WHY YOU SHOULD VOTE FOR

BOOTH

Republican Candidate

FOR

United States Senator

Are you better off now than you were under a Republican administration?

Are you satisfied?

If you believe in the principles of the Republican party, if you are convinced that these principles are best for the country, then prove it by voting for your standardbearer, Robert A. Booth, Republican candidate for the United States Senate.

You know that under Republican presidents the people of the United States have good times.

You know that under Democratic presidents you have Democratic times.

Remember the prosperity under McKinley, Roosevelt and Taft.

Remember conditions under Cleveland and Wilson.

The issue in this campaign is not one of personality. It is not one of non-partisanship. It is a question of whether you prefer prosperity under Republican administration.

Do you have work enough? Are your wages good? Is your business what you want it to be?

If you are satisfied with present conditions, well and good; if you believe that the present situation is better than under McKinley, Roosevelt and Taft, you know what to do.

The way to bring back prosperity is to help elect a Republican Senate. The Republican candidate in Oregon is R. A. Booth.

Looking Into Drying Process

M. C. Bressler returned Sunday from Salem, where he has been investigating the new drying system. He brought back with him numerous samples of the product of the machine, and they certainly meet all expectations, leaving the fruit in the most desirable condition. He will keep these samples through the winter, to see if they remain free from worms, and to make sure of their keeping qualities. If the fruit comes up to his expectations he will in all probability erect a dryer in the spring. Of course, this is understood to be merely a prospective undertaking. He has not definitely settled where he wishes the plant to be, but will probably go out of the city limits where taxation is not so great. His plant will handle every conceivable kind of fruit. The estimated cost will be about $15,000.

City Will Look Into Protection

The matter of the state compensation act, with regard to the city's employes, was brought up before the city council Tuesday evening. As little was known regarding the act the matter was referred to the city attorney and the chairman of the fire committee. The state compensation act is a measure which provides for the workingman in a sort of insurance proposition. Each workingman pays in each month 25 cents, if his salary is under $100, or more according to the wages he draws.

City Line Cuts Out Some Houses

As instructed at a previous meeting of the council, City Engineer Walker ran the survey line, defining the boundary of the west side of the city. The city limits were found to come just between Billings' house and barn, cutting off the latter from water. The line runs through several other places with homes now using water, and even cuts through several houses. The matter was referred to the water committee.

Property Limits Will Be Marked

City Engineer Walker was instructed at the Tuesday night council meeting to survey the canyon city property and place substantial monuments so that such limits can be found at any time without the need of a new survey every occasion when it is necessary. At present it is hardly known in some places just where the city property leaves off, and this might occasion much confusion at some future time.

The Tidings is on sale at Poley's drug store, 17 East Main street.

Political Announcements

[Paid. Adv.]

State Senator.

I hereby announce my candidacy for state senator from Jackson county, on the democratic and prohibition tickets. I am out to win. I am for a dry state and for Jackson county. I shall use my best efforts, if elected, to represent this district in an aggressive and acceptable manner.

THOS. E. NICHOLS,
Eagle Point.

Auto Drivers to Smooth Up Road

Local automobile drivers have arranged for a three hours' rally Friday morning from eight to eleven for the purpose of clearing the rocks from Farnum hill at the north edge of Ashland. All auto drivers are urged to devote three hours to the cause. The tools needed are picks, shovels and garden rakes. The hill is reported in bad shape from loose rocks and others partly buried. The promoters of the rally declare that a few hours' work will put it in fine condition. As nothing will be done with this hill by the county this winter the rally is a good idea. Every auto driver should lend his assistance. Others who are willing to help will be welcome. Remember the time—eight to eleven Friday morning. For particulars see F. B. Tracy at the Western Union Telegraph office or A. W. Freeburg.

Olof Lidstrom of the Park Garage went quail hunting Wednesday and had the good fortune to shoot a coyote. He thought he was firing into a bunch of quail but instead brought down another kind of an animal.
