

### Clears Face of Pimples, Blackheads

Wonderful ZEMO Also Stops Terrible Itching AT ONCE; Cures All Skin Troubles.

Get a 25c Bottle of ZEMO Today. "At last! At last! One applicator of ZEMO, the wonderful new treatment, quickly put an end to those awful, humiliating pimples and blackheads. For the first time in months I haven't been ashamed to go out in public." A trial of ZEMO will convince you of its astonishing results in clearing the complexion.

Don't Look this Way When ZEMO Will Cure You of Pimples and Blisters, Surely and Quickly.

ZEMO is a clean, antiseptic solution not a greasy paste or ointment. You simply apply it on the afflicted part—your pimples, blotches and blackheads—all eczema sores and pains, prickly heat, rash, tetter inflamed or reddened skin, all disappear. It also cures dandruff, which is scalp eczema. ZEMO is guaranteed to stop itching immediately. It gives instant relief.

It has had wonderful benefit from your famous ZEMO for the skin. I was cured my face completely." Mrs. E. N. Rugby Place, St. Louis, Mo. Go to any first-class drug store and get a 25c sealed bottle of ZEMO, or write direct on receipt of price by E. W. Rose Medicine Co., St. Louis, Mo.

Sold and guaranteed in Ashland by E. Side Pharmacy, J. J. McNair, Prop.

### Great Interest In Prize Offer

Steadily increasing interest is being taken by the children of the state of Oregon (in fact, of the entire northwest) in the prize offer recently made by the Portland Flouring Mills Company for drawings and rhymes to help advertise the wholesome deliciousness and appetizing goodness of two of their products, Olympic Wheat Hearts and Olympic Pancake Flour.

Already drawings and rhymes are being received in every mail at the Portland office of the company. As a reward for this industry the company is offering each juvenile artist and rhymester the choice of two imported toys, either a wonderful Zip Disk Gun, or a fascinating Magnetic Top.

The Zip Disk Gun is the sensation of 1913. It shoots paper disks 150 feet in the air. The outfit includes and disks. The Magnetic Top is made of metal, highly magnetized, which causes "wrigglers," fish, etc., to perform excruciatingly funny contortions.

There is only one condition to this offer: All drawings and rhymes must be accompanied by three top labels, cut from either Olympic Wheat Hearts or Olympic Pancake Flour packages, or both.

For the benefit of those not acquainted with the fact, it might be well to state here that in Olympic Wheat Hearts and in Olympic Pancake Flour the Portland Flouring Mills Company is now sending out a product which is absolutely free from impurities or germ life of any kind whatsoever, due to improved conditions and an entirely new process of manufacture.

This new process is a simple one, though involving a huge expenditure of money to perfect. The first step was to install a plant on so large a scale that Olympic products may be manufactured in such quantities that orders are filled almost on a moment's notice by converting the raw wheat into Olympic products. This has taken away practically all the time the germ life had in which to win the fight.

To clinch the matter, an elaborate system of sterilization was then installed. Purified by air and without coming in contact with anything that would contaminate them, the manufactured Olympic products are shot into a detached shipping building.

The result is that delicious Olympic products, prepared under ideal conditions, and packed in special sanitary cartons, come to the table the purest, most wholesome food imaginable.

**Sick Headache.**  
Sick headache is nearly always caused by disorders of the stomach. Correct them and the periodic attacks of sick headache will disappear. Mrs. John Bishop of Roseville, Ohio, writes: "About a year ago I was troubled with indigestion and had sick headache that lasted for two or three days at a time. I doctored and tried a number of remedies but nothing helped me until during one of those sick spells a friend advised me to take Chamberlain's Tablets. This medicine relieved me in a short time." For sale by all dealers.

Germany has a paper chimney that is fifty feet high and perfectly fire-proof.

### THE PEOPLE'S FORUM

These columns are dedicated to the people for the discussion of public questions or the diffusion of general information. Articles must be limited to 300 words and name of writer must accompany articles. Sectarian, Partisan or Personal Criticism is prohibited. Opinions expressed here are the expressions of the writers only, and not of the Tidings.

Editor Tidings: We have been in Nebraska nearly two months and have had no occasion to complain about the weather at all. It certainly has been fine. Today we are having a wet Oregon snow. Just quiet and easy like. We are located in the North Platte river valley, a country with an ample supply of water for irrigation. Sugar beets, alfalfa, spuds and livestock are the things that are depended upon here.

I have thought so many times since coming here what a great thing it would be for Ashland and vicinity if they only had more irrigation and a sugar factory. You cannot imagine how much money an industry of this kind brings to the community. This bank alone will pay out \$125,000 to the raisers for the factory people and we have only about one-seventh of their business, as that covers our territory.

We still have a very warm spot in our hearts for Oregon and its people and especially Ashland, but are thoroughly convinced that we are now in a country that has it bested from a financial standpoint, and so far as climate is concerned—well, the people are so busy that they pay little attention to it.

We are getting nicely located and doing as well as could be expected, but are always anxious to hear about Ashland and her people.

Yours truly,  
J. A. SCHOENTHAL.

### Medford Kicks on Tax Levy.

The citizens of Medford are up in arms over the city tax levy of 12 mills on the dollar. The increase is 2.1 mills and is denounced as extravagant, robbery and suggestive of unbusinesslike manners if not of boodling. Meanwhile Ashland's city council has levied a tax of 13.5 mills

### ASHLAND HIGH SCHOOL

Various Notes That Tell of Activities in the Realm of the Three R's.

Superintendent Briscoe taught the physics class Friday afternoon in the absence of Professor Moore, who was unexpectedly called away.

Helen Scott, who commenced school here this term, has now abandoned high school and expects to move to her future home at any time.

The freshmen have followed the example set by the juniors and have challenged the sophomores to a game of football which will be played Tuesday evening at 3:15. Both teams have good material and a good game is expected.

One of the juniors was sorely puzzled Wednesday evening when he tried to figure out some of Fred Garrett's complicated senior signals. We must give the offending one much credit for his near achievement, anyway, now that the game is over.

Professor Sweetser of the University of Oregon delivered his talk on "Bacteria" in the high school gym last Wednesday morning at 11 o'clock. His talk was well illustrated and the pictures showed many things of interest to the students.

Challenges seem to be in the breezes. The girls of the senior and junior classes have been challenged by the sophomore-freshman contingent to a rip-roaring game of basketball and the senior-junior aggregation has accepted. The date has not yet been fixed.

The senior football team practiced Wednesday and the juniors Thursday in preparation for the game Friday. Anyone who had thought the season to be over wouldn't have thought so long could they have heard the mighty signal calls of Garrett and Spencer in their efforts for team work on the above mentioned evenings.

The annual debate try-out was held last Friday afternoon, and although three of the speakers had dropped out of the contest, those remaining endeavored to clinch their places on the team and gave the students an excellent debate. The debaters were William Rebec, Jay Withrow and Billie Briggs for the affirmative and Walter Carpenter for the negative. The judges will render their selections for the first team positions Monday. The debater failing to make a first team position will hold the position of substitute, so that in case of an injury to one of the regular members there will always be a full team on hand.

for the coming year and there is not a word uttered in protest. Medford is demanding to know where her money went. Ashland has not had a financial report printed for months. No report has been made to the public of bills allowed, nor have they even been read in the open council. If 12 mills is robbery and extravagance in Medford what is 13.5 mills in Ashland? The average taxpayer is about taxes like everything else. He is willing to pay the price, but he wants the goods delivered. Are we getting them? TAXPAYER.

### "Society for the Prevention of Useless Giving."

Seattle, Tacoma and other cities in the Puget Sound region have moved in the matter of useless Christmas gifts. This is how Professor Gilmore's daughter, Mrs. F. D. Black, of Seattle, writes him concerning this newly-fledged organization:

"The busy festive season has begun, but as I am a member of the 'S. P. U. G.' and therefore a full-fledged 'Spug' it does not need to bother me. I hope that you will persuade mother to join that worthy organization for the prevention of useless giving and so rescue the beautiful season of commemorating our Saviour's birth from the feverish waste of nervous energy in 'feeding the rich' and leaving the hungry still unfed."

Editor Tidings: Inspectors Meyers and Smith invaded Ashland Monday morning with a crew of men and began without notice to cut the blight out of orchards. There is doubtless necessity for the cutting, but it seems rather high-handed for a squad of men to come into a man's orchard without notice and slash and cut his orchard. ORCHARDIST.

### Phone Trust Must Interchange Calls

Salem, Ore.—The state railroad commission has ordered the Pacific Telephone and Telegraph Company to interchange calls with the Home Telephone and Telegraph Company in the Oregon Hotel at Portland. The order established a precedent in the state and was bitterly contested by the Pacific States company. The hotel, however, will be compelled to pay the Pacific States company 3 1-3 cents on all outgoing calls transferred from Home to Pacific lines in the building.

The order resulted from a complaint filed with the commission by the Wright-Dickinson Company, owners of the Oregon Hotel.

### ASHLAND DRUGGIST DESERVES PRAISE

T. K. Bolton, druggist, deserves praise from Ashland people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler-i-ka. This simple German remedy first became famous by curing appendicitis, and it has now been discovered that A SINGLE DOSE removes sour stomach, gas on the stomach and constipation INSTANTLY.

### Mrs. McClain's Experience With Croup.

"When my boy, Ray, was small he was subject to croup, and I was always alarmed at such times. Chamberlain's Cough Remedy proved far better than any other for this trouble. It always relieved him quickly. I am never without it in the house for I know it is a positive cure for croup," writes Mrs. W. R. McClain, Blairsville, Pa.—For sale by all dealers.
