## Ready for Work!

The value of fire protection depends largely upon the readiness of the fireman to respond to any call and his willingness to face any danger. The value of fire insurance depends largely upon the readiness of the company in which you are insured to respond immediately to your loss and its ability to meet any loss which may come to it.

That's the kind we have—always ready for work. They pay promptly every honest loss, big or little. Let us write your insurance and we'll give you the kind that WORKS ALL THE TIME.

## PREPARING FOR SHRINERS.

Dallas Will Give Them Time of Their Lives.

Dallas, Texas, April 14.—Mike H. Thomas, whose varied career embraces that of cowboy, preacher, cotton factor and business man, and who is now engaged in the big task of getting Dallas in readiness for the meeting of the Imperial Council, Ancient Arabic Order Nobles Mystic Shrine, May 12-15, declares that all preparations have been completed practically a month ahead of the big national gathering. Every man, woman and child in Dallas has been made a member of the courtesy committee and the pupils of the public schools will wear fez caps with "Courtesy Committee" thereon and will be at all times ready to give attention to the comfort and care of every visitor. Mr. Thomas said:

"As an illustration of the great interest Dallas is taking in the Imperial Shrine meeting, more than 15,000 home owners have signed pledge cards to beautify their homes, lawns and gardens and assist the civic committee in making Dallas as attractive as possible. The civic improvement committee has achieved wonderful success in this campaign under the leadership of Noble Harry A. Olmsted, its chairman. Twenty thousand school children have been busy for weeks past planting flowers, beautifying their school grounds, cleaning up the school districts and calling upon the home owners to assist them in the work. When the visitors arrive in Dallas they will be treated to the unique sight of seeing every boy and girl them wear a fez, emblematic of the Order of the Mystic Shrine. Tuesday, May 13, will be declared a general holiday, so that every one in Dallas may participate in the festivities of parade and pageant day of Shrine week. We plan to give an entertainment similar to that of the Mardi Gras in New Orleans and prizes will be offered for the most attractive costumes and dominoes. The homes of the city will be thrown open for the entertainment of Shrine visitors, their ladies and members of their families. Preparations for the meeting are being rushed to completion and every detail of this work is well in hand."

One hundred members of the Arab patrol of Hella Temple have been appointed a reception committee to meet arriving patrols and bands. They will see to it that the members of these great Shrine organizations are given the time of their lives. Many features have been provided for the entertainment of patrols and bands and all will be quartered at a big military encampment at Fair Park, where C. W. Davis, captain of Hella Temple patrol and chairman of the reception committee, has a large number of workmen busy fitting up comfortable quarters equipped with every convenience.

The program for Imperial Shrine week, giving every detail of the entertainment, will be ready for distribution in the next few days.

### NEWS TO BE CENSORED.

Extensive "Gag Orders" Issued to Secretaries.

Washington, April 10.—Secretary McAdoo's "gag order" has been extended from the assistant secretaries of the treasury, to whom it originally applied, to every bureau and division chief of that extensive department. Nothing whatever concerning government business there may become known until the secretary's office has passed on the desirability of its publication.

Surgeon-General Blue of the public health service is forbidden to give out any news whatsoever of the progress of the government test and investigation of Dr. F. F. Friedmann's tuberculosis vaccine or to warn the public directly of danger of disease or epidemics; the life-saving service is forbidden to make known news of a vessel in distress or of measures taken for the relief of an endangered crew. The revenue-cutter service is forbidden to send public warnings of derelicts in the paths of navigation or give the news of sending one of its ships to a distressed vessel.

### The Wrong Target.

Medford Sun: They have been shooting at the public dances for years as a factor in waywardness among boys and girls, and wasting their powder, for this is a condition within the jurisdiction of the home. When 15-year-old girls make their appearance at the Saturday night affairs, alone, the principal trouble is with the parents, not the dance. A girl alone at a public dance is worse off than a boy on the streets—for the police do have a chance to watch him.

Near Pittsburg a wild man who had lived for 10 years in a cave has been captured and sent to an asylum.
