JUDGE FOR YOURSELF.
Which is Better—Try an Experiment, or Profit By an Ashland Citizen's Experience?

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now supposing you had a bad back. Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from far-away places. It's different when the endorsement come from home. Easy to prove local testimony. Read this Ashland case: A. B. Scofield, 1987 North Main street, Ashland, Ore., says: "Doan's Kidney Pills gave me great relief from a bad attack of kidney disease. I am now free from all symptoms of the trouble." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Scofield had. Russia Wants Apricot Marmalade.
A Russian specialist in agriculture on a recent visit to the fruit-canning plants in California expressed surprise that an apricot marmalade was not made at the canneries, and said that there is an immense demand for this product in Russia. He also gave it as his opinion that much of the dried fruit that is being shipped into Russia from France as a French product is in reality American fruit, repacked in cartons.

URGES STRONG PLATFORM.
Progressive Declarations May Be for National and Statewide Prohibition.

Hon. Fred W. Mears, progressive candidate for congress against Mr. Hawley, urges his party to adopt a party platform embodying the heart, the conscience and aspirations of our people. The following letter from Mr. Mears to the progressive state chairman, A. E. Clark, follows: Medford, Ore., April 27, 1914. Hon. A. E. Clark, Portland, Ore. Dear Mr. Clark: The progressive party is fortunate in having you as chairman of the committee to draft our party platform for the 1914 campaign.

This is a time which calls for our best thought and leadership. I believe that our platform should be a brief, clean-cut statement of our principles. It should embody the conscience, the heart and the aspirations of our people.

First, we should reaffirm our national progressive platform—"Our Covenant with the people." I believe that there should be special planks put in our platform: A national child labor law, national woman suffrage, the Hobson resolution in favor of national prohibition, a minimum wage law, a non-partisan judiciary, free text-books, and state-wide prohibition.

Let us have a ringing declaration in favor of these principles. These principles are right. Let Oregon progressives lead the way.

Every protest against wrong is insuring for the right. Very truly yours, FRED W. MEARS.

Talent Farmer Falls Thirty Feet

H. P. High, a farmer of the Talent district, narrowly escaped death Friday evening when he fell a distance of 30 feet, from the roof of a barn he was shingling, sustaining a badly sprained back and ankle. The fact he fell into a sandy creek bottom that in a measure broke the force of the fall, saved his life.

Mr. High was born and raised in the Rogue River Valley and is well known throughout southern Oregon. He has lived about a year at his present residence.

The injuries received are not serious, but sufficient to confine the victim of the accident for a week or ten days.

FOR CONGRESS

W.C. Hawley

CANDIDATE FOR RENOMINATION at the Republican Direct Primary on Friday, May 15, 1914.

He has gained a high standing and useful experience in congress, which is at the service of every locality in the district.

He freely and gladly does all that can be done for every man, woman and child in the district who makes a request, and has aided thousands.

When congress is not in session he spends the time going over the district learning its needs and the wishes of the people.

Members of the Rivers and Harbors Committee have said that he knows more about the waterways in his district and presents their merits more effectively than any other who appears before them.

FOUR PER CENT OF THE WHOLE amount appropriated in the present rivers and harbors bill is for this district.

He has already secured over \$4,000,000 for waterways, buildings and other public purposes session over 2,000,000 more, which is an average of over \$870,000 per year.

HE IS JUST AS DILIGENT, PERSISTENT AND SUCCESSFUL IN ALL OTHER MATTERS PROMOTING THE WELFARE OF THE PEOPLE AND THE COUNTRY.

A VOTE FOR HIM IS A VOTE FOR A FAITHFUL, INDUSTRIOUS, HONEST, ABLE AND EFFECTIVE PUBLIC SERVANT.

Congress being now in session, he leaves his candidacy in the hands of the voters, to whom he is profoundly grateful, while he serves their interest in Washington.

He will appreciate all that is said and done in his behalf.

T. J. Cleeton

Circuit Judge of Multnomah County, Candidate for the Republican nomination for JUSTICE OF SUPREME COURT, Primary election May 15.

A candidate for one of the four places to be filled at the forthcoming primary election. He stands for a reformed procedure in our courts. His policy has been and will continue to be "Less delay, less technicality, and more justice."

Some of his more important decisions show where he stands. Among these are the minimum wage law, the abatement act, the commission merchants' act, all upheld by him; the tax penalty law, held invalid as to penalties levied on unpaid taxes prior to September 1st. All of these laws are along the lines of progressive legislation and of vital importance to the people. Of the more than four thousand probate and circuit court cases which have gone through Judge Cleeton's court while he has been on the bench, not one has been reversed by the Supreme Court.

Big Agricultural Land Opening

TWELVE HUNDRED AND FIFTY TRACTS of five and ten acres each to be granted to prospective settlers in throwing open Twenty Thousand Acres of Rich Southern Georgia land, which is admirably adapted to the growing of celery, sweet and Irish potatoes, cantaloupes, water melons, corn, oats, cotton, hay—in fact, all staple crops grown in this fertile section, as well as a large variety of semi-tropical fruits, and the famous immensely popular paper-shell pecans.

An Opportunity to Secure Rich Productive Land Without Capital

You will not be required to leave your present surroundings now. All we ask of those to whom we grant tracts is that they plant, or arrange to have planted, a crop of one of the above-mentioned products (harvested and replanted) for grantees, in consideration of 25 per cent of the net profits derived from the sale of the crops, thereby allowing the grantee to pursue his or her present occupation until such time as they determine just what the yield of their acres amounts to. Consider what this may mean as a source of income, when statistics show that the yield of one acre of celery amounted to \$1,268.45, and that one acre of well-cared-for paper-shell pecans, in full bearing, should net its owner as high as \$500.00 per year. We are of the opinion that after it is proven by actual results obtained in operating the land that they will need no further urging, and waste no time in locating in this land of plenty. We also require grantees to occupy the land within ten years, or sell it to some one who will occupy it; otherwise it reverts back to the grantor.

The land included in this opening is located directly on and adjoining the Atlanta, Birmingham & Atlantic Railroad, about twenty-five miles west of Brunswick, a thriving city of fifteen thousand, having direct steamship service to New York and Boston, and excellent railroad transportation facilities to all points. The average temperature for six months of the year, from April to October, is 77 degrees; the climate is most healthful, delightful and invigorating, and there is an ample rainfall of 51 inches per year.

OUR AIM IS FOR MUTUALLY BENEFICIAL RESULTS.

As we are extremely desirous of having settlers locate on this property, and assist in its development, and thereby greatly increase the value of surrounding and intervening property, which we will hold, and to increase the traffic along the Atlanta, Birmingham & Atlantic Railroad, and thus facilitate the service, we feel warranted in granting these tracts to those who register with us. We also have in mind business and residence plots which we will offer for sale after the opening, but which will not be included in it. We have "money-making afterward" considerations in this liberal-
