mate, was in the city Tuesday afternoon en route to Bremerton navy yard to take part in the aviation school being held by the naval authorities. From there they expect to go to Europe for further training in flying. The officer in charge coolly remarked that probably some of the men would never return. They had all volunteered for this dangerous branch of the service as aerial scouts.

STEPHENSON GETS VERDICT.

G. W. Stephenson Wins Against Coburn & Watkins.

Judge Calkins has just handed down a decision in the case brought by George W. Stephenson against C. J. Coburn and C. B. Watkins, doing business as Coburn & Watkins, to recover rent for the balance of a three-year lease of a building on East Main street. The defendants moved out of the building and refused to pay the rent for the balance of the term of the lease, alleging that they were compelled to move because the owner had not repaired the building as he had agreed to. In finding for Mr. Stephenson Judge Calkins held that their remedy for the leaky roof would have been to have it repaired and hold out that amount from the rent. When asked if this rule applied to all tenants, Judge Calkins informally stated that this was only when the landlord expressly agreed to keep the building in repair. The amount of the verdict is \$260 and interest from date of vacation of building.

Where the Costs Come In.

The justice of the peace scratched his head reflectively. "There seems to be some dispute as to the facts in this here case," he said. "The law imposes a fine of \$25 for exceedin' the speed limit, but I don't want to be arbitrary about it, and if ye'll pay the costs I'll remit the fine." "That's satisfactory to me," said Dawkins, taking out his wallet. "All right," said the justice. "There's \$5 for the sheriff, \$5 for the pros'cutin' attorney, \$5 for the court stenographer, \$5 for the use of the court room, an' my reg'lar fee o' \$10 per case. Thutty dollars, please."—Harper's Weekly.
