## BATHING!

### Large Crowds Visit Natatorium

The Ashland mineral springs natatorium is now becoming one of the most popular bathing places in southern Oregon, many people visiting its plunge and tub baths daily.

The Nat plunge is one of the best equipped in the state, having heating and aerating systems in the tank that have no superior. The water in the tank is heated by steam, the two being mixed with a revolving wheel which makes a continuous current around the tank. They have a complete laundry for the suits and are all boiled and dyed by centrifugal force. At the Natatorium one does not get a suit that has been just dipped in water and dried off, without sterilizing.

Another thing which is making the baths popular is the well-known and responsible people that have it in charge. It is under the management of Mr. and Mrs. E. C. Gard, both known as two of Ashland's best and most reliable citizens, and they see that the tank is properly cleaned and cared for. The tank is filled every night and then scrubbed with an antiseptic.

Many people have the mistaken idea that the water in the Natatorium is not all sulphur water. There is not a bit of city water used in either tub or tank baths. The reason people think that there is little sulphur water is on account of the absence of smell and taste. That is merely a characteristic of white sulphur.

Bathe in the white sulphur water at the Natatorium and you will enjoy it immensely. The springs are put there for the benefit of the people and now make use of them. It makes the skin soft and white. Parents should have the children learn to swim, and here they can send them without fear.

### OUTING NEWS.

R. L. Burdick and wife and daughter Hope left Thursday for Crescent City and the coast. Mr. Burdick will engage in buying cattle in that part of the country.

Attorney W. J. Moore returned this week from Lakeview and Klamath county, where he and his wife have been having a very pleasant outing and vacation in their auto. He says that the roads to Lakeview are, at the present time, very rough. He reports that a recent big freeze over in Klamath and Lake counties has killed about one-half the grain.

William Mitchell, E. N. Butler, Lynn Furdin and J. E. Steele returned Wednesday from an outing trip in the latter's auto, going by way of Klamath Falls over the Green Springs road and then on to Crater Lake by way of Fort Klamath and the agency. They say it will be two weeks before autos can get up to the lake. They left here last Sunday. The return trip was made by way of Rogue river and Medford. They did not have any remarkable success at fishing, and biting was poor, unless it was mosquito bites. Rogue river was the best fishing that they struck.

H. E. Badger and sons Horace and Raymond left in their car Thursday for their ranch over the Green Springs road. They expect to be back about Saturday. Later Mr. and Mrs. H. D. Badger will take up their residence on the ranch.

### CHURCH ANNOUNCEMENTS.

Next Sunday at the Congregational church the morning sermon will be the celebration of the Lord's Supper. Special music by the choir, directed by Marie Christian Watkins. At eight o'clock in the evening there will be a sacred concert with the following program:

- Voluntary, Mrs. Drake at the piano, Rev. Stratton at the organ.
- Processional.
- Hymn.
- Anthem, "Jesus Knows It All," Myers, choir with orchestra.
- Solo, "Peace, Troubled Heart," Piusuti, C. H. Willison.
- Scripture lesson.
- Duet, selected, Leslie Schwimley and Donald Dickerson.
- Prayer, pastor.
- Anthem, "My Heart With Love In flame," Fillmore, choir.
- Solo, "Hope Shall Lead Me On," Harold Huntley.
- Male quartet, "Saviour, Comfort Me," Gottschalk.
- Duet, selected, Lloyd Stratton and Harold Huntley.
- Solo, selected, Mrs. J. H. McGee.
- Duet, selected, Mr. and Mrs. R. G. Walker.
- Solo, "Morning and Afternoon," Lloyd Stratton.
- Solo, selected, Marie Christian Watkins.
- Announcements.
- Offertory.
- Anthem, "Hark! Ten Thousand Harps," Wilson, choir.
- Hymn.
- Benediction.
- Postlude.

Since Mr. Browning resigned his work at the Christian church a few weeks ago the report has been circulated that the congregation will dissolve. The church wishes it known that the report is untrue and that it is hoped no further efforts will be made to pull the members to other churches. This congregation will continue to uphold its plea for the New Testament order of Christianity. If a regular pastor does not take up Mr. Browning's work, a supply will be used. It is Mr. Browning's purpose to preach his farewell sermon to the members Sunday morning and have a splendid evangelistic service in the evening. It is hoped that his many friends may take advantage of this last opportunity to hear him. Special music at both services.

At the Baptist church next Sunday there will be Sunday school at ten, morning worship at eleven, the topic of the sermon being "A Lord's Supper Meditation." The Young People's Union will meet at seven, with evening services at eight, the sermon being "The 'Must Needs' of Jesus." The church wishes to call attention to a new institution. Every Sunday morning during the time of the morning worship a kindergarten will be maintained. All the mothers who have hitherto been kept away from church services, because of young children are invited to take advantage of this. Bring your babies and they will be well cared for while you enjoy the worship and the preaching. Arthur R. Blackstone, pastor.

### MONTAGUE ITEMS OF LOCAL INTEREST

Mrs. A. H. Russell, who has been visiting her daughter, Mrs. J. M. Potter, the past week, returned to her home in Ashland Wednesday.

Miss Mabel Russell, the artist of Ashland, Oregon, has established a studio on the editor's claim in The Cedars and will paint Mt. Shasta in its various moods as it appears from that excellent viewpoint.

Mrs. J. N. Terwilliger returned home from Ashland on Monday, where she has been visiting relatives. She was accompanied home by her daughter, Miss Ruby Terwilliger.

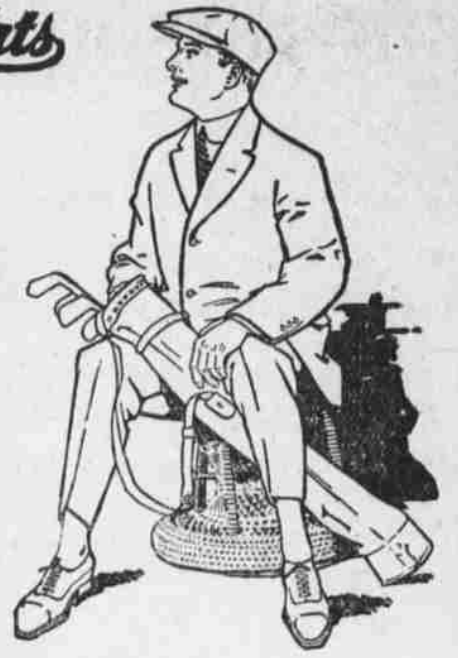

Mrs. John Walbridge, accompanied by Misses Alice Hast and Maria Caldwell and Master John Walbridge, were passengers on number sixteen Tuesday for Ashland, where they will spend the balance of the summer.

A contract for 300 feet of fire hose, with couplings, nozzles, etc., has been let to the Bi-Lateral Fire Hose Company for \$285. The clerk was instructed to inspect hose carts offered for sale by the city of Ashland, Oregon, and to purchase same if price proves satisfactory to the board.

# KEEP KOOL

### A SAFE AND SANE FOURTH

Would you want a safer, saner, longer-lasting, lower-costing celebration than spending the Fourth in a new Michaels-Stern Suit?

Nothing flashy about the prices—\$15 to \$25 is the whole "noise." They're fabricated against "fizzles" and styled against "missfires."

## H. G. ENDERS & SON

"WHERE YOU DO BETTER"

We will be closed all day July Fourth. Open Friday evening till 8 o'clock

World famous Dog Team in Alaskan Photo-play, at the Vining Sunday and Monday

### Commercial Club After New Members

Letters from the Commercial Club signed by President Newcombe and Secretary Seager are being sent out to club members as the first move in a campaign for several hundred new members. The letter says:

"By an overwhelming majority the citizens of Ashland have voted bonds in the sum of \$175,000 and have created a Mineral Springs Water Commission to develop the mineral springs as a municipal enterprise and to establish Ashland as a great health and recreation resort.

"Have you stopped to consider the importance of this project and what it will mean to our city? We all of us agree that these springs are of great value—in fact our biggest asset—and there is no reason why Ashland should not be the greatest health resort in America. If we are going to get the desired results we have got to let the world know about our springs and the other attractions of Ashland.

"The Southern Pacific Company has agreed to do a certain kind of advertising. We must supplement this with advertising of our own. There is no provision in the bond issue for this expense. We, through the Commercial Club, must see that this is done. We must sow the seed before we can reap the harvest, and if we are to reap a bountiful harvest we must not be stingy with the seed.

"We should have a fund of not less than \$7500 to do our work in the manner that it should be done and meet the running expenses of the club. This only means 625 members, each contributing a dollar per month. Is not this the equitable and logical way to raise the money? Surely there are that many people in Ashland interested in the welfare of all of us who can and will contribute this amount. Just a little work by each member of the Commercial Club will easily give us this membership and income. Our membership now numbers some 250. If each member will bring in two applications, just see where it will place us—750 members—\$9000 a year income. We have a Membership Committee and a good one, but just think of a membership committee of 250 members, every one vitally interested. That is your position exactly and we earnestly urge your hearty co-operation and support in this undertaking."

### Flag Pole on The City Hall

A new flag pole is being erected on the city hall by Contractor A. L. Lamb. It is a fine straight pole of the best material and will set off the appearance greatly. It will be up in time for the Fourth and will fly the flag of the United States of America—Old Glory.

### Big Apple Crop Promised

A big apple crop is promised this year if nothing happens to injure the fruit. Forecasts on the market are to the effect that it also will be good. With this it ought to help make the year pick up as regards business and finances in the Rogue valley.
