FOREST NOTES.

Furnished by the United States Forest Service.

A Russian scientist claims to have discovered an inoculation for use against forest insects.

There are nearly six thousand professional foresters in Germany who are associated with various technical societies.

The University of Washington has secured the use of two sections of land on the Snoqualmie national forest in connection with its forestry courses.

A tool used to fight fires in the California forests combines a rake, spade and hoe. It is compact, so that it can be carried on horseback, and weighs less than 5½ pounds.

In an increase in timber sales this year and in a decrease in receipts from timber trespass as compared with last year, national forest officers see a growing use of the forests and respect for the federal forest policy.

Star Theatre Tonight.

"Wamba, a Child of the Jungle," special feature in two reels. Wamba, a half-breed woman, and her Portuguese husband, Pete, live near a jungle in British East Africa. One day Wamba's child falls sick and she asks her inebriated husband to get Dr. Rice, the surgeon at the British trading post, some miles distant. Pete turns a deaf ear to his wife's pleadings and finally, when he is in a drunken stupor, the sympathetic mother love of Wamba asserts itself and she deserts him. She reaches the doctor's house, where she is kindly received. Pete in the meantime discovers that his wife and child have disappeared and tracks them through the jungle to the doctor's home.

The entire story is too long to relate here and must be seen to be appreciated.

Tonight only. Don't miss it.

Granite and Marble.

New stock just arrived from quarries. All orders promptly filled. Call or send orders to Ashland Marble Works, 117 North Main street. 20-8t MRS. A. H. RUSSELL.

It requires more than a century for a cedar tree to grow large enough to yield a 30-foot telephone pole. The eucalyptus will attain a larger growth in 30 years, and its wood is quite as lasting.

The Christian Sunday school baseball team added one more scalp to their string last Tuesday evening, when they defeated the Congregational team 6 to 2. It was a closely contested game, but the Christians had a little the best of it from the beginning. It was not till the fourth and last inning that the Congregationalists succeeded in crossing the home-plate. The game Friday night between the Congregationalists and the Baptists is the last of the series. On account of darkness coming so much earlier, the game is scheduled to start at 6:15. Players and others please take notice. The game with Grants Pass has been definitely set for Friday, August 29. The hour has not been decided upon as yet, but will be announced later.
