The Time is Short, Hence Prices Will Be Extremely Low

You have the word of The Toggery that this is something more than an ordinary sale. The reason for reducing the stock in quick order is that it enables us to carry out some contemplated changes in our business without delay. The time is short—quick action is what we want and must have—hence prices will be extremely low—probably the lowest you have known in years. Don't doubt; investigate the truth of this statement. Don't hesitate; come quick and find out that this is the

Greatest Money-Saving Opportunity of the Time

We have plenty of good, competent, trustworthy clerks, who will take pains to see that you are satisfactorily served. Everything bears a ticket with the sale price marked in plain figures, and this is the lowest price ever quoted on an article of equal worth. \$5,000 worth of goods must be sold in eight days. We know there is only one way to do it—make the prices so ridiculously low that people will come from far and near and supply not only their immediate needs, but future needs for many months to come, as well.
